COPPER RANGE CONSOLIDATED CO.

A corporation formed under the laws of New Jersey, December 2, 1901, to acquire the stocks of the Copper Range Co. and the Baltic Mining Co., both Michigan corporations. Details of the plan for this combination were given in the MANUAL for 1905.

The Copper Range Co. was formed under the laws of Michigan in 1899 to construct and own a railroad in the upper Michigan copper mining district and to acquire and develop the mineral lands lying along the line of the road.

The company acquired the rights and franchise of the Northern Michigan Railroad Co., which was reorganized under the title of the Copper Range Railroad Co. The latter company's road extends from Calumet, Mich., to Mass City, Mich., the total mileage with branches being 115 miles.

See below for the capitalization and funded debt of the railroad company.

The Copper Range Co. also owned over 10,000 acres of mineral lands in the Copper Range in Houghton County, Mich.

The Copper Range Co. organized the Champion Copper Co. in 1899, with a capital of $2,500,000, in shares of $25 each, to develop and operate the Champion Mine. The latter is considered one of the most promising copper properties in the district. Four shafts and an extensive system of drifts were commenced in 1900 to open up the mine, which is equipped with modern machinery. One-half of the stock of the Champion Copper Co. was owned by the Copper Range Co., the other half being held by the St. Mary's Canal Mineral Land Co.

The Baltic Mining Co. was formed under the laws of Michigan in 1897. It acquired a copper bearing tract adjoining the Atlantic Mine and developed the same. It has $2,500,000 stock, par $25, of which the Copper Range Consolidated Co. owns practically the entire amount.

In September, 1903, this company acquired control of the Trimountain Mining Co.

Stock.....Par $100..... .....Authorized, $40,000,000.....Issued, $38,413,500

Transfer Agent, American Trust Co., Boston. Registrar, Old Colony Trust Co., Boston.

The first dividend paid by the present company was 1 per cent. quarterly, April 1, 1905, and similar dividends were paid in July, September and December, 1905. In March 1¼ per cent. was paid, the same rate being paid in July. In October, 1906, 1½ per cent. was paid and in December, 1906, 1½ per cent. and ½ per cent. extra. The April, 1, 1907, dividend was also 1½ per cent. and ½ per cent. extra, the same rates being paid in July and October, 1907. In January, 1908, 1 per cent. regular and no extra dividend was paid.

The Copper Range Railroad Co. has an authorized share capital of $5,000,000, of which $4,003,700 has been issued, $1,398,600 being owned by the Copper Range Consolidated Co. The railroad company, in 1899, created a 1st mortgage for $5,000,000, American Trust Co., Boston, trustee, secured by its franchise and property. The bonds are 5 per cent. due, October, 1949, April and October, and were to be issued at the rate of $20,000 per mile on the main line completed and $15,000 per mile on side track and branches. The bonds are $2,025,000 in amount, of which at the end of 1907, $615,000 are in the treasury of the Copper Range Consolidated Co.

CORN PRODUCTS REFINING CO.

A corporation formed under the laws of New Jersey, February 21, 1906. The company was organized to effect a financial reorganization of the Corn Products Co. and to unite the control of that company and of other concerns. See below for details of plan. The company owns $44,032,750 common and $24,980,600 preferred stock of the Corn Products Co., which was a combination in 1902 of the National Starch Co., the Glucose Sugar Refining Co. and other organizations. See statement of the Corn Products Co. in the MANUAL for 1906.

The company acquired, in addition to the stock of the Corn Products Co. and the New York Glucose Co., the entire capital stock of the Warner Sugar Refining Co., Waukegan, Ill., and the St. Louis Syrup Preserving Co. It also controls Corn Products, Limited, a British corporation, and a German company of the same title.

Stock... Par $100....Authorized { com., $50,000,000 / pref., 30,000,000 } Issued { com., $49,218,200 / pref., 28,392,500 } $77,610,700

The preferred stock is 7 per cent., cumulative.

The initial dividend on the preferred stock was 1 per cent., paid in July, 1906, and quarterly dividends of the same amount were also paid in October, 1906, and January, 1907. In April, 1907, paid 4 per cent., making 7 per cent. for the fiscal year. The subsequent quarterly dividends were, however, only 1 per cent. each, until, the April 1908 one, which was 1 per cent. and 1 per cent. extra, making 5 per cent. for the fiscal year.

The plan which was issued January 6, 1906, provided that holders of the $27,380,700 preferred 7 per cent. cumulative and the $45,215,500 common stocks of the Corn Products Co. should deposit their certificates with the Title Guarantee & Trust Co., New York, by February, 1906, and receive negotiable receipts for the same exchangeable for stock of this company of the same class in the proportion of two shares of the new for three shares of the old. The plan was declared operative February 2, 1906.

DETROIT, MACKINAC & MARQUETTE RAILROAD LAND GRANT

Land grant 7 per cent. income bonds to the amount of $4,560,000 were created and issued by the Detroit, Mackinac & Marquette Railroad Co., which about 1881 built a line from St. Ignace, Mich., to Marquette, Mich. The company received from the State of Michigan a land grant of some 1,307,129 acres in the upper peninsula, situated in the counties of Chippewa, Mackinac, Marquette and Schoolcraft. These lands, under certain conditions, were pledged as security for the land grant bonds. The Detroit, Mackinac & Marquette Railroad was sold at foreclosure October 20, 1886, and was acquired and reorganized by the syndicate which constructed the Duluth, South Shore & Atlantic Railway. It now forms part of that system. Under the reorganization the holders of the land grant bonds retained their lien upon the lands.

Land grant income bonds, registered, due October, 1911, April and Oct..... $1,390,000

Under the instrument securing the bonds only 25 per cent. of the proceeds of lands sold were applicable to the payment of interest, the balance being applied to the expenses of the trust and redemption of bonds. Under this provision and the provision for locating land, with bonds, $2,84[illegible],000 of the bonds have been retired by purchase, and $324,000 retired in payment for lands, leaving the above amount outstanding.

Interest payments upon the bonds have been as follows: In 1892, 2 per cent.; in 1893, 2 per cent.; in 1894, 2 per cent.; in 1895, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898, 2 per cent.; in 1899, 2 per cent.; in 1900, 2 per cent.; in 1901, 2 per cent. The payments were semi-annual of 1 per cent. each in April and October at the Central Trust Co., New York. The October, 1902, payment was increased to 1½ per cent. In 1903, the payments were 3½ per cent. each, in April and October, or 7 per cent. for the year. In 1904 and 1905, 7 per cent. was also paid. In April, 1906, paid 3½ per cent., but the October, 1906, rate was 1 per cent. No interest payments were made in 1907. On April 6, 1908, 1 per cent. was paid.

DOMINION COAL CO., LIMITED

A corporation formed under charter of the Province of Nova Scotia, February 1, 1893, to lease and operate bituminous coal deposits on Cape Breton Island. The company has a grant of same for a term of 99 years under a royalty of 12½ cents a ton.

The company owns and operates the Sydney & Louisburg Railway, 40 miles.

On September 30, 1897, the company made a contract for 25 years with the New England Gas & Coke Co., but the contract was superseded by an amended contract for 5 years, commencing November 30, 1902.

It owns extensive shipping facilities and docks at Louisburg, Sydney, Montreal, Quebec, Three Rivers, Halifax, and St. John, N. B., together with 5 steamships, 2 tugs and 5 barges.

In June, 1902, this company was leased to the Dominion Iron & Steel Co., Limited, for 99 years at a rental of $1,600,000 per annum, payable quarterly, and a royalty of 7½c. per ton on all coal mined in excess of 3,500,000 tons per annum. In 1903 this lease was annulled, the coal company paying to the steel company $2,380,000, net, to get immediate possession of its property, with all improvements made during the period of the lease, amounting to $1,600,000, also its liquid assets, etc., and for certain important modifications in the contract for supply of coal to the steel company. This contract calls for from 600,000 to 1,000,000 tons of coal yearly for 92 years at $1.28 per ton, the price being subject to readjustment in 1909 and at the end of every 5 years thereafter. Disputes occurred over the contract, resulting in litigation, which in January, 1908, was decided in favor of the Iron & Steel Co. by the lower courts.

The coal output of this company has been as follows in the years ending February 28: 1900, 1,739,374 tons; 1901, 2,044,877 tons; 1902, 2,651,263 tons, and for the calendar year 1902, 3,174,277 tons; 1903, 3,147,766 tons; 1904, 3,023,522 tons; 1905, 3,189,657 tons; 1906, 3,552,746 tons; 1907, 3,541,253 tons.

The preferred stock has a cumulative preference of 7 per cent., and at any time within five years from May 1, 1905, can be exchanged at the holder's option for common stock at par, but the company can redeem the preferred stock after May 1, 1910, at 125 and accrued dividends. The company had $3,000,000 of 8 per cent. preferred stock which was called and paid off May 1, 1905, at 115, a syndicate having at that time subscribed for the $3,000,000 of new preferred at 115.

Transfer Agents, American Trust Co., Boston; Royal Trust Co., Montreal; National Trust Co., Toronto. Registrar, The New England Trust Co., Boston.

The dividends on the old 8 per cent. preferred stock were regularly paid, 4 per cent. semi-annually, in January and July. The first dividend on the new 7 per cent. preferred was 3½ per cent. semi-annual, August 1, 1905, and similar dividends have since been paid in February and August.

Dividends on the common stock, under the lease, were 8 per cent. per annum, 2 per cent. quarterly, the dividend periods being January (1), April, July and October. In 1903, the dividends paid in January, April and July were 2 per cent. each, paid out of the rental. In January, 1904, 3 per cent. for the half year was paid on the common out of earnings. After that no dividends were paid on the common until April 2, 1907, when payments were resumed at the rate of 1 per cent. quarterly or 4 per cent per annum, which has since been the regular rate.

FUNDED DEBT

1st mort., 5 per cent., due May, 1940, May and Nov..... $5,000,000

The first mortgage 5 per cent. bonds were created in 1905. The authorized issue is $7,000,000. The amount outstanding was sold to a syndicate and with the proceeds the company retired its old issue of $2,435,000 of 6 per cent. mortgage bonds and discharged its floating debt. Additional 5 per cent. bonds can only be sold for improvements up to 75 per cent. of the cost of same. After May 1, 1910, they can be retired on thirty days' notice at 105 and interest. A sinking fund commences in 1911, bonds to be drawn at 105.

DOMINION IRON & STEEL CO., LIMITED

A corporation formed under the laws of Nova Scotia, June 22, 1899. The company has established large iron and steel plants at Sydney, Cape Breton, with a capacity of from 1,000 to 1,200 tons of steel per day. The company has 700 acres of land at Sydney and other real estate. In addition to the steel mills the plant comprises four blast furnaces with a capacity of 1,000 tons daily and 500 coke ovens producing 1,600 tons of coke per day. The company also owns extensive iron ore properties at Belle Island, Newfoundland. Construction was begun in the summer of 1899, and the furnaces and other departments began operating in the early part of 1901. The rail mill, with a capacity of 800 tons of steel rails per day, was completed in June, 1905.

This company made a contract with the Dominion Coal Co. by which the latter agreed to supply it with coal at $1.24 per ton for its requirements. In June, 1902, this company leased the Dominion Coal Co. for 99 years. This lease was annulled in 1903, the coal company paying this company $2,635,000 for its advances, and a new contract was made for the supply of coal for 92 years. Disputes and litigation having arisen, a temporary contract was made in December, 1906, for two years between the two companies. See statement of Dominion Coal Co., Limited, above in regard to the present state of the litigation. On December 31, 1907, the Iron & Steel Co.'s claims against the Coal Co. amounted to some $2,900,000.

THE EQUITABLE ILLUMINATING GAS LIGHT CO. OF PHILADELPHIA

A corporation formed in 1898 under the auspices of The United Gas Improvement Co., to take assignment of the lease of the gas works of Philadelphia from the City to The United Gas Improvement Co., and to operate the same. The lease terminates in 1928, but the City had the right to terminate the lease in 1907 if it repaid the company for improvements. This option not having been exercised, the lease continues for the full term. Propositions for an extension of the lease were submitted in 1905 but were withdrawn by the company.

Stock....Par $100 ....Authorized { com., $3,125,000 / pref., 3,125,000 } Issued { com., $3,125,000 / pref., 3,125,000 } $6,250,000

The preferred stock is 6 per cent. Stock is transferred at the office of the company, Philadelphia. Registrar, Fidelity Trust Co., Philadelphia.

The bulk of the stock is held by The United Gas Improvement Co., which purchases the gas manufactured by this company on terms sufficient to provide for interest and sinking funds for the bonds.

The company paid 4 per cent. on the preferred stock in December, 1898, and 6 per cent. per annum, or semi-annual dividends of 3 per cent. each in June and December since that date. On the common, yearly dividends of 6 per cent. have been paid each year from 1899 to 1907, both inclusive.

FUNDED DEBT

1st mort., 5 per cent., due Jan., 1928, redeemable 1908, Jan. and July..... $6,023,000

The 1st mortgage bonds, New York Trust Co., trustee, are due in 1928, but are redeemable at 105 in 1908 if the City exercises its option to terminate the lease on payment for improvements and interest on their cost. The bonds can also be drawn for the sinking fund at 105 and interest. Sinking fund is $124,000 per annum plus interest on all bonds bought by the sinking fund. In 1928 the gas works will revert to the City, without payment, when all bonds will have been retired.

The preferred stock is 6 per cent., cumulative.

Stock is transferred at the office of the company, New York. Registrar, Title Guarantee & Trust Co., New York.

The company began the payment of dividends on its preferred stock July 1, 1899, and has since regularly paid 1½ per cent. quarterly, in January, April, July and October.

In February, 1900, the company began the payment of dividends at the rate of 4 per cent. on the common stock, payable 1 per cent., quarterly, March (1), June, September and December, the dividends for 1901 and 1902 being on that basis. On February 18, 1903, a dividend of 5 per cent. on the common stock out of the earnings of 1902 was declared, payable quarterly during 1903. It was, however, decided to pay no dividends on the common stock in 1904 and 1905, the intention being to devote surplus earnings to the extension of the company's business. On March 7, 1906, however, a dividend of 2 per cent. was paid on the common, and a like amount on September 1, 1906. The dividends paid in 1907 were the same as to amounts and periods. The dividend paid March 2, 1908, was, however, 1 per cent.

GENERAL ELECTRIC CO.

A corporation formed under the laws of New York, April 15, 1892, to combine the interests of the Edison General Electric and Thomson-Houston Electric Companies. The company owns all the stock of those corporations. It has works at Schenectady, N. Y.; Lynn, Mass., and Harrison, N. J., for manufacturing machinery and electric supplies. In 1901 the company bought a controlling interest in the British Thomson-Houston Co., Limited. In 1902 the Sprague Electric Co. was acquired. In 1903 it obtained control of the Stanley Electric Manufacturing Co. This company owns the entire stock of the Electrical Securities Corporation, organized in 1904 as a financing corporation. See statement of the latter company. The Electric Bond & Share Co. is also controlled.

Stock.....Par $100.....Authorized, $80,000,000.....Issued, $65,167,400

The company had $2,551,000 preferred stock, which was 7 per cent., cumulative, but had no preference as to assets, all of which has been retired. In July, 1900, it was decided to increase the common stock, then $18,276,000, by the issue of $4,415,000 to retire the $5,298,000 outstanding 5 per cent. debentures. See below. In 1901 the common stock was increased to $45,000,000 and the preferred stock was exchanged for common, share for share. In 1904 the stockholders received the privilege of subscribing at par for 10 per cent. of their holdings in new stock, the amount issued being $4,381,200. In December, 1905, the authorized stock was increased from $48,325,500 to $60,000,000, and $6,034,000 of the new stock was subscribed for at par by the stockholders to the extent of 12½ per cent. of their holdings. In November, 1906, a

further increase of the authorized stock to $80,000,000 was voted and $10,861,200 was offered at par to stockholders in the proportion of 1 share of new for each 5 shares of old stock, the payments for which were made half on January 16, 1907, and half on April 16, 1907.

Transfer Agents, Farmers' Loan & Trust Co., New York; American Trust Co., Boston. Registrars, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

Last dividend paid on the old preferred stock was 3½ per cent., July 1, 1893; on common, 2 per cent., quarterly, August 1, 1893. The November, 1893, dividend was passed.

Payments on account of the back preferred dividends (on the amount of old stock) were: November 15, 1898, 11⅔ per cent.; December 22, 1898, 17½ per cent.; January 31, 1899, 11⅔ per cent.; March 8, 1899, 19.05⅔ per cent., completing the entire amount of back dividends.

On August 17, 1899, the payment of regular half-yearly dividends of 3½ per cent. on the preferred stock were resumed, and were paid regularly while the preferred was outstanding in January (31) and July. Dividends on the common stock were resumed by the payment of 1¾ per cent. July 15, 1899, and were continued quarterly at the same rate until October 15, 1900, when 2 per cent. was paid, putting the stock on an 8 per cent. basis, which has been the regular rate since then. The January, 1901, dividend was 2 per cent. regular and 1 per cent. extra. Dividends on the common are paid quarterly, January (15), April, July and October.

The stock was originally $4,252,000 7 per cent., cumulative, preferred stock and $30,468,000 common. The dividends on preferred were unpaid from July 1, 1893, to August, 1898, amounting to $1,527,885. In 1898 it was decided to charge off the debit to the company's profit and loss and impairment of capital by a reduction of the stock, making it three-fifths of the old amount. Resolution to this effect was adopted by the stockholders on August 17, 1898. Old stock was exchanged on this basis for the new. There was objection and litigation on part of the old preferred stockholders, but this was settled, and during the autumn and winter of 1898 payment of the accumulated back dividends was liquidated. On July 15, 1902, a stock dividend of 66⅔ per cent. was paid, a compensation for the surrender of stock in 1898, the amount of new stock thus distributed being $16,812,600.

Convertible debentures, 5 per cent., due June, 1917, June and Dec	13,000,000
Total	$15,047,000

The 3½ per cent. debentures are $2,500,000 authorized and were issued in 1902, being given in exchange for the stock of the Sprague Electric Co. They are redeemable within ten years at par and afterwards at 105.

In 1897 company purchased $750,000 of its 5 per cent. old convertible debentures of 1902, leaving amount outstanding $8,000,000, and during 1898 $2,300,000 more were retired. At the beginning of 1906 all of the old convertible debentures had been retired except $55,000.

In July, 1907, stockholders subscribed for $13,000,000 new 5 per cent. convertible debentures at par, payments to be made 50 per cent. July 20, 1907, and 50 per cent. January 20, 1908. The new debentures are convertible into stock at par after June 1, 1911, and are redeemable after that date at 105.

GEORGIA RAILWAY & ELECTRIC CO.

A corporation formed under the laws of Georgia, January 28, 1902. It is a consolidation of the following companies:

Atlanta Railway & Power Co.
Atlanta Rapid Transit Co.
Georgia Electric Light Co.
Atlanta Steam Co.

The company controls the street railway, electric light, power and steam-heating facilities of the City of Atlanta and Fulton County, Ga., and has a contract with the City for street lighting for five years, beginning in April, 1908. Its railway system comprises 161 miles of track. By

the terms of the ordinance granted by the City of Atlanta the company paid $50,000 in cash to the municipality, and agreed to pay a tax of 1 per cent. on its gross receipts for the first three years, 2 per cent. for the next twenty years and 3 per cent. thereafter. The company obtains some electric power from the plant of the Atlanta Water & Electric Power Co., which was completed in 1904.

In July, 1903, this company acquired control of the Atlanta Gas Light Co. It also owns the stock of the Atlanta Northern Railway Co., an electric line from Atlanta to Marietta, Ga., of which fifteen miles is owned and three miles is trackage on the city track of this company.

GREAT NORTHERN IRON ORE PROPERTIES.

A trust created under an agreement dated December 7, 1906, between the Great Northern Railway Co. and the Lake Superior Co., Limited (a subsidiary and controlled organization of the Great Northern Railway Co.), whereby control of certain iron ore lands and other properties, title to which had been held by the Lake Superior Co., Limited, and of which a large part were subsequently leased to the Great Western Mining Co. (a subsidiary company of the United States Steel Corporation), was transferred to trustees to be held for the benefit of the stockholders of the Great Northern Railway Co., of record December 6, 1906, or their assigns. In October, 1906, it was announced that the owners of the $150,000,000 share capital of the Great Northern Railway Co., of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate of one share of said certificates (the same having no par value), for each $100 share of Great Northern Railway stock they held. See separate statement of the Great Northern Railway Co., in the Railroad Section of the MANUAL. See below for the terms of lease of the ore lands.

Certificates of ben. interest...Par (none)...Authorized, 1,500,000 shares...Issued 1,495,720 shares.

Certificates are transferred at the office of the Trustees, 32 Nassau street, New York.

The first dividend was $1 per share paid September 16, 1907. A second dividend, also $1 per share, was payable March 16, 1908.

The iron ore lands covered by the trust agreement and the lease comprise an extensive acreage in the northern portion of Minnesota. The lease provides that the lessee shall mine and ship from the properties a minimum of 750,000 tons of ore in the year 1907, and that the amount shall increase by 750,000 tons each year until it reaches 8,250,000 tons, the annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. Under the lease, the royalty to be paid for the ore is $1.65 per gross ton for ore containing 59 per cent. of metallic iron, the royalty to be increased or decreased on a fixed scale, as the ore may be higher or lower in grade than the above percentage of iron. The royalty of $1.65 per ton applies to ore mined and shipped in 1907, and the base price increases at the rate of 3 4-10 cents per ton each succeeding year. The lease of the ore properties to the Great Western Mining Co. is guaranteed by the United States Steel Corporation.

GREENE CANANEA COPPER CO.

THE GREENE CONSOLIDATED COPPER CO.

CANANEA CENTRAL COPPER CO.

A corporation formed under the laws of Minnesota December, 26, 1906. The company was organized to acquire the stocks of the Greene Consolidated Copper Co., and the Cananea Central Copper Co., in accordance with a plan formed in December, 1906, and formally submitted to the stockholders of the companies involved by a circular of February 15, 1907. See below for details of the plan, also the subjoined statements of the constituent companies. It was stated that the corporate existence of the latter would be maintained until all their stock had been voluntarily exchanged for stock of this company.

In November, 1907, it was announced that the company's mines would be closed down for the time being.

Stock.....Par $20.....Authorized, $60,000,000.....Issued, $50,000,000

The stock is full paid and non-assessable. The amount given as issued is that applicable under the plan for the acquisition of the constituent companies' stocks.

Transfer Agents, New York Trust Co., New York; City Trust Co., Boston. Registrars, Bankers Trust Co., New York; State Street Trust Co., Boston.

Under the plan, holders of the $10,000,000 stock of the Greene Consolidated Copper Co., of the par value of $10 per share, were offered in exchange for each share thereof, 1⅕ shares of Greene Cananea stock.

Holders of the $6,000,000 stock of the Cananea Central Copper Co., of the par value of $10 per share, were offered in exchange for each share thereof 1⅗ shares of Greene Cananea stock.

The agents for making the exchange for both stocks were the New York Trust Co., New York, and the City Trust Co., Boston. The deposits to commence March 1, 1907, the offer terminating April 1, 1907, but was extended indefinitely. It was provided that where a depositor would become entitled to a fractional amount of the new stock, the exchange agents would either sell a sufficient fraction to make up a full share, or purchase the fractional amount from the holder, in either case upon the basis of the market quotation on the date of the exchange.

The first annual report, covering the year 1907, showed receipts, $125,012; cash balance, December 31, 1907, $11,328.

THE GREENE CONSOLIDATED COPPER CO.—A corporation formed under the laws of West Virginia in 1899. The company is the owner of a large copper mining property at Cananea, Sonora, Mexico, and controls a subsidiary and operating organization, the Cananea Consolidated Copper Co. The property comprises over 10,000 acres. The mines are fully developed, large ore bodies having been opened up. The company has a smelter with a daily capacity of 1,500 tons, with large concentrating plants, etc., with 11 miles of narrow gauge railroad track connecting the mines and smelters, and owns 52 kilometers of standard gauge. The total product in 1901 was 28,826,854 pounds of copper; in 1902, 38,268,407 pounds; in the year ending July 31, 1903, the output was 42,310,544 pounds of copper; in 1903-04, 55,014,339 pounds; in 1904-05, 63,005,848 pounds, and in 1905-06, 55,943,739 pounds.

In 1904 control of the Rio Grande, Sierra Madre & Pacific Railroad Co. was acquired by interests identified with this company. In 1906, this company acquired $7,650,000, or 51 per cent. of the $15,000,000 stock of the Sierra Madre Land and Lumber Co., which controls 2,325,000 acres of timber land.

In 1905-06, this company added largely to its mineral land holdings, and in July, 1906, sold 4,000 acres to the Cananea Central Copper Co., for $2,000,000 in full paid stock, for $10 per share of the latter. This stock it is stated was sold for $4,000,000 to parties connected with the formation of the Greene-Cananea Copper Co.

In 1906, arrangements were made to combine this company and the Cananea Central Copper Co., through an exchange of their stocks for that of the Greene Cananea Copper Co.. Under date of February 15, 1907, stockholders of this company were invited to exchange each share par value $10, for 1½ shares of Greene Cananea stock par value $20, deposit for exchange to commence March 1, 1907. Agents for the exchange and depositaries under this plan, New York Trust Co., New York, and City Trust Co., Boston.

See statement of the Greene Cananea Copper Co., above.

HOUSTON OIL CO. OF TEXAS

A corporation formed under the laws of Texas in July, 1901. The purposes of the company are to acquire, deal in and develop oil and lumber lands in Texas. The company acquired about 1,000,000 acres of oil and timber lands in the Beaumont region of Eastern Texas. The company also had about 100 oil wells in the Corsicana, Tex., field and has a large interest in the Higgins Oil & Fuel Co. It contracted to sell to the Kirby Lumber Company about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards, to be paid for semi-annually. This contract was assigned to the Maryland Trust Company, Baltimore, as trustee, which company issued $7,025,000 of 6 per cent. certificates of beneficial interest in said contract, redeemable in February and August instalments of each year. These certificates were guaranteed by this company and secured by a mortgage on its property. The February, 1904, instalment of the timber certificates and interest were defaulted, and in the same month both this company and the Kirby Lumber Company were placed in the hands of Receivers.

Stock..Par $100...Authorized { com., $20,000,000 ; pref., 10,000,000 } Issued { com., $20,000,000 ; pref., 9,753,600 } $29,753,600

Stock is transferred at the office of the company, New York.

Of the above described certificates of beneficial interest, the series maturing up to August 1, 1907, have been paid off leaving $5,135,000 outstanding. The coupons due August 1, 1905, were paid in January, 1906. The coupon due February 1, 1908, was paid at maturity. See statement of the Kirby Lumber Co.

In February, 1904, a committee, George W. Young, New York, Chairman, invited holders of the timber certificates to deposit them with the United States Mortgage & Trust Co., New York, under a protective agreement. A committee, J. S. Bache, New York, Chairman, represents the stockholders.

In August, 1905, it was stated that a reorganization plan had been agreed upon, under which a new company, to be called the Southwestern Development Co., would be formed with an authorized capital consisting of $20,000,000 common and $12,000,000 6 per cent. cumulative stock, together with $1,500,000 1st mortgage 5 per cent. 10 year bonds and $2,500,000 income bonds. The execution of the plan was, however, delayed, but it was reported in the early part of 1908, that a settlement of the pending difficulties was under consideration.

HUDSON & MANHATTAN RAILROAD CO.

A corporation formed under the laws of New York, December 5, 1906, The company is a consolidation of the Hudson & Manhattan Railroad Co., a New York corporation formed March 20, 1903, with the New York & Jersey Railroad Co., a New York corporation formed February 11, 1902. Previous to the above consolidation the Hoboken & Manhattan Railroad Co. a New Jersey corporation, had been merged with the Hudson & Manhattan Railroad Co. Separate statements of the old Hudson & Manhattan and of the New York & Jersey Railroad Co. were given in the MANUAL for 1906.

The Hudson Companies financed the consolidation and the construction of the tunnels. See below for separate statement of the company in question.

The company was organized to construct and operate electrically equipped tunnels for passenger service under the Hudson River from Jersey City and Hoboken to New York, with subways and terminals in the latter city. On February 25, 1908, the first section, consisting of twin tubes from Hoboken to Morton street, New York, and thence to 6th avenue and 19th street, New York, was formally opened, the distance being about 3 miles. The second section, consisting

of twin tubes extends from Jersey City to Cortlandt and Church streets, New York, where large terminal and office buildings are being constructed. The office buildings were ready for occupancy in April, 1908, among the prominent tenants being the United States Post Office Department, Erie Railroad Co., Southern Railway Co., American Bridge Co., Carnegie Steel Co., General Electric Co., American Locomotive Co. and American Steel & Wire Co. The first or northern section is being extended up 6th avenue, New York, to a terminal station at 32d street, with branch to a connection with the New York Interborough Rapid Transit subway at 9th street and 4th avenue. The entire system will be completed during 1908. The two lines will also be connected by a subway in Jersey City and Hoboken and connections made with the various railway terminals in those cities, as well as with the surface traction lines in New Jersey. The company has a 500-year contract with the Pennsylvania Railroad Co. to handle the latter's downtown traffic between New York and Jersey City and will, with that company, operate a joint service between Newark, N. J., and New York City.

Stock..Par $100....Authorized { com., $40,000,000 / pref., 10,000,000 } Issued { com., $40,000,000 / pref., 5,250,000 } $45,250,000

The preferred stock is 5 per cent. non-cumulative and after July 1, 1911, it is convertible into common at 110 for the latter.

Transfer Agents, Harvey Fisk & Sons, 62 Cedar street, New York.

HUDSON RIVER ELECTRIC POWER CO.

A corporation organized under the laws of New York, December 27, 1903. The company controls, through stock ownership, the Hudson River Water Power Co., Hudson River Electric Co. and Hudson River Power Transmission Co., together with various sub-companies owned by the last two named, altogether constituting a group of properties under one ownership, exclusively supplying Central and Eastern New York State with electrical power.

The company owns a masonry dam at Spier Falls, 90 feet high and 1,600 feet in length, which furnishes a minimum of 25,000 horse-power in the dryest portion of the year and up to 50,000 horse-power at other times. The power house adjoins the dam, from which transmission lines convey the current to Albany, Troy, Saratoga, Schenectady, Watervliet, Ballston, Fort Edward, Glens Falls, Sandy Hill, Amsterdam, and other points. At Utica the company owns and operates an auxiliary steam turbine station of 10,000 horse power capacity, which will be connected with the Spier Falls water-power generating plant, the latter supplying power from its surplus flow two-thirds of the year leaving the steam plant to maintain the higher load through the remaining summer months. Contracts for power are in operation with the Utica & Mohawk Street Valley Railway, the traction operating company of the New York Central & Hudson River Railroad Co., the General Electric Co., at Schenectady, the United Traction Co., supplying street railway facilities to Troy and Albany, the lighting companies of the same cities and with various users of power.

ILLINOIS BRICK CO.

A corporation formed under the laws of Illinois, March, 1900, to engage in the manufacture and sale of brick. The company acquired 32 brick-making plants in Cook County, Ill., and vicinity, and has facilities for making upwards of 750,000,000 bricks annually.

Stock.....Par $100.....Authorized, $4,000,000.....Issued $4,000,000

Stock is transferred at the office of the company, Chicago. Registrar, American Trust & Savings Bank, Chicago.

The company's authorized stock consisted of $5,000,000 common, and $4,000,000 6 per cent. cumulative preferred, of which $4,350,500 common and $3,550,500 preferred was issued and outstanding.

In January, 1905, it was proposed to reduce the company's stock to $4,000,000, all of one class. The plan included the cancellation of the treasury stock, the purchase at $60 per share of $125,300 preferred stock and its cancellation, and an exchange of the old stocks remaining for the new, the preferred dollar for dollar and the common on the basis of six shares of old for one of the new stock. This plan was ratified in May, 1905, and carried out.

For the nine months of 1900, after the formation of the company, a dividend of 4½ per cent. was paid on the old preferred stock in April, 1901. In November and December, 1901, paid 3 per cent. each, or 6 per cent. for that year. In November and December, 1902, paid 3 per cent. each, or 6 per cent. for that year. No dividends were paid in 1903. In July, 1904, October, 1904, and December, 1904, dividends of 2 per cent. were paid, making 6 per cent. for the year. In April, 1905, 2 per cent. was again paid on the old preferred stock.

The first dividend on the $4,000,000 of new stock was 1½ per cent., paid July 15, 1905, and similar dividends were paid October 15, 1905, January 15, 1906, and April 19, 1906. The July, 1906, dividend was, however, not paid. In October, 1906, 1 per cent. was paid, which was also the rate of subsequent quarterly dividends to January 15, 1908, inclusive.

The company's earnings in 1907 were $105,394. On December 31, 1907, the total surplus was $176,239.

INTERBOROUGH-METROPOLITAN CO.

A corporation formed under the laws of New York, January 24, 1906. The company was formed in pursuance of the plan for a combination of the subway, elevated and surface traction interests in New York City represented by the Interborough Rapid Transit Co., including its leased property, the Manhattan Railway Co. and the Metropolitan Securities Co., the Metropolitan Street Railway Co. and the New York City Railway Co. See separate statements of those companies. For terms of merger and the exchange of the above companies' stocks for the securities of this company, see below. The plan became effective in March, 1906.

The system controlled by this company comprised on December 31, 1907, the following:

	Miles
Interborough Rapid Transit (Subway).....	72.48
Manhattan (Elevated) Railway.....	118.05
Surface Lines controlled by Interborough Rapid Transit.....	154.03
New York City Railway and subsidary companies.....	519.46
Total...	864.02

At the end of 1907, this company had acquired the following amounts of the constituent companies' stocks:

	Total Amount	Amount Acquired
Interborough Rapid Transit Co.	$35,000,000	$33,912,500
Metropolitan Street Railway Co.	52,000,000	42,740,000

The preferred stock is 5 per cent. cumulative, and has a preference as to assets. Dividends are payable quarterly on January (1), April, July and October The preferred cannot be increased without the consent of two thirds in amount of its holders, and no stock having prior rights can be created. The preferred has no voting power except in the event of a default in the payment of dividends and as long as such default shall continue.

All the common stock was deposited in a voting trust for a term of years, subject to dissolution at the discretion of the trustees. Voting Trustees, August Belmont, Walter G. Oakman, Thomas F. Ryan, Cornelius Vanderbilt and Peter A. B. Widener.

On July 2, 1906, the first quarterly dividend of 1¼ per cent. was made on the preferred stock, and like payments were made in October, 1906, and in January, April and July, 1907, after which dividends ceased.

FUNDED DEBT

Collateral trust 50 year gold bonds, 4½ per cent., due April, 1956, Apr. and Oct...	$67,825,000
Collateral 3-year notes, 5 per cent., due July, 1910, January and July	2,445,000
Extended 6 per cent. notes, due May, 1908	2,100,000
Total	$72,370,000

The 4½ per cent. collateral trust bonds are to be secured by the deposit with the Windsor Trust Co., New York, trustee of all the stock of the Interborough Rapid Transit Co. acquired by this company under the plan given below, there being $100 par value of stock against each $200 par value of the bonds. Coupon and registered bonds are interchangeable. Interest is paid at the Windsor Trust Co., New York.

The 5 per cent., collateral notes were authorized in May, 1907, for $15,000,000, to be secured by stocks of companies in the Metropolitan Street Railway system. The object of the issue was to retire the short term 6 per cent. notes and provide for extensions and improvements.

On January 26, 1906, a committee composed of Edward J. Berwind, Chairman, John D. Crimmins, Andrew Freedman, Thomas P. Fowler, Gardiner M. Lane and Cornelius Vanderbilt, called for deposit with the Morton Trust Co., New York, on or before March 1, 1906, of the stocks of the Interborough Rapid Transit Co. (voting trust certificates), the Metropolitan Street Railway Co. and the Metropolitan Securities Co. to be exchanged for the securities of this company on the following terms:

1. The Interborough Rapid Transit Co.'s stock (voting trust certificates), $35,000,000 in amount to receive per each $100 share $200 in new collateral trust 4½ per cent. bonds and $99 in new common stock (voting trust certificates).

2. The Metropolitan Street Railway Co.'s stock, $52,000,000 in amount, to receive for each $100 share $100 in new preferred stock and $55 in new common stock (voting trust certificates).

3. The Metropolitan Securities Co.'s stock, $30,000,000 par value in amount, 75 per cent. paid in, to receive for each $100 share $93.50 in new common stock (voting trust certificates).

The committee's circular states that August Belmont & Co., New York, had agreed to subscribe and pay for in cash $3,000,000 of the new preferred stock and that the same firm was also to receive $8,700,000 of new common stock on payment by it of $2,250,000 cash, the firm also undertaking to pay all expenses connected with the execution of the plan and the issue of the new securities.

The distribution of the company's securities under the plan, assuming that all the old stocks are exchanged, is as follows:

	New com.	New pfd.	New 4½ p.c. bonds
For Interborough Rapid Transit stock	$34,650,000	.....	$70,000,000
For Metropolitan Street Railway stock	28,600,000	$52,000,000	.....
For Metropolitan Securities stock	28,050,000	.....	.....
For cash (see above)	8,700,000	3,000,000	.....
Totals	$100,000,000	$55,000,000	$70,000,000

INTERBOROUGH RAPID TRANSIT CO.

(Controlled by Interborough-Metropolitan Co.)

A corporation formed under the laws of New York, May 6, 1902. The company was organized to operate the Rapid Transit Subway in New York City. It acquired all the stock of the Rapid Transit Subway Construction Co. The latter company was a New York corporation, formed in February, 1900. A full statement regarding it was given in the MANUAL for 1902. The Rapid Transit Subway Construction Co. took an assignment of the contract awarded by the Rapid Transit Commission and the Municipality of New York in 1900 to John B. McDonald for the construction and operation of a subway in that city.

The subway is a four-track line of road, operated by electricity, extending from the City Hall via Park avenue and 42d street and Broadway to 103d street, with two-track extensions, partly viaduct, to Kingsbridge and to Bronx Park. A further extension was also contracted for from the City Hall southward to the Battery and thence by tunnel under the East River to the Borough Hall Brooklyn and to a connection with the Long Island Railroad at Atlantic avenue, 2½ miles. The section of the road from City Hall, to as far as 145th street on the west side, was opened October 27, 1904, the line to Kingsbridge being nearly completed in February, 1906, and the east side extension, as far as 145th street, on November 23, 1904, and in July, 1905, to West Farms. The part of the southern extension, from City Hall to the Battery, was also opened in July, 1905. The tunnel to Borough Hall, Brooklyn was completed and opened for traffic in January, 1908. Total of the subway lines operated, 72.88 miles.

The company, in 1904, acquired control of the New York & Queens County Railway Co., owning all its capital stock, this system including 74½ miles of electric surface lines in Long Island City. It is also joint owner with the Long Island Railroad Co. of the New York & Long Island Traction Co., 30 miles, and the Long Island Electric Co. See separate statements of the New York & Queens County Railway, and New York & Long Island Traction Co's. The surface lines controlled aggregate, 154.03 miles of track. The New York & Long Island Railroad Co., which is building a tunnel from 42d street and 4th avenue, Manhattan, to Long Island City, is controlled. This work was nearly completed in February, 1908, when it was stated that negotiations for its sale to the City of New York were in progress.

In January, 1903, this company leased the Manhattan (elevated) Railway Co. See below.

The arrangement with the City, under the contract entered into in January, 1900, which contract was assigned to the Rapid Transit Subway Construction Co., included provisions that the City should issue bonds to the amount of $35,000,000 to pay for the construction of the tunnel, and that the contractor should give a bond of $5,000,000 for the construction and equipment of the road and a continuing bond of $1,000,000, four and a half years being allowed for the completion of the work. Under the terms of the agreement the contractor is to have a lease of the road for fifty years, with the right to renew the same for twenty-five years additional. The rental provided for is the amount of interest paid by the City on its bonds, issued for the purpose, including interest during construction, and in addition 1 per cent. per annum on such cost of construction, there being provisions in regard to an increase of the rental when the gross earnings of the property exceed $5,000,000 per annum. In case of a renewal for twenty-five years, the rental shall be not less than the average amount paid by the company for the last ten years of the original lease.

The company is to provide and pay for the electrical equipment, rolling stock and other accessories of the road, the estimated cost of which was about $20,000,000.

The arrangement in connection with the construction of the line between the City Hall, Manhattan, and Atlantic avenue, Brooklyn, was that the company shall build the same for $3,000,000, supplied by the City, but this part of the work will cost considerably more than that sum.

The bonds created by the City in connection with the construction of the subway are both 3 per cent. and 3½ per cent., and issued as the work progressed, payments by the City to the con-

tractor being made by instalments as the work progresses. In October, 1907, $48,394,050 of City bonds had been issued.

In December, 1902, the company made a lease of the property of the Manhattan Railway Co. for 999 years, from April 1, 1903. The rental under the lease is 6 per cent. per annum on the stock of the Manhattan Railway Co. from the date of the lease to January 1, 1906, and 1 per cent. additional if earned. After January 1, 1906, the rental will be 7 per cent. per annum on the stock of the leased company. See the separate statement of the Manhattan Railway Co. in this edition of the MANUAL.

Stock.....Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

At the end of 1907, the Interborough-Metropolitan Co. held $33,912,500 of this company's stock. See statement of the company in question above.

Transfer Agent, August Belmont & Co., New York. Registrar, Guaranty Trust Co., New York.

Of the stock authorized and outstanding, $13,600,000 was originally full paid. The balance was paid in instalments, the last of which was due June 1, 1903. All the stock is now full paid. See below for the terms under which the company's stock was increased.

All the stock of the company is held in a voting trust, the trustees being E. Mora Davison, B. Hamburger and Charles B. Ludlow.

The 1st dividend paid on the stock was 2 per cent., July 1, 1904. On January 2, 1905, 3 per cent. was paid. These dividends, it was understood, represented surplus profits derived from the lease of the Manhattan Railway Co. In January, 1905, it was announced that dividends would henceforth be paid quarterly, and the dividend paid April 4, 1905, was 1¾ per cent. quarterly. The July, 1905, dividend was, however, 2 per cent., which was also the rate paid in October, 1905, and January and April, 1906. The July, 1906, and subsequent quarterly dividends have been 2¼ per cent each.

The Rapid Transit Subway Construction Co. had $6,000,000 of stock, all common shares. On this, in May, 1902, 60 per cent. had been paid in in cash. It was then determined to form another company to complete and operate the subway, and the Interborough Rapid Transit Co. was organized to carry out the plan with an authorized capital of $25,000,000.

When the present company was formed the $6,000,000 of stock of the Rapid Transit Subway Construction Co. was exchanged for 160 per cent. of its face, or $9,600,000 in full-paid stock of the Interborough Rapid Transit Co. The stockholders of the Rapid Transit Subway Construction Co. were also given the right to subscribe for 150 per cent. of their original holdings in Interborough Rapid Transit stock at par, being $9,000,000 of the latter, subscriptions being payable in instalments..

In August, 1902, the authorized stock of the Interborough Rapid Transit Co. was increased from $25,000,000 to $35,000,000 in order to provide for the construction of the subway extension from the City Hall, Manhattan, to Atlantic avenue, Brooklyn. The additional stock, as well as the amount of the original authorized stock ($6,400,000), which remained unissued when the company was formed, were also, it is understood, subscribed for by the stockholders.

FUNDED DEBT

Gold notes, 4 per cent., due May, 1908, May and Nov	$15,000,000
Three year notes, 5 per cent., due March, 1910, March and Sept	10,000,000

The stock was originally $120,000,000 all common. In January, 1906, a proposition was submitted for dividing the stock into $60,000,000 of common and $60,000,000 7 per cent. cumulative preferred stock, the latter to carry dividends from February 15, 1907. The arrangement in carrying this out was that for each 2 shares of the old stock, holders would receive 1 share of new preferred and 1 share of new common.

The articles of incorporation originally provided that if an increase of stock shall be voted such increase shall be common stock, while the original stock will become 6 per cent. cumulative preferred. The stock is held in a voting trust, the trustees of which are George W. Perkins, Charles Deering and Cyrus H. McCormick.

The first dividend on the stock of the company was 3 per cent., paid November 10, 1903. A second dividend of 4 per cent. was paid November 10, 1904, and 4 per cent. was also paid November 10, 1905, and November 12, 1906. No dividends in 1907.

The net earnings of the company, deducting amounts set aside for depreciation, are stated to have been as follows: in 1903, $5,641,181; in 1904, $5,709,712; in 1905, $7,501,585; in 1906, (partly estimated) $8,622,446.

INTERNATIONAL MERCANTILE MARINE CO.

A corporation formed under the laws of New Jersey, June 6, 1893, under the title of the International Navigation Co., the name having been changed to the present style in 1902. The International Navigation Co. owned and operated the American and the Red Star lines of steamships. See statement of the company given in the MANUAL for 1902. This change of name, together with an accompanying increase in the capitalization of the company, was in pursuance of a plan to unite the ownership of a number of the principal companies carrying on a transatlantic steamship service. The plan was financed by a syndicate of American and British capitalists headed by J. P. Morgan & Co., New York.

The properties acquired included: 1. All the shares, being 750 in number of £1,000 each of the Oceanic Steam Navigation Co., Limited, together with new vessels building for that company and all rights in the White Star Line, name, etc.; also the business of Ismay, Imrie & Co., agents of the line, excluding certain properties and rights reserved.

2. All the shares of the Dominion Line (the British & North Atlantic Steam Navigation Co., Limited, and the Mississippi & Dominion Steamship Co., Limited), including all new vessels building, name and good-will; also the business, etc., of Richards, Mills & Co., agents of the line, except certain properties and rights specified.

3. The capital stock, properties and assets of the International Navigation Co. (American and Red Star lines), including new vessels building.

4. The capital stock and property of the Atlantic Transport Co., Limited, and Atlantic Transport Co. of West Va., including new vessels building.

5. 118,463 ordinary shares and 58,703 preference shares of Frederick Leyland & Co., Limited, viz., £1,184,630, out of a total of 120,000 shares of the common stock, also £587,030 of the £1,414,350 preferred stock, but none of the 4 per cent. debentures.

The White Star Line and the Dominion Line were to be taken over as of January 1, 1901, with interest on the purchase prices at 5 per cent. to the date of payment.

The tonnage of all the lines acquired aggregates about 1,000,000 tons. The constituent properties were taken over on December 1, 1902.

A feature of the agreements entered into for the acquisition of the White Star Line properties was that all orders for new vessels and for heavy repairs, requiring to be done at a shipyard of the United Kingdom, were to be given to Harland & Wolff, of Belfast, Ireland, but that this should not prevent placing orders for new steamers and repairs at shipyards in the United States. In return, Harland & Wolff agreed not to build ships for any persons not in the combination, except the Hamburg-American Co., so long as orders from the combination keep their works employed. Harland & Wolff are to be paid the cost of the work plus 5 per cent. on new ships, 10 per cent. on new machinery in old vessels, and 15 per cent. on repairs. This agreement runs for ten years and is terminable thereafter only on five years' notice from either party.

The company entered into a contract with the British Government, for 20 years, renewable on five years' notice by either party, according to the terms of which the British vessels belonging to companies acquired by this company, shall remain British. A majority of the directors of the English subsidiary companies shall be of British nationality, the vessels shall fly the British flag, their officers are to be British, and a reasonable proportion of their crews are to be drawn from the same nation.

At the beginning of 1906 the company's fleet comprised 126 steamships in service, with tugs, barges and other floating equipment. Its steamers represented a gross tonnage of 997,145 tons. There were also 3 steamships building with 66,124 tons capacity.

Stock....Par $100..Authorized { com., $60,000,000 / pref., 60,000,000 } Issued { com., $49,921,800 / pref., 51,731,000 } $101,652,800

The preferred stock is 6 per cent., cumulative. It is provided that dividends upon the common stock of the company shall be limited to 10 per cent. per annum as long as any of the collateral trust debenture 4½ per cent. bonds described below remain outstanding.

Transfer Agents, Hudson Trust Co., Hoboken, N. J. J. P. Morgan & Co., New York.

All but a small amount of the stocks are held in a voting trust, which was renewed in 1907, until October 1, 1912, unless it is terminated sooner by the trustees, the latter comprising J. Pierpont Morgan, Charles Steele, J. Bruce Ismay, Peter A. B. Widener and Lord Pirrie.

Derby Silver Co., Derby, Conn.
Simpson Nickel Silver Co., Wallingford, Conn.
Simpson, Hall, Miller & Co., Wallingford, Conn.
Middletown Plate Co., Middletown, Conn.
Ontario Silver Co., Ltd., Niagara Falls, Ont.

The four last-named concerns were acquired after the organization of the company. The company acquired the trade-marks, etc., of all these establishments.

In 1902 negotiations were begun between this company and the United States Silver Corporation, and early in 1903 control of the latter organization was obtained. C. Rogers & Brothers,

Meriden, Conn., which was controlled by the United States Silver Corporation, also passed under the control of this company.

Stock....Par $100...Authorized { com., $11,000,000 / pref., 9,000,000 } Issued { com., $9,944,700 / pref., 6,607,500 } $16,552,200

The preferred stock is 7 per cent., cumulative. In January, 1903, $1,500,000 additional of preferred stock was issued for the acquisition of the United States Silver Corporation. Transfer Agent, American Exchange National Bank, New York. Registrar, New York Trust Co., New York.

The payment of dividends on the preferred stock was commenced in 1900, a quarterly dividend on the preferred of 1¾ per cent. being declared, payable April 1, 1900, but no other dividends were paid in 1900 or 1901. On January 1, 1902, 1 per cent. was paid on the preferred, and subsequent quarterly payments were on that basis, the dividend periods being January (1), April, July and October. The quarterly dividend paid April 1, 1907, was increased to 1½ per cent. placing the stock on a 6 per cent. basis, but the April, 1908, dividend was reduced to 1 per cent. placing the stock on a 4 per cent. annual basis. There was 21¼ per cent. of unpaid cumulative dividends on the preferred on January 1, 1903, and it was decided to settle the claims of the preferred stock by an issue of non-interest-bearing scrip for the amount of the unpaid dividends, the scrip being retirable at the company's option. There is $1,085,343 of the scrip outstanding. On March 1, 1907, an extra dividend of 1 per cent. was paid and on April 1, 1907, 1½ per cent.

INTERNATIONAL STEAM PUMP CO.

A corporation formed under the laws of New Jersey, March 24, 1899. The company is a consolidation of several large establishments engaged in the manufacture of steam pumps for all purposes. The plants acquired outright by ownership of at least two-thirds of their stocks embrace the following: Henry R. Worthington Co., New York, and Harrison, N. J.; Blake & Knowles Steam Pump Works, Limited, East Cambridge, Mass.; Deane Steam Pump Works, Holyoke, Mass.; Laidlaw-Dunn-Gordon Co., Cincinnati, O.; Snow Steam Pump Works, Buffalo, N. Y.; Holly Manufacturing Co., Buffalo, N. Y., and the Clayton Air Compressor Works.

The above concerns make 90 per cent. of the steam pumps produced in the United States.

In May, 1906, the entire stock of the Power & Mining Machinery Co., consisting of $1,500,000 common and $2,000,000 8 per cent. cumulative preferred, was acquired from interests identified with the American Smelting & Refining Co. See below.

Stock..Par $100..Authorized { com., $24,000,000 / pref., 15,000,000 } Issued { com., $17,762,500 / pref., 11,350,000 } $29,112,500

The preferred stock is 6 per cent., cumulative. Transfer Agent, Trust Co. of America, New York. Windsor Trust Co., New York.

Of the preferred stock a sufficient amount is set aside to retire the $2,000,000, 7 per cent. cumulative preference stock of the Henry R. Worthington Co. and the $1,500,000, 6 per cent. debentures and $500,000, 8 per cent. preference shares of the Blake & Knowles Co.

In May, 1906, the authorized common stock was increased from $18,500,000 to $24,000,000, and the preferred from $12,500,000 in connection with the acquisition of the Power & Mining Machinery Co. In payment for that company's stocks this company issued $5,500,000 additional common and $2,500,000 additional preferred stock.

The payment of quarterly dividends of 1¼ per cent. on the preferred stock began August 1, 1899, and have been paid regularly at that rate in February (1), May, August and November. A dividend of 4 per cent. on the common was declared out of the earnings of the year ending March 31, 1901, payment to be in quarterly instalments, beginning July 1, 1901, and the same rate was declared for 1902 and 1903, the dividend periods for the common stock being January (3), April, July and October. In 1904, 1 per cent. was paid in January, April and July, but the October, 1904, dividend on the common was ½ per cent. and ½ per cent. was also paid in January, 1905, and April, 1905, but the July, 1905, dividend was passed, and none has since been paid.

Funded Debt

Convertible debentures, 6 per cent., due Jan., 1913, Jan. and July..... $3,500,000

The convertible debentures are $3,500,000, and were created in December, 1902, to provide for extensions and improvements. They can be converted into common stock at par. In January, 1903, the stockholders were given the right to subscribe for $2,500,000 of these bonds. Trustee and agent for the payment of interest, Trust Co. of America, New York.

There are also $700,000 5 per cent. 1st mortgage bonds of the Holly Manufacturing Co. due January, 1921, January and July.

KINGS COUNTY ELECTRIC LIGHT & POWER CO.

A corporation formed under the laws of New York, June 26, 1890. It obtained its franchise from the City of Brooklyn by resolution of the City Council, adopted June 11, 1894. The company was reorganized in 1897. It controls practically all the electric current plants in the Borough of Brooklyn. It acquired the entire stock of the Edison Electric Illuminating Co. of Brooklyn, for which company see MANUAL for 1898. The Edison Electric Illuminating Co. acquired the Citizens' Electric Illuminating Co. in 1895, and in 1898 the Municipal Electric Light Co. The present company has erected a large power station at the foot of Gold street, Brooklyn.

Stock.....Par $100.....Authorized, $10,000,000.....Issued, $10,000,000

Stock is transferred by the Secretary of the company, Brooklyn, N. Y. Registrar, Central Trust Co., New York.

In July, 1905, the authorized stock was increased from $5,000,000 to $10,000,000, and stockholders were offered the right to subscribe at par for $3,200,000 new stock, payable on or before March 1, 1906, making the amount issued $8,200,000. In November, 1906, stockholders were given the right to subscribe for the remaining $1,800,000 stock at par, payable March 1, 1907, making the amount issued $10,000,000.

The company paid an inital dividend of 1½ per cent., quarterly, June 1, 1900, and similar dividends were subsequently paid quarterly in March, June, September and December, until June 1, 1903, when the rate was 2 per cent. for the quarter, or 8 per cent. per annum, which has since been the regular rate.

FUNDED DEBT

1st mort., gold, 5 per cent., due Oct., 1937, April and Oct.....	$2,500,000
Purchase-money mort., 6 per cent., due Oct., 1997, April and Oct.....	5,176,000

The purchase-money bonds are secured by the deposit with the Central Trust Co., New York, trustee, of the Edison Illuminating Electric Co. shares acquired, a fund of $1,000,000 cash invested in securities being also held by the trustee for the protection of the purchase-money bonds.

The Edison Electric Illuminating consolidated mortgage was authorized in 1898, originally of $5,000,000 at 5 per cent. It was, at the time of the sale of its stock to the Kings County Co., increased to $10,000,000, authorized, at 4 per cent., and $2,000,000 was sold, being to pay for the stock of the Municipal Co. Of the remainder, $1,875,000 was reserved to retire the $1,500,000 of Edison 1st 5s, at 110 in 1900, the Edison stockholders having the right to subscribe for the bonds devoted to this purpose at 88. The balance of the issue may be used to provide for the company's future capital requirements. In 1900, $2,275,000 of the consols were sold, of which $1,875,000 were to retire the Edison 1st mortgage bonds, and $400,000 to provide for extending the Edison Co.'s business.

The trustees of the mortgages and agents for the payment of interest on the different bond issues are as follows:

KIRBY LUMBER CO.

A corporation formed under the laws of Texas in July, 1901. The company owns and operates about 15 saw-mills in the lumber region of Eastern Texas. It purchased some 8,000,000,000 feet of standing timber from the Houston Oil Co., of Texas, on stumpage contracts and it is closely identified with that company. In 1902 it acquired additional timber lands. See below regarding the receivership, etc. Also see statement of the Houston Oil Co., of Texas, for details concerning the relations between the two companies and the issue of timber certificates created in connection with the contracts referred to above.

Stock....Par $100.....Authorized { com., $5,000,000 / pref., 5,000,000 } Issued { com., $5,000,000 / pref., 5,000,000 } $10,000,000

The preferred stock is 7 per cent., cumulative. Transfer Agent, Planters & Mechanics Bank, Houston, Tex.

The Houston Oil Co., of Texas, having failed to deliver the 8,000,000,000 feet of timber which it had sold the Kirby Lumber Co. and further payments by the latter company on account of its contract to purchase same having been refused until the timber was furnished, the Maryland Trust Co., to which the timber payments had been assigned, brought suit in February, 1904, in the United States Court for the Southern District of Texas and Receivers were appointed for both the Houston Oil Co., of Texas, and the Kirby Lumber Co. Payments of interest and principal of the certificates have been made from time to time by the Receivers. See statement of the Houston Oil Co.

In February, 1904, a committee, George W. Young, New York, Chairman, invited the deposit of the timber certificates with the United States Mortgage & Trust Co., New York, under a protective agreement. In February, 1908, it was reported that a settlement of disputes was under negotiation.

THE KNICKERBOCKER ICE CO.

A corporation formed under the laws of Illinois in 1885. Under its charter the company is authorized to deal in ice, building material and merchandise, and to manufacture wagons, tools and machinery. In 1898 the company acquired practically all the ice organizations in and about the city of Chicago, Ill. Its property consists of 39 parcels of land in Chicago, with improvements valued at $1,879,328, property in Illinois, Wisconsin and Indiana, comprising 75 parcels of land, about 3,785 acres, with 87 ice plants and buildings and improvements.

In December, 1906, Thomas, Maclay & Co., New York, announced that they had agreed to sell to the Western Ice Co. a majority of the stock of this company. In a circular dated December 17, 1906, they offered holders of Knickerbocker Ice Co. stock the privilege of selling their holdings on the following terms: for each share of Knickerbocker preferred $90 in Western Ice general and collateral bonds and $25 in Western Ice stock; for each share of Knickerbocker common $80 in the Western Ice bonds and $45 in the latter's stock. Certain stockholders objecting to the above plan a protective committee was formed to represent the Knickerbocker Ice Co. shareholders, J. N. Wallace, New York, Chairman, F. C. Randall, 54 Wall street, New York, Secretary. This committee instituted legal proceedings and in February, 1907, procured a temporary injunction. In September, 1907, an arrangement was made by the committee whereby the stockholders they represented were to receive 95 for the preferred and 66 for the common. Payments under this arrangement were deferred and in February, 1908 it was reported that the arrangement in question might not be completed.

Stock....Par $100.....Authorized { com., $4,000,000 / pref. 3,000,000 } Issued { com., $4,000,000 / pref., 3,000,000 } $7,000,000

The preferred stock is 6 per cent., cumulative, and is convertible into common stock, share for share, and has no priority as to liquidation of the company's assets. Both classes of stock have equal voting power.

Transfer Agents, Walston H. Brown & Bros., 40 Wall street, New York. Registrars, Central Trust Co., New York; Northern Trust Co., Chicago.

Dividends of 6 per cent. are paid on the preferred stock, payments being 3 per cent. each, in January and July. The company formerly paid 1 per cent. quarterly on the common stock, but suspended such dividends in July, 1900. In November, 1906, 4 per cent. was, however, paid on the common stock, but none since.

LACLEDE GASLIGHT CO.

A corporation formed by a special Act of the Legislature of Missouri, March 2, 1857. Its charter is perpetual, and confers upon the company the perpetual right to use the streets of St. Louis for its pipes and any appliance for conducting a substitute for gas. In 1889 the company secured control of all the other gas organizations in that city. Its plants have a capacity of about 6,000,000 feet per day, with about 420 miles of street mains, 65,500 consumers' meters and 8,000 lamp services and lamp posts. The company also owns and operates a large electric light and power plant.

In March, 1903, control of this company was acquired by the North American Co., which controls practically all the other gas and electric properties in St. Louis. In January, 1905, it was announced that the North American Co. had arranged to acquire the remaining outstanding stock of this company. See the former company's statement.

Stock...Par $100....Authorized { com., $17,500,000 / pref., 2,500,000 } Issued { com., $8,500,000 / pref., 2,500,000 } $11,000,000

The preferred stock is 5 per cent., cumulative. The common stock was increased from $7,000,000 to $8,500,000 in 1900, and in 1904 a further increase of $9,000,000 was made in the authorized amount.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The dividend of February 8, 1898, on preferred cleared off the cumulative dividends on preferred. The dividends on the preferred are paid semi-annually, 2½ per cent. each, in June (15) and December. The company began paying dividends on its common with one of 1½ per cent., semi-annual, in February, 1898, and it continued such payments on the common at the rate of 3 per cent. per annum in 1898 and 1899. In March, 1900, the semi-annual rate was increased to 2 per cent., putting the common on a 4 per cent. basis. The semi-annual dividends on the common were in March (15) and December, but in 1904 the payments were made quarterly of 1 per cent. each, beginning June 1 of that year. The dividend paid March 15, 1905, was increased to 1¼ per cent. or 5 per cent. per annum, which has since been the regular rate.

THE LAKE SUPERIOR CORPORATION

A corporation formed under the laws of New Jersey, May 19, 1904. The company succeeded the Consolidated Lake Superior Co., which was reorganized under the plan referred to below. It acquired, either directly or through a subsidiary Canadian organization, all the capital stock of the various companies owning and operating manufactories and other enterprises in or about Sault Ste. Marie, Ontario, the different companies being as follows:

Algoma Central & Hudson Bay Railway Co.	Lake Superior Power Co.
Manitoulin & North Shore Railway Co.	International Transit Co.
Algoma Commercial Company, Limited.	Trans St. Mary's Traction Co.
Algoma Iron Works.	Tagona Water & Light Co.
British-America Express Co.	Sault Ste. Marie Pulp & Paper Co.
Algoma Steel Company, Limited.	Michigan Lake Superior Power Co.

The properties include a steel works and rail mill, blast furnaces, nickel works, machine shops and foundries, wood-pulp mills, saw mills, car shops, electric light and power plants, iron and nickel ore mines and two water-power canals. The Algoma Central & Hudson Bay Railway Co. and the Manitoulin & North Shore Railway, which are controlled, comprise 106 miles of road, and the company also has nine ore, freight and passenger steamships.

Income mort., 5 per cent., due Oct., 1924, Oct	3,000,000
Total	$11,921,000

There are also underlying bonds of constituent properties amounting to $1,013,572. The Michigan Lake Superior Power Co., has $3,500,000 of 5 per cent. bonds due May, 1949, May and November, which, however, are not an obligation of the parent company.

The 1st collateral trust mortgage is for $10,000,000, and is secured by all the property of the company and its equity in the collateral deposited for the $2,000,000 two-year notes of the Canadian Improvement Co. hereafter referred to. On June 30, 1907, $1,079,000 of the bonds were in the company's treasury and $345,000 was held as a fund for extension of The Algoma & Hudson Bay Railway.

In December, 1902, a syndicate formed by Speyer & Co., New York, advanced $5,250,000 to the Consolidated Lake Superior Co. to pay off its floating debt and provide for immediate requirements, the company's holdings of stocks of subsidiary organizations being deposited as collateral for the loan. In September, 1903, a Receiver was appointed. In December, 1903, the securities, held as security by the syndicate loan of $5,250,000, were sold and bought in by Speyer & Co. Further negotiations ensued, and in March, 1904, an agreement was reached and a plan of reorganization submitted. The plan was underwritten by the Canadian Improvement Co., which secured from the Province of Ontario a guaranty of a loan of $2,000,000 for two years at 5 per cent., to secure which the Provincial Government required that there should be deposited with the trustee all the stocks and bonds of the Algoma Central & Hudson Bay Railway Co. and the Manitoulin & North Shore Railway Co., to be held until the payment of the notes at their maturity, May 1, 1906, when they revert to the trustee of the new company's mortgage bonds. The Provincial Government also received as additional security the amount of bonds, income bonds and stock of the new company, to which the sum of $2,000,000 would be entitled under the underwriting of the plan. One half of the $2,000,000 loan guaranteed by the Ontario Government was paid in May, 1906 and the remaining $1,000,000 with the guaranty thereon extended until April 1, 1908. The Canadian Improvement Co. furnished the new company with a cash working capital of $1,000,000.

The depositary under the plan was the Fidelity Trust Co., Philadelphia, and the terms on which the old stockholders participated in the reorganization were as follows: The old preferred stockholders, on payment of a cash assessment of $3 per share, or $300 on each 100 shares of preferred, received $300 in new income bonds and $5,000, or 50 shares of the new company's stock; the old common stockholders, on payment of a cash assessment of $3 per share, or $300 on 100 shares of common, received $300 in new income bonds and $2,500, or 25 shares of new stock. The plan, being declared operative, was carried into effect in May, 1904.

The preferred stock is 4 per cent., cumulative. Stock is transferred at the office of the ıpany, New York. Registrar, American Exchange National Bank, New York.

The first dividend on the preferred stock was 1 per cent., paid April 10, 1904, and quarterly idends of 1 per cent. each have since been paid regularly, the dividend periods being January April, July and October. The first dividend on the common stock was a semi-annual pay- nt of 1 per cent., January 10, 1905, and similar payments were made in July, 1905, and ıuary, 1906. In July, 1906, a quarterly dividend of 1 per cent. was paid which has since been regular rate, the dividend periods being January, April, July and October.

The income of the subordinate companies is largely in excess of the amount required to pay dividends, but it is the policy of The Mackay Companies to obtain from the subordinate ınpanies only enough money to meet the dividends of The Mackay Companies' shares, all plus earnings being left in the treasuries of the subordinate companies for extensions and the velopment of the business and the increase of reserves.

MANHATTAN RAILWAY CO.

(Leased to Interborough Rapid Transit Co.)

A corporation formed November 24, 1875. Road owned, 37¾ miles of double-track elevated road in Manhattan and Bronx Boroughs, New York City. In 1901–02 the road was equipped with electric power. Passenger cars, 1,469; service cars, 40.

By a merger agreement, which was ratified August 1, 1884, new stock was issued for the $13,000,000 of Manhattan stock then outstanding, and $6,500,000 each of Metropolitan and New York Elevated Railroad stocks, on the basis of 85 for Manhattan, 120 for New York and 110 for Metropolitan. The present company assumed all liabilities and obligations of the consolidated lines.

In December, 1902, this road was leased to the Interborough Rapid Transit Co. for 999 years from April 1, 1903. The rental was 6 per cent. per annum on the stock from April 1, 1903, until January 1, 1906, with 1 per cent. extra if earned. After the latter date the dividends was to be 7 per cent. on the stock of the leased road.

Stock.....Par $100.....Authorized, $60,000,000.....Issued, $60,000,000

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

The stock of the company was originally $26,000,000, authorized. In 1891, $4,000,000 new stock was issued for the acquisition of the Suburban Rapid Transit line. On February 1, 1899, it was decided to install electric power instead of steam, and $18,000,000 new stock was authorized to meet the expenses of the change of power. Stockholders were offered the privilege of subscribing for the additional stock at par to the extent of 60 per cent. of their holdings. Prior to the lease to the Interborough Rapid Transit Co., the stock was increased to $60,000,000, and $7,200,000 of the same was offered to the stockholders at par, being 15 per cent. of their original holdings. It is provided under the lease that the remaining $4,800,000 of stock could be issued after January, 1906, the proceeds to be applied to improvements. This amount of stock was sold at auction in New York on November 28, 1906, at from $141 to $143 per share, raising the issued stock to $60,000,000.

Dividends on the stock are quarterly in January, April, July and October. The January, 1903, dividend was increased from 1 per cent. to 1½ per cent. The April, 1903, dividend was increased to 1¾ per cent. for the quarter, with an extra dividend of 1 per cent. out of the surplus revenue of nine months of the current fiscal year. The quarterly dividends for the remainder of 1903, were 1½ per cent. each. In 1904, 7 per cent. was paid, the January, 1905, dividend being 1¼ per cent. and ¾ per cent. extra for the nine months ending December 31, 1904. The quarterly dividends thereafter have been 1¼ per cent. See above concerning dividends guaranteed under the lease.

MASSACHUSETTS ELECTRIC COMPANIES

A voluntary association organized in Massachusetts in 1899. The association is managed by a board of fifteen trustees, who hold title to its assets. The declaration of trust contains provision against the creation of any indebtedness whereby shareholders can become personally liable. The association acquired through ownership of all or a majority of their stock, thirty-six railway and electric lighting companies in Massachusetts, New Hampshire and Rhode Island. The trustees have, however, procured the merger of many of these companies, so that their number, has been reduced to the following:

Boston & Northern Street Railway Co.
Old Colony Street Railway Co.
Hyde Park Electric Light Co.

The following companies are controlled through lease:

Boston & Chelsea Street Railway Co.
Boston & Revere Electric Street Railway Co.
East Middlesex Street Railway Co.
Winnisimmet (Street) Railroad Co.
Nashua Street Railway Co.
Newport & Fall River Street Railway Co.

The companies which are owned have a total share capital of $19,042,900, practically all being held by the trustees of this organization. They comprise 882 miles of track, of which 63 miles are leased. Their power stations have an aggregate capacity of 53,410 horse power.

The organization since its formation has provided a large amount of cash to extinguish the floating debts of the various companies and to improve the properties, and has, by consolidation of various companies it controls and in other ways, economized their expenses and increased their earnings. The aggregate funded debt of the companies owned on September 30, 1907, was $17,882,000. In 1903 the Boston Elevated Railway Co. leased the portion of the Old Colony Street Railway in the city of Boston for 99 years at an annual rental of 6⅛ per cent. on an appraised value of $353,000. In 1904 this company acquired and took over the Georgetown, Rowley & Ipswich Street Railway Co. and the Haverhill, Georgetown & Danvers Street Railway Co., and in 1906, the Lowell & Woburn Steeet Railway Co.

In 1902, $5,500,000 of new preferred stock was issued and sold to provide for improvements and new construction.

The shares are in the form of certificates issued by the trustees and representing proportionate participation in the organization. The preferred shares are 4 per cent., cumulative.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, American Trust Co., Boston.

The first dividend on the preferred shares was 2 per cent., semi-annual, paid December 1, 1899. A second dividend of 2 per cent. was paid June 1, 1900. In December, 1900, the dividend period was changed to January and July, and 2½ per cent. was paid on the preferred January 1, 1901; 2 per cent. was subsequently paid on the preferred, in July (1) and January, until January 1, 1905, when the dividend was passed, and none has since been paid.

MERGENTHALER LINOTYPE CO.

A corporation formed under the laws of New York, December 16, 1895. The company is successor to the Mergenthaler Linotype Co. of New Jersey, which had a capital of $5,000,000, and which was a consolidation of several smaller companies. The company owns the patents covering the linotype machine, which does away with the ordinary printer's type and with the old processes of composition and distribution in printing. These machines are now in general use throughout this country. The company has a large factory in Brooklyn, N. Y., for the manufacture of the machines, and both sells and leases them to printers and newspapers.

METROPOLITAN SECURITIES CO.

A corporation formed under the laws of New York, February 14, 1902. The purpose of the company was to acquire, own or sell the securities of other companies. It owns all the stock of the New York City Railway Co., originally the Interurban Street Railway Co., which is $20,000,000 authorized and $9,361,500 issued, to which company the Metropolitan Street Railway Company's system of roads was leased for 999 years, from February 14, 1902. See statement of the latter company. This company also acquired holdings (the amount of which is not definitely known), of the stock of the Third Avenue Railroad Co.

This company has acquired the stock of the New York, Westchester & Connecticut Railway and the People's Traction Co.

In September, 1907, Adrian H. Joline and Douglas Robinson, New York were appointed Receivers of the New York City Railway Co.

In January, 1906, a plan was formulated whereby this company's stock was to be sold to the Interborough-Metropolitan Co. See statement of the latter company. Under the terms of the plan Metropolitan Securities stock, 75 per cent. paid, was to be exhanged for 93⅓ per cent. of its face in common stock of the Interborough-Metropolitan Co. At the close of 1907 the Interborough-Metropolitan Co. had acquired $29,373,100 of this company's stock.

Up to January, 1903, the entire stock had been subscribed, and there was paid in on the stock $25 per share at the inception of the company, a second payment of $25 being called and paid June 10, 1903, making the stock $50 paid. In connection with the merger and sale of this company's stock to the Interborough-Metropolitan Co. it was provided that this stock should be 75 per cent. paid, and a further call of 25 per cent. was accordingly made, payable January 30, 1906.

Transfer Agent, R. L. Anderton, Jr., 621 Broadway, New York. Registrar, Mercantile Trust Co., New York.

The plan for the formation of this company provided that the property of the Metropolitan Street Railway should be leased to the Interurban Street Railway, the latter to assume the fixed charges of the Metropolitan Street Railway Co. and guarantee dividends of 7 per cent. per annum on the entire amount of the capital stock. The stockholders of the Metropolitan Street Railway Co. were given the right to buy $23,400,000 of the stock of the Metropolitan Securities Co. at par. This company agreed to pay $23,000,000 cash into the treasury of the Interurban Street Railway Co., receiving in return stock of the Interurban Street Railway Co. at par and debentures bearing interest at a rate not exceeding 4 per cent. per annum.

The New York City Railway Co. has 10-year 3 per cent. notes outstanding to the amount of $1,761,000 and loans and bills payable December 31, 1906, $10,865,000.

METROPOLITAN STREET RAILWAY CO.

NEW YORK CITY RAILWAY CO., LESSEE

On October 1, 1907, Adrian H. Joline, New York and Douglas Robinson, New York, who had previously been made Receivers of the New York City Railway Co., were appointed by the United States Circuit Court, Receivers of the Metropolitan Street Railway Co.

The Metropolitan Street Railway Co. is a corporation formed under the laws of New York, November 12, 1893.

See above in regard to the Metropolitan Securities Co., and the lease of this company to the Interurban Street Railway Co., now the New York City Railway Co., which was made in April, 1902, the terms of the lease including the guarantee of 7 per cent. per annum in this company's stock. The Interurban Street Railway Co. was incorporated under the laws of New York,

November 25, 1901, and on February 10, 1904, its name was changed to the New York City Railway Co.

The Metropolitan Street Railway Co. controls all the important street railway lines in New York City. An organization known as the Metropolitan Traction Co. was formed in 1891, under the laws of New Jersey, in order to purchase the Broadway Surface Railway Co. In September, 1892, the Metropolitan Traction Co. reorganized under the New York law. The Metropolitan Street Railway Co. was chartered in 1893 to operate the roads, and all of its stock was owned by the Metropolitan Traction Co. In 1896, the stock of the Metropolitan Street Railway Co. was increased from $16,500,000 to $30,000,000, and in October, 1897, it was exchanged for the stock of the Metropolitan Traction Co., thus winding up the latter. At the same time the Metropolitan Street Railway Co. purchased the remaining assets of the Traction Co., and paid for the same by an issue of $6,000,000 debenture certificates. These debentures were distributed to the stockholders of the Traction Co. at the time of its dissolution.

In 1898, the Metropolitan Street Railway Co. increased its capital stock to $45,000,000. Out of the increase of $15,000,000 the stockholders were allotted $10,000,000 at par, and of the proceeds $6,000,000 were used to retire the 5 per cent. debentures, the issue being called for payment October 15, 1898. $4,000,000 of the proceeds of stock allotment were devoted to changing the power on various lines to electricity, and the remaining $5,000,000 of stock was sold to stockholders at par in August, 1899. In May, 1900, the stock was increased from $45,000,000 to $52,000,000. In December, 1900, the $7,000,000 additional stock was allotted to the stockholders at 160.

In May, 1900, the Metropolitan Street Railway Co. leased the Third Avenue Railroad Co., and guaranteed that company's issue of $50,000,000 4 per cent. bonds. The New York City Railway owns $4,500,800 of the Third Avenue Co.'s stock, and the Metropolitan Securities Co. also acquired an interest in the Third Avenue stock. For terms of the lease see the Third Avenue Railroad Co.'s statement. Also as to separate receivership of that company.

The Metropolitan Street Railway Co. was a consolidation of four roads, all the stock of which belonged to the Metropolitan Traction Co., viz.: Broadway Railroad, South Ferry Railway, Houston, West Street & Pavonia Ferry Railroad, and Chambers Street & Grand Street Ferry Railroad Companies. In 1894 and 1895, it also formally absorbed the Columbus & Ninth Avenue Railroad, Metropolitan Crosstown Railway and the Lexington Avenue & Pavonia Ferry Railway Companies. The following companies, in which the Metropolitan Traction Co. had a controlling interest, were also leased to the Metropolitan Street Railway Co.; Broadway & Seventh Avenue Railroad, Sixth Avenue Railroad, Ninth Avenue Railroad, Twenty-third Street Railway (including its leased line, the Bleecker Street & Fulton Street Railroad), Forty-second Street & Grand Street Ferry Railroad, Central Park, North & East River Railroad (Belt Line). Control of the Eighth Avenue Co. was also acquired in November, 1895, and that road was leased to the Metropolitan Street Railway, and in 1896 the Fourth and Madison Avenue surface line of the New York & Harlem Railroad was leased. In 1897, the company acquired a controlling interest in the Central Crosstown Railway Co., including Christopher & Tenth Streets Railroad Co., and in the Second Avenue Railroad Co. companies, the latter being leased. The roads leased and controlled through ownership of part or all of their stocks include the Thirty-fourth Street Crosstown Railway Co., the Twenty-eighth & Twenty-Ninth Street Crosstown Railroad Co. and the Fulton Street Railroad Co.

Total miles of track operated June 30, 1906, 516.80 miles. This includes 424.27 miles operated with electric power and 92.53 miles with horses.

In connection with the installation of electric power on its lines the company acquired a water-front property on the East River at Ninety-sixth and Ninety-seventh streets, where it erected a large power station. Some of the lines of the company, particularly the crosstown lines, were equipped with air and electric storage motors, but in 1902, in pursuance of the lease to the New York City Railway Co. and the formation of the Metropolitan Securities Co., plans were formulated for the electrical equipment of all the roads of the system.

In January, 1906, a plan was announced for the sale of this company's stock to the Interborough-Metropolitan Co,, the provision of the plan being that this company's stock should be exchanged for 100 per cent. of new 5 per cent. cumulative preferred stock of the Interborough-Metropolitan Co. and 55 per cent. of the latter's common stock. See statement of the Interborough-Metropolitan Co. At the close of 1907, the Interborough-Metropolitan Co. had acquired $42,740,000 of the Metropolitan Street Railway Co.'s stock.

Stock.....Par $100.....Authorized, $52,000,000....Issued, $52,000,000

Stock is transferred at the office of the company, New York. Registrar, Guaranty Trust Co., New York.

Dividends have been as follows: On Metropolitan Traction stock, in 1891, 4 per cent.; in 1892, 3 per cent.; in 1893, none; in 1894, 5 per cent.; in 1895, 5 per cent.; in 1896, 5 per cent.; in 1897, 5 per cent. On Metropolitan Street Railway stock, in 1898, 5 per cent.; in December 1898, the quarterly dividend, payable January 16, 1899, was increased from 1¼ to 1¾ per cent., putting the stock on a 7 per cent. basis. The dividends were paid quarterly, in January (15), April, July and October. The last quarterly dividend paid was in July, 1907, the October, 1907,

payment having not been made in consequence of the insolvency and receivership of the Metropolitan Street Railway Co. and of its lessee, the New York City Railway Co.

A committee to represent the stockholders was formed, composed of John I. Waterbury, Edmund C. Converse and Harry S. Hopper, with Simpson, Thatcher & Bartlett, 62 Cedar street, New York, Counsel. This committee has been made a party to the legal proceedings growing out of the receivership. Certain stockholders of the Metropolitan Street Railway Co. are also represented by a committee, William F. King, New York, Chairman, with Griggs, Baldwin & Pierce, 27 Pine street, New York, Counsel.

The general collateral trust mortgage created in 1897 was to provide for changes in motive power, power-houses, etc. The interest on these bonds, due February 1, 1908, was defaulted. A committee, consisting of Alexander J. Hemphill, Donald Mackay and Edward H. Ladd, Jr., has been formed to represent the bondholders. A foreclosure suit was instituted in February, 1908, by the Trustee, the Guaranty Trust Co., New York.

The company guarantees interest and principal of the Third Avenue Railroad Co.'s $35,000,000 of 4 per cent. consolidated mortgage bonds.

In connection with the formation of the Metropolitan Securities Co. and the lease of this company to the Interurban Street Railway Co., the Metropolitan Street Railway Co. in April, 1902, authorized the creation of a refunding 4 per cent. mortgage, due 2002, with which to retire prior liens and provide for improvements and extensions. The authorized amount of the refunding mortgage is $65,000,000. Trustee, Morton Trust Co., New York. Interest on the bonds is payable at the office of the company. In view of the company's receivership, a committee (Edgar S. Marston, New York, Chairman) was constituted to protect the interests of the bondholders. The October, 1907, coupons were paid, but in November, 1907, the trustee brought suit to foreclose the mortgage.

The Lexington Avenue & Pavonia Ferry Railroad Co. 1st mortgage 5s and the Columbus & Ninth Avenue Railroad Co. 5s were authorized in 1894 to provide for an extension of the cable system. Both issues are guaranteed and assumed by the Metropolitan Street Railway Co. Of the Broadway Surface Railroad 1st mortgage bonds $1,125,000 are guaranteed by Broadway & Seventh Avenue Railroad Co., and $375,000 by the Twenty-third Street Railway Co.

The Metropolitan Street Railway has large stock interests in the various companies leased, amounting to $22,188,900. The following companies are leased upon a guarantee of dividends the amounts of which and of their respective stocks are as follows:

	Guarantee		Amount of Stock
*Broadway & Seventh Avenue Railroad	10	per cent. per annum	$2,100,000
Sixth Avenue Railroad	7	" "	2,000,000
Ninth Avenue Railroad	6	" "	800,000

Eighth Avenue Railroad	$215,000	annual rental	2,000,000
*Second Avenue Railroad	9	per cent. per annum	1,862,000

——* Metropolitan Street Railway has a controlling interest in stock of roads thus marked.

The rental of the New York & Harlem Railroad's Fourth avenue surface road is $350,000 per annum for first five years from the date of the lease in July, 1896, and $400,000 per annum thereafter. The Second Avenue lease provides for 8 per cent. dividends for three years from March 1, 1898, and 9 per cent. thereafter.

THE MITCHELL MINING CO.

A corporation formed under the laws of Arizona, April 16, 1902. The company owns the entire capital stock of La Dicha Mining & Smelting Co. and also of La Dicha & Pacific Railroad Co. The La Dicha Mining & Smelting Co., which is the operating company, has a large tract of mineral, timber and ranch lands at La Dicha, in the State of Guerrero, Mexico. Its copper mineral vein is upwards of four miles long. A large amount of development work has been done upon the mine, which is fully equipped with steam hoists, air power plant and reduction plant. In August, 1905, a 200-ton smelter was completed and in August, 1906, a 12-ton converter was blown in. Upon the completion of the railroad it is intended to increase the capacity of the reduction plant to 550 tons.

La Dicha & Pacific Railroad is constructing a railroad approximately 60 miles long from the mines of the company to the Port of Marques on the Pacific in the State of Guerrero, Mexico.

The company's property includes the ownership in fee of about 180,000 acres of land, of which about 164,000 are in timber, representing an estimated value of some $2,000,000. The company has a ranch of about 18,000 acres, which supplies products to its camp. There are on the property two rivers, which afford power estimated at from 15,000 to 40,000 horse-power according to the season, dry or rainy.

In the autumn of 1907 a reorganization was proposed. A committee, F. Y. Robertson, Chairman, Standard Trust Co., New York, depositary, requested deposits of stock before November 6, 1907.

NATIONAL ENAMELING & STAMPING CO.

A corporation formed under the laws of New Jersey, January 21, 1899. It is a consolidation of concerns which produce practically all the enameled ware made in the United States and a large proportion of the tin, galvanized, japanned and copper wares. The plants acquired were those of the St. Louis Stamping Co., St. Louis Tin Plate Co., Granite City Rolling Mills, Granite City Steel Works, Granite City Sheet Mills, located at St. Louis, and Granite City, Ill.; Kieckhefer Brothers Co., Milwaukee; Matthai, Ingram & Co., Baltimore, and the Haberman Manufacturing Co., Berlin Village, L. I., and Brooklyn, N. Y.; American Stamping Co., Brooklyn, N. Y.; Eastern Tinware Co., Portland, Conn.; Stewart Enamel Co., Bellaire, O.; Keene & Hagerty Manufacturing Co., Baltimore; H. Haller Manufacturing Co., Limited, New Orleans. The company also acquired the rolling mills of the St. Louis Stamping Co. and its tin plate mills. In 1903, the company purchased the Whitaker & Weber Manufacturing Co., St. Louis, and in 1904, acquired control of the National Manufacturing Co., New Orleans.

Stock..Par $100...Authorized { com., $20,000,000 / pref., 10,000,000 } Issued { com., $15,591,800 / pref., 8,546,600 } $24,138,400

The preferred stock is 7 per cent., cumulative. Transfer agencies, New Jersey Corporation's Agency, Jersey City; office of the company, New York. Registrar, Trust Company of America, New York.

The first quarterly dividend of 1¾ per cent. on the preferred stock was paid March 31, 1899, and regular quarterly dividends at the same rate have since been paid, the dividend periods on the preferred now being January (1), April, July and October. In December, 1904, dividends on the

preferred for nine months were declared at the rate of 7 per cent. per annum, the same to be paid 1¾ per cent. each January 1, April 1 and July 1, 1905. The declaration for nine in place of twelve months was in order to make the company's dividend year coincide with its fiscal year. In August, 1905, 7 per cent. was declared on the preferred, payable 1¾ per cent. each October 1, 1905, and January 1, April 1 and July 1, 1906.

The first dividend on the common was 4 per cent., declared in 1901, out of earnings of that year and payable in four quarterly instalments of 1 per cent. each, beginning January 1, 1902. Dividends at the same rate were thereafter paid regularly on the common stock in January (1), April, July and October, until October, 1904, inclusive. In December, 1904, dividends for nine months were declared on the common, to be paid, ½ per cent. each, in January, April and July, 1905, but no further dividends have been paid on the common since the last named date.

NATIONAL FIRE PROOFING CO.

A corporation formed under the laws of Pennsylvania in 1889, with the title of the Pittsburg Terra Cotta Lumber Co. On December 20, 1899, it changed its title to the National Fire Proofing Co.

The company manufactures porous terra cotta and dense tile fire proofing, plain and ornamental blocks, building, paving and hollow bricks, underground conduits for telegraph, telephone or railway cables, and other standard articles and specialties made from clay. The company now has 28 plants located in different States, with considerable real estate, patent rights and other valuable property.

Stock....Par $50....Authorized { com., $4,500,000 / pref., 8,000,000 } Issued { com., $4,461,500 / pref., 7,900,000 } $12,361,500

The preferred stock is 7 per cent., non-cumulative, dividends payable quarterly. The capital stock authorized was originally $1,000,000 preferred and $1,000,000 common. The amounts outstanding were $500,000 common and $623,550 preferred. In July, 1901, it was increased to $2,000,000 common and $3,000,000 preferred, a stock dividend of 12 per cent. on the common being declared. Stockholders had the right to subscribe for 50 per cent. of their holdings in new preferred at par, with a bonus of 25 per cent. in common, and $500,000 common and $1,000,000 preferred were used to acquire additional properties.

In February, 1902, the stock was increased again by the creation and issue of $2,500,000 common and $5,000,000 additional preferred. The holders of the outstanding stock were invited to subscribe for 50 per cent. of their holdings, such subscriptions covering $1,250,000 of new common and $2,500,000 of new preferred.

Transfer Agent, Mercantile Trust Co., Pittsburg. Registrar, First National Bank, Pittsburg.

Regular quarterly dividends of 1¾ per cent. were paid on the preferred stock in January (25), April, July and October to July, 1905, inclusive, after which they were suspended until October, 1906, when 1 per cent. was paid. On January, 15, 1907, 2 per cent was paid. Subsequent

dividends have been 1 per cent., the extra 1 per cent. being omitted in January, 1908. Dividends were paid quarterly on the common stock at the rate of 1¾ per cent. each in February, May, August and November, in 1902 and 1903, but in November, 1903, action on the dividend on the common stock of the company was deferred and none has since been paid.

NEW YORK TRANSPORTATION CO.

A corporation formed under the laws of New Jersey, February 21, 1899, under the title of New York Electric Vehicle Transportation Co. The name was changed to the present style in January, 1902. The company was organized to operate automobile and other vehicles and to buy, sell or lease the same, to deal in patents, and to receive and grant licenses. The company on its formation took over the electric cab service in the city of New York formerly operated by the Electric Vehicle Co., and has a large number of electric and gasolene vehicles in service. In November, 1899, it acquired the franchise and equipment of the Fifth Avenue Coach Co., operating stages on Fifth avenue, New York, and in 1907, replaced the horse stages with motor omnibuses. In 1901 acquired the Newport, R. I., plant of the New England Electric Vehicle Co. and the Metropolitan Express Co. in New York City. It also controls the Park Carriage Co. The company's main station is at 815 Eighth avenue. It has sub-stations at 55 East Eighty-eighth street, 230 East Sixty-sixth street, Bowery and Bayard street, and Ninth avenue and Twenty-seventh street, New York. At the end of 1906, it had over 700 vehicles in service, but 275 were destroyed by fire in 1907 and are being replaced by gasolene cabs fitted with the taximeter. The Metropolitan Express Co., which the company controlled, was leased in 1904 to the American Express Co. for sixteen years.

THE NIAGARA FALLS POWER CO.

A corporation formed under special acts of the State of New York in 1886, and having authority by later statutes to use the water of Niagara River, and to transmit any power, heat or light developed from such water to any point in the State. Its hydraulic works include 7,481 feet of tunnel, extending from its power-house to the level of the river below the Falls, and two plants with an aggregate capacity of about 105,000 electrical horse-power, in addition to a plant on the Canadian side with 50,000 horse-power which is to be increased to 110,000 horse-power. The American and Canadian plants are inter-connected. The Canadian plant was constructed by The Canadian Niagara Power Co., the stock control of which is held by this company.

The company owns approximately, 1,110 acres of land in the city of Niagara Falls, N. Y., devoted to sites for factories using its power. Power is supplied to tenants of the company on its land and in the city of Niagara Falls and to customers in Niagara Falls, Buffalo, the Tonawandas and Lockport, N. Y.

Commercial service from the first two units installed in the American plant was begun in August, 1895. From the output of the two plants approximately 105,000 electrical horse-power and 8,000 hydraulic horse-power are now being supplied to upwards of two hundred power users, at distances varying from one-quarter of a mile to thirty-five miles, at Niagara Falls, N. Y.; Niagara Falls, Canada; Buffalo, North Tonawanda, Tonawanda, Lockport and Olcott, and contracts have been closed for a considerable aggregate amount of additional electrical power effective on the completion of plants and installations of users.

The company controls by stock ownership (see below) the Cataract Power and Conduit Co., its Buffalo distributing agency in the Tonawandas, and it owns substantially all the capital shares of the Niagara Junction Railway Co., a terminal switching railroad at Niagara Falls, N. Y., and of the Niagara Development Co., which has built and owns a residential section in Niagara Falls, N. Y.

The 1st mortgage is $10,000,000. The coupon bonds are for $1,000 each. Registered bonds are $500 each or multiples of $500. Interest on the bonds is payable at the office of Winslow, Lanier & Co., New York. Trustee of the mortgage, Central Trust Co., New York. The mortgage securing the company's bonds cover its property in the City of Niagara Falls, and all franchises, transmission lines, etc.; also a majority of the stock of the Cataract Power & Conduit Co. and of the Tonawanda Power Co.

For the construction of power-house and wheel pit No. 2, with connecting tunnel, there was authorized $3,000,000 of 6 per cent. gold coupon convertible debentures, dated March 31, 1900, convertible into stock at the holder's option on or before April 1, 1908. Coupons are paid at the Metropolitan Trust Co., New York.

The stockholders, in July, 1901, subscribed at par to $2,700,000 of an authorized issue of $3,000,000 new 6 per cent. coupon debentures, payable in instalments, to build the plant on the Canadian side. These debentures are secured by debentures of the Canadian Niagara Power Co. in the treasury of the Niagara Falls Power Co., and are termed Canadian Collateral debenture Series A. They are convertible at the holder's option after October 1, 1903, and before October 1, 1908, into stock of the Niagara Falls Power Co. Coupons are payable at the office of Winslow, Lanier & Co., New York

The non-convertible ten-year debentures, Canadian Collateral Series B., were created and sold in 1904 to provide for the completion of the Canadian plant. Coupons are paid at the office of Winslow, Lanier & Co., New York.

In January, 1907, stockholders were given the right to subscribe at 90 for $1,500,000 of Canadian Collateral Series C. 6 per cent. debentures, the total amount of the issue being $5,000,000. They are subject to call October 1, 1911. Coupons are paid at the office of Winslow, Lanier & Co.. New York.

OHIO & INDIANA CONSOLIDATED NATURAL & ILLUMINATING GAS CO.

A corporation formed under the laws of New Jersey, December 29, 1899. The company was organized to combine the following organizations and acquired their stocks:

Logansport & Wabash Valley Gas Co., Logansport, Ind.; Wabash, Ind.; Peru, Ind., etc.
Indiana Natural and Illuminating Gas Co., Frankfort, Crawfordville, Lebanon, Ind., etc.
Lafayette Gas Co., Lafayette, Ind.
Fort Wayne Gas Co., Fort Wayne, Ind.; Decatur, Ind., etc.
Ohio & Indiana Gas Co., Lima, O.; St. Mary's, O., etc.

The company has over 100,000 acres of gas-producing territory under perpetual lease in its territory.

A Receiver was appointed for the Fort Wayne Gas Co. in June, 1906, and for the other constituent companies in May, 1907. Foreclosure suits on the different underlying mortages have been instituted. See below regarding proposal for a reorganization.

Stock.....Par $100..... Authorized, $10,000,000.....Issued, $9,000,000

Of the authorized stock $1,000,000 is reserved to provide for the purchase of new gas fields or for extensions. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The amount of stock of the old companies and the rate at which each was exchanged for shares of the new company were given in the MANUAL for 1901.

The company began the payment of dividends on its stock with 1 per cent. paid March 1, 1900, and it paid regular quarterly dividends at the same rate, or 4 per cent. per annum, in March (1), June, September and December, until June, 1902, inclusive, since which date no further dividends have been paid.

FUNDED DEBT

Indiana Nat. & Ill. Gas Co. 1st mort., 6 per cent., due 1908, May and Nov.....	$820,000
Fort Wayne Gas Co. 1st mort., 6 per cent., due 1925, Jan. and July.....	1,940,000

Lafayette Gas Co. 1st mort., 6 per cent., due 1924, May and Nov.....	960,000
Total.....	$7,350,000

In November, 1904, holders of the underlying bonds, except the Fort Wayne Gas Co. 6s, were asked to fund their coupons for three years into 4 per cent. collateral debentures, secured

in each case by the surrendered coupons, the debentures to mature in three years. The purpose of this plan was to enable the company to construct artificial gas plants. Interest on all the bonds was in default in 1905, except the Fort Wayne Gas Co. 6s, but interest on that issue also was defaulted January 1, 1906.

A reorganization committee was formed, consisting of James N. Wallace, Anthony N. Brady and Charles F. Dieterich, and in September, 1905, it requested deposits of the bonds with the Central Trust Co., New York.

In April, 1997, the committee submitted a plan providing for foreclosure of the mortgage and the acquisition of the properties by a new company to be called The Indiana Consolidated Gas Co., with $4,500,060 4 per cent. non-cumulative preferred stock, $2,500,000 common stock and $5,000,000 1st mortgage 5 per cent. bonds. The preferred stock and $3,000,000 of the bonds were to be exchanged for the old bonds and the common stock to be used as a bonus in connection with the sale of $400,000 of bonds. The plan, however, met with opposition and at the beginning of 1908 the matter was still under abeyance.

The operations extend into 23 counties, comprising an area of approximately 225 miles in one direction and 125 miles in the other, or 31,489 square miles; territory containing 1,350,000 people, or over 60 per cent. of the population of California. One hundred and nine cities, towns and lesser communities are served.

The companies' hydraulic generating stations, fifteen in number, have a capacity of 93,150 horse power; its steam and gas generating stations have a capacity of 39,982; making a total of 133,132 horse power now in operation, with transmission lines over 1,500 miles in length, and 31 reservoirs, with a storage capacity of approximately 25,000,000,000 gallons of water.

The gas business is also extensive, there being in service at the present time (exclusive of San Francisco) 55,000 gas meters and 31,000 appliances for the use of fuel gas, with a distributing system covering 637 miles of mains.

The company owns the entire street railway system of Sacramento, Cal., 24½ miles, and owns and controls water rights, electric power and light transmission lines, and gas plants and mains for Sacramento and adjoining places, supplying 31 cities and towns.

In 1904, it acquired control of the Standard Electric Co., the United Gas & Electric Co. and the Vallejo Gas Light Co. In January, 1905, this company acquired substantially all the stock of the South Yuba Water Co. and its controlled property, the Central California Electric Co. Other controlled properties embrace the Oakland Equitable Gas Co., Berkeley Electric Lighting Co., Blue Lakes Water Co., Stockton Water Co. and San Mateo Power Co.

In September, 1905, a syndicate, represented by N. W. Halsey & Co., New York and San Francisco, acquired a controlling interest in this company and the San Francisco Gas & Electric Co., and a new holding company, the Pacific Gas & Electric Co., was formed to take over both concerns. It owns 99.17 per cent. of the company's stock. See statement of the latter company above.

Total.....	$28,119,500

The total amount of the 1st consolidated mortgage of the California Gas & Electric Corporation is $10,000,000, and it is secured by practically all the shares of the constituent companies as collateral. Of the total mortgage $2,000,000 is reserved for acquisitions and betterments. The bonds are subject to call on any interest day at 110 and interest. A sinking fund is provided as follows: March 1, 1904 to 1908, $150,000 per annum; 1909 to 1913, $200,000 per annum; 1914 to 1918, $250,000 per annum; 1919 to 1923, $300,000 per annum; 1924 to 1928, $350,000 per annum; 1929 to 1933, $400,000 per annum. The sinking fund will also provide for the sinking funds of the constituent companies and for the redemption of their bonds. The bonds redeemed will be kept alive and bear interest, except as their cancellation has been expressly provided for. Trustee of the mortgage and agent for the payment of interest, Mercantile Trust Co., San Francisco.

In 1907, a new unifying and refunding 5 per cent. mortgage was authorized, the total amount thereof being $45,000,000, due November, 1937, is a lien upon all the property and franchises of the California Gas & Electric Corporation now owned or hereafter acquired. It is also a lien through a supplementary mortgage to be executed by the Pacific Gas & Electric Co., prior to any other mortgage of the Pacific Gas & Electric Co., upon all the properties of that company except the stock of the San Francisco Gas & Electric Co., but includes the properties of the California Central Gas & Electric Co., Fresno Gas & Electric Lighting Co., and the Vallejo Gas

Co., subject, however, to underlying mortgages of the three last-named companies. $30,282,000 par value of the new bonds are reserved to retire prior liens. Balance will be issued in carefully restricted amounts for refunding floating debt and for 85 per cent. of new improvements, betterments, etc. The bonds will be callable at 110 and interest upon any interest date after November 1, 1912, upon 60 days' notice.

The mortgage provides that a sinking fund be created and maintained as follows: 1912 to 1916 inclusive, $450,000 per annum; 1917 to 1921 inclusive, $550,000 per annum; 1922 to 1926 inclusive, $700,000 per annum; 1927 to 1936 inclusive, $900,000 per annum. This sinking fund will be applied as far as necessary toward making the sinking fund payments required by underlying mortgages and the balance to purchase for the sinking fund of the bonds issued under the new mortgage.

N. W. Halsey & Co., 49 Wall Street, New York, with branch offices in Philadelphia, Chicago and San Francisco, as managers, have recently formed an underwriting syndicate to purchase a maximum of $9,093,00 par value of the new unifying and refunding bonds.

The total amount of the 1st mortgage of the Sacramento Electric, Gas & Railway Co. is $2,500,000, of which amount $250,000 are for Central Electric Railway bonds. Bonds may be retired as follows: 1902 to 1906, $5,000 per annum; 1907 to 1911, $10,000 per annum; 1912 to 1916, $20,000 per annum; 1917 to 1921, $30,000 per annum; 1922 to 1926, $40,000 per annum. Trustee and agent for the payment of interest, California Safe Deposit & Trust Co., San Francisco. Interest is also payable by the Guaranty Trust Co., New York.

The 1st mortgage of the Central Electric Railway is for $265,000. Trustee and agent for the payment of interest, California Safe Deposit & Trust Co. Interest is also payable by the Union Trust Co., New York. The 2d mortgage bonds of the Bay Counties Power Co. are subject to call at any time at 110.

The total amount of the 1st mortgage of the Valley Counties Power Co. is $2,500,000. A sinking fund, beginning in 1905 with 1 per cent. of the outstanding bonds and increasing to 3 per cent. in 1925 and thereafter, is provided. Trustee, Mercantile Trust Co., San Francisco.

The Standard Electric Co., which this company acquired in 1904, has $5,000,000 5 per cent. bonds, of which this company owns $2,000,000 and guarantees the bonds.

Under the arrangement by which this company acquired the South Yuba Water Co., it guarantees the $1,300,000 bonds of that company and $773,000 bonds of the Central California Electric Co.

PENNSYLVANIA STEEL CO.

A corporation formed under the laws of New Jersey, April 29, 1901. The company acquired and owns the stock of the following companies:

The Pennsylvania Steel Co., of Pennsylvania.
Maryland Steel Co.
The Spanish-American Iron Co.
Baltimore & Sparrow's Point Railroad Co.
Penn-Mary Coal Co.

The plant consists of large works at Steelton, Pa., for the manufacture of steel rails, railway material, structural work, railroad crossings and special work, and that of the Maryland Steel Co., at Sparrow's Point, Md., where rails are manufactured in large quantities, and which also operates a modern shipyard and the Baltimore & Sparrow's Point Railroad, a terminal road. In April, 1901, the company acquired the stock of the Spanish-American Iron Co.; it also owns the Lebanon Blast Furnace, Lebanon, Pa., and has a controlling interest in the Cornwall Ore Banks Co. of Lebanon, Pa., and controls the Cornwall & Lebanon Railroad Co.

This company owns the entire capital stock of the Penn-Mary Coal Co., which owns and operates about 16,000 acres of coal land in Indiana County, Pa.

On May 1, 1907, this company held stocks and bonds of other companies to the amount of $26,377,147.

The control of this company was acquired in June, 1901, by the Pennsylvania Railroad Co., in conjunction with the Reading Company. This transaction involved the acquisition of $10,000,000 each of common and preferred stock.

Stock..Par $100..Authorized { com., $25,000,000 / pref., 25,000,000 } Issued { com., $10,750,000 / pref., 16,500,000 } $27,250,000

The preferred stock is 7 per cent., non-cumulative. Stock is transferred at the office of the company, Philadelphia. Registrar, Girard Trust Co., Philadelphia.

The stock of the old company consisted of $5,000,000 of common and $1,500,000 of 7 per cent. preferred stock. Under the plan of reorganization a syndicate took $10,000,000 of new common and $10,000,000 of new preferred and furnished $9,000,000 in cash.

The company paid 1¾ per cent. on the old preferred stock in October, 1899, and paid dividends at the same rate regularly in January, April, July and October.

The payment of dividends on the new preferred stock began November 1, 1901, with a half-yearly dividend of 3½ per cent., which has since been the regular rate, the dividends being paid in May (1) and November.

PEOPLE'S GAS LIGHT & COKE CO.

A corporation formed under a special charter granted by the Legislature of Illinois, February 12, 1855, and amended February 7, 1865. It was one of the companies whose stock was owned by the Chicago Gas Trust Co. In July, 1897, an act was passed by the Illinois Legislature allowing the consolidation of all the properties with this company. In addition to the companies, which were owned by the old organization, this company, in November, 1897,

purchased the property of the Mutual Fuel Gas Co. The Mutual and the Hyde Park companies were consolidated with this company in January, 1898. In January, 1899, the company acquired the Calumet Gas Co., operating in South Chicago. In October, 1900, a contract was made by which the property of the Ogden Gas Co. will be purchased by this company when its franchise expires in 1945. In February, 1907, the stockholders of the company ratified a proposition to lease the Ogden Gas Co. A lease of the Universal Gas Co. was also authorized. The Northwestern Gas Light & Coke Co. is controlled by interests identified with this company. In 1906, entered into arrangements with the Indiana Natural Gas & Oil Co. by which it will secure an increased supply of natural gas and as part of the arrangement agreed to guarantee the stock and bonds of that company.

In February, 1906, the Chicago City Council passed an ordinance fixing the price for gas in Chicago at 85 cents.

On December 31, 1907, the company had 2,312 miles of mains, 446,723 meters in service, 229,194 gas stoves, 22,648 public lamps and 60,822 gas arc lamps.

Capital stock.....Par $100.....Authorized, $35,000,000.....Issued, $32,969,100

In November, 1898, stock was increased from $25,000,000 to $30,000,000 and $3,750,000 offered to stockholders for subscription at par. In September, 1901, there was a further increase to $35,000,000, and $4,300,300 was taken by the stockholders at par.

Transfer Agent, Lawyers' Title Insurance & Trust Co., New York.

See the Manual for 1906 for details of the consolidation effected in 1897.

The consolidated company paid its first dividend November 24, 1897, and thereafter paid dividends at the rate of 6 per cent. per annum, the quarterly payments being 1½ per cent. each in February (25), May, August and November. In January, 1906, the dividend payable February 25, 1906, was reduced to 1¼ per cent., putting the stock on a 5 per cent. basis, but the February, 1906, dividend was increased to 1½ per cent., restoring the stock to a 6 per cent. dividend basis.

PHILADELPHIA COMPANY

A corporation formed under the laws of Pennsylvania, May 24, 1884. It originally operated as a natural gas company. In January, 1899, control was acquired in the interest of a general consolidation of lighting and traction organizations in Allegheny County, Pa., and its environs. The object was to bring under one organization the natural and illuminating gas interests of this company, together with the traction and electric light and power business of Pittsburg and the surrounding district. See the MANUAL for 1902 for a detailed account of the various consolidations and acquisitions.

The company is controlled by the United Railways Investment Co. See below.

The company owns or controls by lease the following street railway properties:

Pittsburg Railways Co.
The United Traction Co.
Monongahela Street Railway Co.
Suburban Rapid Transit Street Railway Co.
Washington & Canonsburg Railway Co.
Allegheny, Bellevue & Perrysville Railway Co.
Pittsburg & Castle Shannon Railroad Co.
Consolidated Traction Co.
Pittsburg & Birmingham Traction Co.
Pittsburg & Charleroi Street Railway Co.
East McKeesport Street Railway Co.
The Beaver Valley Traction Co.
Mount Washington Street Railway Co.

It also owns or controls by lease the following electric and lighting companies:

Allegheny County Light Co.
Southern Heat, Light & Power Co.
South Side Gas Co.
Monongahela Light & Power Co.
Consolidated Gas Co.
Allegheny Illuminating Co.
Ohio Valley Electric Co.
Braddock Gas & Light Co.

Through its own lines and those of a number of companies controlled it supplies nearly all the natural gas consumed in Pittsburg and Allegheny and the adjacent towns. The principal fuel gas concerns included in the system are:

Philadelphia Co.
Equitable Gas Co.
Union Gas Co. of McKeesport.
Fairmont & Grafton Gas Co.
Chartiers Valley Gas Co.
Pennsylvania Natural Gas Co.
Allegheny Heating Co.

The total mileage of the street railways owned and controlled is 519 miles. Statements of the separate traction companies will be found under their own titles in this edition of the MANUAL. For convenience and economy they are all operated, under agreement, by the Pittsburg Railways Co., one of the constituent concerns. The Beaver Valley Traction Co., 32 miles, was acquired in July, 1905.

The electric and illuminating gas properties are the only ones supplying the cities of Pittsburg and Allegheny with such facilities. They are operated by the Allegheny County Light Co. and the Consolidated Gas Co. of the City of Pittsburg.

In connection with its natural gas business the company leases 319,764 acres of gas lands in Pennsylvania and West Virginia.

In February, 1906, a plan was formulated for the acquisition of control of this company by the United Railways Investment Co. A proposition was submitted to this company's common stockholders to sell 16-30 of their holdings to the United Railways Investment Co., receiving for each $50 share $37.50 in collateral trust bonds secured by the stock acquired and either $20 in stock of the United Railways Investment Co. or $10 in cash. Under this arrangement $21,000,000 of the common stock was acquired. In April, 1907, $3,200,000 additional of the stock was acquired likewise. See statement of the United Railways Investment Co.

Stock...Par $50...Authorized { com., $36,000,000 / pref., 6,000,000 } Issued { com., $33,240,000 / pref., 6,000,000 } $39,240,000

The preferred stock is 5 per cent., non-cumulative. The amount of stock authorized at the time of the consolidation was $6,000,000 preferred and $15,000,000 common, of which there was issued $14,752,131 common and $3,998,350 preferred. In December, 1901, the authorized common stock was increased to $30,000,000. This company issued $10,600,000 new common in exchange for the stocks of the Consolidated Traction Co. and the other companies acquired at that time, and also issued for the same purpose $1,800,000 of the preferred stock held in the treasury. In 1906, the authorized common stock was increased to $36,000,000, and in September, 1906, $3,240,000 of common was allotted to shareholders at par.

Transfer Agents, Union Trust Co., Pittsburg; Central Trust Co., New York; Guaranty Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Land Title & Trust Co., Philadelphia.

Full 5 per cent. dividends on the preferred stock have been paid since the consolidation. On the preferred the dividends are 2½ per cent. half-yearly, in March (1) and September. The common stock received 4¾ per cent. in 1899, 5 per cent. in 1900, 5¾ per cent. in 1901, and 6 per cent. in 1902, to 1907 inclusive. On the common the dividends of 6 per cent. per annum are now paid quarterly 1½ per cent. each in February (1), May, August and November.

The funded debt of the different constituent street railway properties are given under their own statements.

There is outstanding $2,000,000 4 per cent. preferred stock of the Consolidated Gas Co. and $3,000,000 5 per cent. preferred stock of the United Traction Co. on which the regular dividends are paid.

The 1st mortgage 5 per cent. bonds were authorized in February, 1899, for the purpose of carrying out the consolidation. Trustee of the mortgage, Maryland Trust Co., Baltimore. Amount authorized is $6,500,000. Of these $1,000,000 are reserved to retire outstanding liens on the property of the Allegheny County Light Co. Bonds are secured by deposit of the securities of constituent companies with the trustee. An amount of $4,000,000 of the bonds was offered for subscription in February, 1899, at 107½ by Brown Bros. & Co., New York, and Alexander Brown & Sons, Baltimore. The 50-year collateral trust was created in 1901 to provide for the acquisition of the Consolidated Traction Co. and other properties. The authorized amount of these bonds is $22,000,000, of which $12,000,000 was to be issued in exchange for the Consolidated Traction securities, $6,500,000 was reserved to take up prior lien bonds, and $3,500,000 was available for extensions and betterments.

The 5 per cent. notes were created in 1905, and were for $1,500,000, of which $300,000 matured April 1, 1906, and $150,000 semi-annually thereafter to April 1, 1910.

PHILADELPHIA ELECTRIC CO.

A corporation formed under the laws of New Jersey, October 6, 1899. The company acquired the stock of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., with the control of practically the entire electric light and power facilities in the city of Philadelphia.

The Pennsylvania Manufacturing Light & Power Co. was a New Jersey corporation formed in 1898, which acquired control of the Pennsylvania Heat, Light & Power Co., a corporation which had acquired the Edison Electric Light Co. of Philadelphia, the Brush Electric Light Co. of Philadelphia, the United States Electric Light Co. and the Philadelphia Electric Lighting Co. The Pennsylvania Manufacturing Co. and the Heat, Light & Power Co. also acquired a number of smaller electric companies in Philadelphia and its suburbs. See statement of Pennsylvania Manufacturing Co. in the MANUAL for 1899. In 1901, acquired the Kensington Electric Light Co., paying for the same in cash. The company also controls the Electric Light Co. of Chester, Pa.

Stock.....Par $25.....Authorized, $25,000,000.....Issued, $24,987,750

An instalment of 10 per cent., or $2.50 per share, was paid on the stock of the Philadelphia Electric Co. at time of issue, and a call of 10 per cent. was made in 1900, payable 5 per cent. on November 21, 1900, and 5 per cent. on January 21, 1901, respectively. In January, 1902, a call of $2.50 per share was made, payable one-half March 1 and one-half September 1, 1902. Another call of $2.50 per share was made in April, 1904, payable one-half June 1 and one-half December 1, 1904, respectively. This call made the stock 40 per cent., paid in. In January, 1908, a call of $3.50 per share was made, payable $2.25 on March 2, and $1.25 on June 1, 1907, making the stock $13.50 per share paid in, or 54 per cent. paid.

The stock of the Pennsylvania Manufacturing Co. was $15,000,000, par $50, on which $5 per share had been paid in. The stock of the National Electric Co. was $4,375,000.

Stock is transferred at the office of the company, Philadelphia. Registrar, Equitable Trust Co., Philadelphia.

In June, 1902, a dividend of 15 cents per share was paid, and another of 18¾ cents per share in December, 1902; 18¾ cents per share was also paid in June and December, 1903, and June, 1904. In December, 1904, 21⅞ cents per share was paid. In 1905, 1906 and 1907, the dividends were 5 per cent. on the amount paid in, the payments being in June and December. In January, 1908, a dividend of $1 per share was declared payable March 2, 1908, which dividend may be applied to the first instalment of the call made at the same time.

FUNDED DEBT

Edison Electric Light, col. trust cert., 5 per cent., subject to call 1946, April and Oct.	$1,994,300
Pennsylvania H. L. & P. col. trust certificates, 5 per cent., due 1948, April and Oct.	11,268,060
Philadelphia Electric Trust certificates, 4 per cent., due Oct., 1949, Jan. and July....	15,014,142
Total.....	$28,276,502

The Philadelphia Electric Co. 4 per cent. trust certificates are $17,500,000 authorized, of which $15,014,142 were issued, $2,000,000 being held in the company's treasury, having been purchased in the market in 1900. They are secured by the deposit of the shares of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., acquired by this company. Each share of Pennsylvania Manufacturing Co. stock deposited received $35 in the trust certificates and each share of National Electric received $13 in certificates. Only a small amount of each stock now remains outstanding. The balance of the issue, not required for the above purpose, was to be reserved for extension and acquisition of other electric properties.

The Edison collateral trust certificates were issued in 1896 by the Pennsylvania Heat, Light & Power Co., and are secured by the deposit of the stock of the Edison Electric Light Co. of Philadelphia, acquired by the Pennsylvania Heat, Light & Power Co. The Edison company had $2,000,000 stock, and $50 cash and $100 in trust certificates was offered for each $100 share. Nearly all the Edison stockholders accepted these terms.

The Pennsylvania Manufacturing collateral trust certificates, created in 1898, are secured by a deposit of stock of the Pennsylvania Heat, Light & Power Co. and other stocks. The Pennsylvania Heat, Light & Power Co. had $5,000,000 full-paid common stock, par $50, and $5,000,000 6 per cent., cumulative, preferred stock, par $50, on which $35 per share had been paid. The Pennsylvania Manufacturing Light & Power Co. acquired control by exchanging the collateral trust certificates for Pennsylvania Heat, Light & Power stock at the rate of $66 per share for the preferred and $24 per share for the common.

PHILADELPHIA RAPID TRANSIT CO.

A corporation formed under the laws of Pennsylvania, May 1, 1902. The company acquired by lease the Union Traction Railway system, comprising the lines of the Philadelphia Traction Co., the Electric Traction Co. and the Peoples' Traction Co. See statement of the Union Traction Co. It also acquired the capital stock and franchises of the following companies:

Central Rapid Transit Street Railway Co.
Chestnut Hill & Glenside Rapid Transit Street Railway Co.
Eastern Rapid Transit Street Railway Co.
Doylestown & Willow Grove Railway Co.
Market Street Elevated Passenger Railway Co.
Northern Rapid Transit Street Railway Co.
Southern Rapid Transit Street Railway Co.
Western Rapid Transit Street Railway Co.
Philadelphia & Willow Grove Street Railway Co.
Darby & Yeadon Street Railway Co.
Twenty-second Street and Allegheny Avenue Passenger Railway Co.
Darby, Media & Chester Street Railway Co.

A number of companies originally acquired have been consolidated with the Market Street Elevated Passenger Railway Co. A number of additional companies have been formed in the interest of this company to build new lines of about 119 miles. In March, 1906, the company negotiated a new arrangement with the city, whereby it surrendered certain franchises and agreed to complete the construction of various subways within three years.

The company, in 1903, began the construction of a subway and elevated railway in Market street, Philadelphia, and in December, 1905, began operating the second section of the subway from Fifteenth street to the Schuylkill River. In March, 1907, completed and opened that part of the elevated west of Schuylkill.

On July, 1907, an agreement authorized by an ordinance of the City Council was made between the company and the City of Philadelphia providing for a readjustment of the relations between the City and company. The plan confers upon the City the right to purchase after June 30, 1957, all leases, franchises and property of the company at the company's actually paid in capital, with the right to assign or sell this option. A sinking fund is to be established, to be taken out of the gross receipts of the company, which, calculated at 4 per cent., will amount to at least $30,000,000 at the expiration of 50 years, to enable the City to acquire the property at that time. Beginning January 1, 1907, the City is to share equally in the net profits after stockholders have received 6 per cent. per annum, cumulative from January 1, 1907, on the capital actually invested by them. All franchises for further surface, elevated or underground railroads within the city are to be first offered the Philadelphia Rapid Transit Co. The City is also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. It also provides for a fixed payment to the City in lieu of the license fee per car.

Stock.....Par $50.....Authorized, $30,000,000.....Issued, $18,000,000

The stock is now $42.50 per share paid in. It was, when originally issued, $5 per share paid. In May, 1903, a call was made for a second instalment of $5, payable on or before July 6, 1903. The call was made to provide funds for the construction of the Market Street subway and other improvements. In December, 1903, a call was made for a third instalment of $5 per share, payable January 20, 1904. The fourth instalment of $5 per share was payable January 20, 1905, the fifth of $5 July 10, 1906, and the sixth, also of $5, December 10, 1906, making the stock $30 per share or 60 per cent. paid in.

In February, 1907, a plan was ratified whereby the balance due on the stock shall be called and paid in at the rate of $3,000,000 every six months and the money applied to improvements and extensions. A payment of $5 was called for in March, 1907, making the stock $35 per share paid, and two further final payments of $7.50 each were called for September 9, 1907, and September 7, 1908, respectively, at which latter date the stock will be full paid.

Stock is transferred at the office of the company, Philadelphia, and by the Central Trust Co., New York. Registrars, Land Title & Trust Co., Philadelphia; Morton Trust Co., New York.

PITTSBURG COAL CO.

A corporation formed under the laws of New Jersey, September 1, 1899. The company acquired the mines and property of a number of the large producers and shippers by rail of steam and gas coal in the Pittsburg district. A list of the properties included in the company was given in the MANUAL for 1901.

Since its organization the company has purchased undeveloped coal lands adjoining its various properties, making the total holdings over 160,000 acres, with 150 operated mines.

The company, from the general character of its business, is known as the "railroad coal combination." The properties acquired and taken over comprised over 80,000 acres of coal land and over 7,000 acres of surface land in Allegheny, Fayette, Washington and Westmoreland Counties, Pa. It also has docks and loading plants on the lakes at Chicago, Cleveland, Duluth, Milwaukee, Sheboygan, Green Bay, Ashland, Manitowoc and West Superior, Wis.; Sault Sainte Marie and Escanaba, Mich.; Ashtabula, Fairport, Thornburg O., Amherstburg, Ont., Sandwich, Ont., and Port Arthur, Ont. It also acquired about eleven miles of railroad at the mines, and the Northwestern Coal Railway, Allouez Bay, Wis. The company owns 17 locomotives and 5,500 railroad cars.

In January, 1902, the company purchased the New Pittsburg Coal Co. and the Greendale Coal Co., and leased the Shaw Coal Co.'s property for forty years. In 1902, purchased the Pittsburg & Castle Shannon Railroad and mines and acquired an interest in the Milwaukee Western Fuel Co. In January, 1903, the Midland Coal Co. was acquired, together with the National Dock & Fuel Co. of Cleveland, and control of the Colonial Coke Co. In October, 1903, the Mansfield Coal & Coke Co. was acquired.

In September, 1903, this company acquired a controlling interest in the stocks of the Monongahela River Consolidated Coal & Coke Co., paying for the same $15 per share for the latter's common stock, par $50, and $45 for its preferred. It was stated that this company was to acquire $15,000,000 of the Monongahela River Co.'s $20,000,000 of common, and $2,500,000 of its $10,000,000 of preferred stock. The arrangement was understood to be based on the delivery by this company to the vendors of the common stock of non-interest-bearing notes for the gross amount involved, of which one-third in amount are to mature each year for three years. The preferred stock acquired was to be paid for in semi-annual instalments, beginning January 20,

1904, the payments to be equal to 6 cents per ton of coal taken from the Monongahela River Consolidated Coal & Coke Co.'s mines.

In November, 1904, this company leased the coal mines of the Pittsburg Terminal Railroad & Coal Co., and in December, 1904, purchased two mines of the Pittsburg-Buffalo Co.

The company's total output in 1907 was 19,353,494 tons of coal, including the amount purchased. Of the above 579,833 tons was coked. The company at the end of 1907 had 1,119 coke ovens.

Stock..Par $100..Authorized { com., $32,000,000 / pref., 32,000,000 } Issued { com., $28,297,600 / pref., 27,246,800 } $55,544,400

The preferred stock is 7 per cent., cumulative. Transfer Agents, Union Trust Co., Pittsburg; Manhattan Trust Co., New York; Guarantee Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburg; Chase National Bank, New York; Fidelity Trust Co., Philadelphia.

The company began the payment of dividends on the preferred stock at the full rate of 7 per cent. per annum by the declaration of 1¾ per cent., quarterly, payable January 25, 1900, and paid the same regularly in January (25), April, July and October, until January, 1903, when 1¾ per cent. was declared payable in scrip, redeemable in one year, which scrip was paid in November, 1904. The April, 1904, and subsequent dividends were paid in cash at the regular rate of 1¾ per cent, until April 25, 1905, since which time dividends have been suspended.

Funded Debt

Pittsburg Coal of Pa., 1st mort., guar., 5 p. c., due Jan., 1954, Jan. and July..... $21,368,000

In January, 1904, the company entered into an arrangement with The Union Trust Co., of Pittsburg, for the sale of $25,000,000, fifty-year 5 per cent. bonds, to be used as required for paying off obligations and for furnishing working capital. The bonds are issued by the Pittsburg Coal Co. of Pennsylvania, a subsidiary organization, and guaranteed by this company. They are a first mortgage on 160,000 acres of coal lands, and can be called at 110 in part or whole on any interest day. There is a sinking fund of 5 cents per ton of coal mined, the yearly minimum to be $600,000. The collateral trust bonds of 1902 have been retired.

It distributes its product through its own warehouses, located in the different cities of the United States. These establishments are also jobbers of window and art glass, paints, oils and painters' supplies, and manufacturers of mirrors. In January, 1907, arrangements were made to merge the Chatham Manufacturing Co. with this company.

Stock..Par $100...Authorized { com., $17,350,000 / pref., 150,000 } Issued { com., $17,350,000 / pref., 150,000 } $17,500,000

The preferred stock is 12 per cent., non-cumulative. The dividends on the preferred are paid annually in April. Stock is transferred at the office of the company, Pittsburg. Registrar, Union Trust Co., Pittsburg.

Dividends on the common stock are paid quarterly, December 31, April 1, July 1, October 1. In 1899, 4 per cent. was paid on the common, and in 1900 to January, 1906, inclusive, 6 per cent. The April, 1907, dividend was increased to 1¾ per cent., putting the common stock on a 7 per cent. annual basis.

The capital of this company was originally $2,750,000. In 1895 the stock was increased to $10,000,000 and $2,500,000 of debenture bonds were issued, which latter were paid off in 1900. The purpose of the latter and of the increase of $7,250,000 in the stock was the acquisition by purchase of the plants of the Diamond Plate Glass Co., Crystal City Plate Glass Co., Charleroi Plate Glass Co. and Duquesne Plate Glass Co. In 1901 an increase of $2,500,000 was made in the common stock for extensions and improvements. In February, 1906, the stock was increased from $12,500,000 to $17,500,000, and stockholders were given the right to subscribe for the $5,000,000 of new stock, payable in 5 instalments of 20 per cent. each, on April 2, 1906, July 2, 1906, October 1, 1906, January 2, 1907, and April 1, 1907, respectively.

The preferred stock is 7 per cent., non-cumulative, and has a priority as to the distribution of assets in case of a dissolution. Transfer Agent, Guaranty Trust Co., New York. Registrar, Central Trust Co., New York.

The company began paying regular quarterly dividends of 1¾ per cent. on the preferred stock in May, 1899, and has since paid the same regularly in February (25), May, August and November. The company declared 6 per cent. on its common stock out of the surplus earnings of 1899, this dividend being payable 1½ per cent. each in February (25), May, August and November, 1900. In 1901, the quarterly dividends on the common were reduced to 1 per cent., or 4 per cent.

for the year. In 1902, 4 per cent. was again paid on the common, but in January, 1903, the directors declared an extra dividend of 1 per cent. on the common out of the profits of 1902, to be paid in four quarterly instalments, in addition to the regular 1 per cent. quarterly dividends. This put the common on a 5 per cent. dividend basis during 1903. In 1904, the quarterly dividends on the common were 1 per cent. each in February, May and August, but the November, 1904, dividend was passed and none have been paid since.

PUBLIC SERVICE CORPORATION OF NEW JERSEY

A corporation formed under the laws of New Jersey, May 9, 1903. The corporation was formed to combine the ownership and management of important traction, power and lighting interests in New Jersey.

The company acquired a large majority of the stocks of the following companies:

North Jersey Street Railway Co.	Jersey City, Hoboken & Paterson Street Railway Co.
Elizabeth, Plainfield & Central Jersey Ry. Co.	
United Electric Co. of New Jersey.	Orange & Passaic Valley Railway Co.

It also owns all the stock of the Middlesex Electric Light & Power Co., which was a consolidation of the Middlesex Lighting Co. and the Carteret Electric Light & Power Co.; and all the outstanding stock of the Elizabeth & Raritan River Street Railway.

It leased the properties of the following companies:

Hudson County Gas Co.	Camden & Suburban Railway Co.
Paterson & Passaic Gas & Electric Co.	Somerset, Union & Middlesex Lighting Co.
South Orange & Maplewood Traction Co.	New Brunswick Light, Heat & Power Co.
Essex & Hudson Gas Co.	Gas & Electric Co. of Bergen County.
South Jersey Gas, Electric & Traction Co.	Elizabeth & Raritan River Street Railway Co.

In 1905, it leased the Gas & Electric Co. of Bergen County, New Jersey. The New Brunswick Light, Heat & Power Co. was leased January 1, 1905.

In 1907, the Public Service Railway Co. was formed, the majority of the stock of which is owned by the parent company. This organization was a consolidation of the United Street Railway Co. of Central New Jersey, the North Jersey Street Railway Co., and the Jersey City, Hoboken and Paterson Railway Co.

The lines operated in the system comprise 648 miles of street railways.

Stock.....Par $100 .....Authorized, $25,000,000.....Issued, $12,500,000

The plan for the formation of the corporation provided that its stock could only be issued for cash at par. The first issue of $10,000,000 was underwritten by the Fidelity Trust Co., Newark, N. J., $8,000,000 of the same being offered for *pro rata* subscription at par by the holders of the perpetual interest bearing certificates described below. In April, 1905, $2,500,000 additional stock was sold at par.

The first dividend was 1 per cent., paid June 29, 1907. Dividends of 1 per cent. each were also paid September 30, December 31, 1907, and March 31, 1908.

Stock is transferred at the office of the Treasurer, Newark, N. J. Registrar, Fidelity Trust Co., Newark, N. J.

The perpetual interest certificates are $20,200,000, authorized, and were issued in exchange for the stocks of the controlled companies on the terms stated below. They are secured by the deposit in trust of all the stocks purchased. It was provided that 1 per cent. should be paid in cash on the certificates at the time of their issue, and 1 per cent. at the end of the first year, making 2 per cent. for that year, the interest payments thereafter to be semi-annual. Interest is paid at the Fidelity Trust Co., Newark, N. J. The terms as to interest were that certificate holders shall receive payments per annum as follows:

First year, 2 per cent.; second year, 2 per cent.; third year, 2½ per cent.; fourth year, 3 per cent.; fifth year, 3½ per cent.; sixth year, 4 per cent.; seventh year, 4½ per cent.; eighth year, 5 per cent.; ninth year, 5½ per cent.; tenth year and after, 6 per cent. In January, 1905, $2,000,000 of the certificates were offered bearing the indorsement of the Fidelity Trust Co. of Newark, which provides for the payment by that company of an additional amount of interest up to May, 1912, sufficient to make the rate of interest on the indorsed certificates 6 per cent. per annum during that period.

Holders of the stocks of the five companies of which control was acquired were offered April 9, 1903, the privilege of exchanging their stock for the interest certificates of this corporation as per the following tabulation, which also gives the amount of outstanding stock of each constituent company:

	Stock Outstanding	Received in Ctfs., Per Cent.
North Jersey Street Railway Co.	$15,000,000	40
Jersey City, Hoboken & Paterson Street Railway Co.	20,000,000	35
Elizabeth, Plainfield & Central Jersey Railway Co.	3,000,000	30
Orange & Passaic Valley Railway Co.	1,000,000	30
The United Electric Co. of New Jersey	20,000,000	30

The above provisions called for a total issue of $20,200,000 of interest certificates if all the stocks of the constituent companies were exchanged thereunder. Stockholders of the various companies were invited to deposit their stock on or before April 27, 1903, with the Fidelity Trust Co., Newark, N. J., or with the New Jersey Title Guarantee & Trust Co., Jersey City; Manhattan Trust Co., New York, or Commercial Trust Co., Philadelphia. The plan was declared operative in May, 1903, when it was stated that over 75 per cent. of the stock of each of the companies had been deposited. In June, 1904, $55,026,200 out of a total of $59,000,000 of the said stocks had been deposited.

In May, 1903, it was announced that arrangements had been concluded for the lease by this corporation for 900 years, from June 1, 1903, of the properties of the companies named in the following table. The outstanding stock of each company is given, together with the dividends as rental guaranteed thereon by the Public Service Corporation in successive years. Dividends guaranteed under the leases are payable semi-annually in June and December.

	Stocks Outstanding	Dividends guaranteed each year, per cent.								
		1st	2d	3d	4th	5th	6th	7th	8th	9th
Hudson County Gas Co.	$10,500,000	2	2½	3	3½	4	5	6	7	8
Essex & Hudson Gas Co.	6,500,000	3½	4½	5	6	7	8	8	8	8
Paterson-Passaic Gas & Electric Co.	5,000,000	1½	2	2½	3	3½	4	5	5	5
South Jersey Gas, Elec. & Traction Co.	5,889,000	3½	4½	5	6	7	8	8	8	8

In all cases the maximum rates given in the table are to continue as the guaranteed dividends for the remainder of the leases.

The Orange & Passaic Valley Railway Co. is leased for 999 years, from November 1, 1903, and the Elizabeth, Plainfield & Central Jersey Railway Co. for 999 years from the same date.

The Camden & Suburban Railway was leased for 999 years from May 1, 1904, for charges and annual payments rising from $30,000 the first year of the lease to $120,000 in the tenth year thereof. The Camden Horse Railway Co. is leased by the Camden & Suburban Railway Co. at an annual rental of $60,000. The Elizabeth & Raritan River Railway was leased for 900 years from May 2, 1904, the rental being interest on the outstanding bonds.

The Gas & Electric Co. of Bergen County is leased for 999 years, from January 1, 1905, the rental being charges and 2 per cent. per annum on the $2,000,000 stock for the first two years, 2½ per cent. for the third year, 3 per cent. for the succeeding two years, 4 per cent. for the next four years, and 5 per cent. thereafter.

The five-year collateral trust 5 per cent. notes, due 1909, were issued in October, 1904. They are secured by the deposit of bonds of constituent companies aggregating $11,508,000 par value. Trustee, Fidelity Trust Co., Newark.

The convertible notes were issued in 1906. They are convertible into stock at the holders' option on May 1, 1909.

In the year 1903, the aggregate earnings of the street railway companies comprised in the system were gross, $8,041,922; net, $3,186,390. In 1904, gross, $8,451,594; net, $2,990,117. In 1906, gross, $9,966,511; net, $4,144,692.

THE PULLMAN CO.

A corporation formed under the laws of Illinois, February 22, 1867, under the title of Pullman's Palace Car Co. The name was changed to The Pullman Co. at a special meeting of the stockholders, December 5, 1899, the change taking effect on December 30, 1899.

In December, 1899, the company purchased the assets and property of the Wagner Palace Car Co., a voluntary association existing under the laws of New York, including its cars, equipments and contracts with various railway companies, and for the purpose of making payment therefor, this company increased its capital stock from $54,000,000 to $74,000,000, the additional 200,000 shares being issued and delivered to the Wagner Palace Car Co.

This company owns and operates extensive shops at Pullman, a part of Chicago, and repair shops in St. Louis, Ludlow, Ky., Wilmington, Del., and Denver, Col. The Wagner Palace Car Co. had extensive works at Buffalo, N. Y., which this company has acquired. The total mileage of railroad covered by this company's operations is 195,250.

Stock.....Par $100.....Authorized, $100,000,000....Issued, $100,000,000

The capital stock was originally $1,250,000, and has been increased at various times.

Transfer Agents, Farmers' Loan & Trust Co., New York; New England Trust Co., Boston, and Secretary of the company, Chicago. Registrar, Guaranty Trust Co., New York.

The company formerly paid dividends, quarterly, at the rate of 8 per cent. per annum, the last payment on that basis being 2 per cent. in November, 1898, on the old capital. In July, 1898, an extra cash dividend of 20 per cent. was declared, payable August 15, and in October, 1898, the capital stock of the company was increased $18,000,000 out of the surplus assets, making the capital stock $54,000,000, upon which a dividend was declared, payable February, 1899, at the rate of 6 per cent. per annum, and the May and August dividends in 1899 were on the same basis, being 1½ per cent. each quarter. In November, 1899, the quarterly dividend rate was 2 per cent., and subsequent dividends have been on that basis, or 8 per cent. per annum. In November, 1906, a stock dividend of 36 per cent. was paid. Dividends are paid quarterly, February, May, August and November, about the 15th of each month.

Transfer Agent, New York Trust Co., New York. Registrar, Chase National Bank, New York.

The company has in its treasury $161,000 of common and $435,100 of preferred stock, which are included in the stock issued as given above.

The first dividend on the preferred stock was 1¾ per cent. quarterly, paid October 1, 1899. Regular quarterly dividends at that rate were paid on the preferred in January, April, July and October, to October, 1903, inclusive, the January, 1904, dividend having been deferred, and no dividends were paid until October, 1905, when 1¾ per cent. was distributed. In January, 1906, also paid 1¾ per cent. and 1⅜ per cent. on account of accumulated dividends. In April, 1906, paid 1¾ per cent. regular and 2 per cent. extra, on account of the unpaid back dividends. Extra dividends of 2 per cent. each were also paid in July and October, 1906, and January, April and July, 1907, the last payment extinguishing the accumulated dividends. In October, 1907, December 21, 1907, and April 1, 1908, 1¾ per cent. each was paid.

RICHELIEU & ONTARIO NAVIGATION CO.

A corporation formed under the laws of the Dominion of Canada. The company originated as a private enterprise in 1847 with its head office at St. Charles, P. Q. It subsequently removed its office to Montreal, and placed a line on the St. Lawrence, running between Montreal and Quebec, in competition with the Molson & Torrance line, eventually purchasing the latter's steamers. In 1857, the company was incorporated for the first time. It absorbed various local lines, including the Lake St. Peter Navigation Co., the Terrebonne & Assumption Navigation Co., the Chambly & Montreal Navigation Co., the Laprairie Navigation Co. and the Longueuil Navigation Co. In 1875, it amalgamated its stock with that of the Canadian Navigation Co., which operated steamers between Toronto and Montreal, and amended its charter, assuming the present title of Richelieu & Ontario Navigation Co. In 1886, it purchased the steamers of the St. Lawrence River Steam Navigation Co. This last purchase completed the control, which the company retains, of the through lake and river passenger and freight business between Toronto, Montreal, Quebec and Chicoutimi, a distance of 800 miles.

Its through passenger business is divided into three main lines: 1st, from Toronto to Montreal, embracing Lake Ontario, the Thousand Isles and the Rapids of St. Lawrence; 2d, from Montreal to Quebec, embracing the river between those points; 3d, from Quebec to Tadousac, and the Saguenay River from Tadousac to Chicoutimi. Its local lines are eleven in number—from Montreal to Hamilton, Laprairie, St. Helen's Island, Longueuil, Boucherville, Contrecœur, Chambly, Berthier, Pierreville, Three Rivers and St. Anne de Beaupre.

The company also owns and operates hotels at Murray Bay and Tadousac, P. Q.

Stock.....Par $100.....Authorized, $5,000,000.....Issued, $3,132,000

Transfer Agent and Registrar, J. F. Dolan, 128 St. James street, Montreal.

The company from 1894, inclusive, paid 6 per cent. per annum on its stock, the dividends being semi-annual, 3 per cent. each, in May (2) and November. The November, 1904, dividend was, however, passed, and payments were not resumed until December 1, 1906, when 1¼ per cent. quarterly was paid, which has since been the regular quarterly rate.

FUNDED DEBT

ROCHESTER RAILWAY & LIGHT CO.

A corporation formed under the laws of New York, May 26, 1904. The company is a consolidation of the Rochester Gas & Electric Co. and the Rochester Light & Power Co., and acquired a controlling interest in the stock of the Rochester Railway Co. It was organized to unite under one control and management the lighting, electric power and traction interests of Rochester, N. Y. Road operated 155 miles. The Rochester & Sodus Bay Railway Co. was leased to the Rochester Railway Company in 1902. For details of merger plan see below.

In December, 1905, a controlling interest in the stock of this company was acquired by the New York Central & Hudson River Railroad Co., and is vested in the Mohawk Valley Co.

Stock....Par $100.....Authorized { com., $6,500,000 / pref., 3,000,000 } Issued { com., $6,500,000 / pref., 3,000,000 } $9,500,000

The preferred stock is 4 per cent., cumulative, until June 1, 1906, and 5 per cent., cumulative, thereafter, dividends being payable quarterly, in September (1), December, March and June.

The common stock is 70 per cent. paid up, being liable to calls for the remaining 30 per cent. of the par value; 10 per cent. was payable July 1, 1906, but no additional calls can be made before July 1, 1907, and not more than 10 per cent. can be called in any consecutive 12 months.

Transfer Agents, E. W. Clark & Co., Philadelphia; Rochester Trust & Safe Deposit Co., Rochester, N. Y. Registrars, Fidelity Trust Co., Philadelphia; Alliance Bank, Rochester, N. Y.

The 1st quarterly dividend of 1 per cent. on the preferred stock was paid September 1, 1904, and similar dividends have since been paid regularly at the designated dividend periods for the preferred.

The first dividend on the common stock was 5 per cent., paid January 15, 1908.

The preferred stock of the Rochester Railway Co. was left undisturbed by the consolidation. It is $3,000,000, and is 5 per cent., cumulative. The regular quarterly dividends upon it are paid 1¼ per cent. each in January, April, July and October. On the common stock of the Rochester Railway Co., the quarterly dividends are 1 per cent. each, paid in February, May, August and November.

The Rochester Railway & Light Co.'s consolidated mortgage is for $16,000,000. Of the bonds, $5,450,000 are reserved to retire underlying mortgages of the Rochester Gas & Electric Co., and $780,000 to retire the water power mortgages, there being also $4,073,000 held for betterments and improvements, provision being made that all after acquired property shall be brought under the lien of the mortgage, and that before any of the trusteed bonds shall be issued for such purposes the constituent company must first have expended $750,000 for improvements. The bonds are subject to call at 110 on any interest date. Trustee of the mortgage, Security Trust Co., Rochester, N. Y., at which interest is payable, also at the offices of E. W. Clark & Co., Philadelphia, and Hodenpyl, Walbridge & Co., New York.

The Rochester Railway consolidated mortgage is for $3,000,000. Interest is payable at the Solicitors' Loan & Trust Co., Philadelphia.

The Rochester Gas & Electric Co. had $2,150,000 common stock, and $2,360,000 6 per cent., cumulative, preferred stock. It paid 6 per cent. on its preferred stock, dividends being semi-annual, February and August. Under the plan of consolidation holders of the preferred stock of the Gas & Electric Co. were given the option of exchanging it for 120 per cent. of its par value in either new consolidated bonds or new preferred stock. The common stock of the Gas & Electric Co. was exchanged for 110 per cent. of its face in the new consolidated bonds.

The Rochester Railway Co. had $2,500,000 common stock and $2,500,000, 5 per cent., cumulative, preferred stock. Quarterly dividends of 1 per cent. each or 4 per cent. per annum, were paid regularly on the preferred stock beginning January 1, 1902, and as already stated the preferred stock was not affected by the plan of consolidation. Holders of the Railway Company's common stock were offered 120 per cent. of its face in preferred stock of the new company, and also the right to take common stock of the new company, 70 per cent. paid, share for share upon payment of 20 per cent. thereon, and sufficient common stock of the Railway Co. has been deposited with the Trustee under the mortgage of the Railway & Light Co. to rest the control with the latter. The preferred stockholders of the Railway Company were offered the right to subscribe at 90 for $500,000 of the new consolidated bonds, and at 20 for $500,000 of the new common stock, 70 per cent. paid. This increased both class of stock to $3,000,000.

Under the plan of consolidation about $1,250,000 cash was provided for the requirements of the system.

For earnings of the Rochester Railway Co. in former years, see its statement in the MANUAL for 1904.

SCRANTON RAILWAY CO.

A corporation formed under the laws of Pennsylvania, March 23, 1865, as the People's Street Railway Co. of Luzerne County. When the company adopted its present name the following companies were merged into it:

Scranton Passenger Railway Co.
Scranton Suburban Railway Co.
Dunmore Street Railway Co.
Valley Passenger Railway Co.

The company purchased the assets and assumed the liabilities of the Scranton Traction Co., and also acquired and operates under leases the following companies:

Scranton & Carbondale Traction Co.
Lackawanna Valley Traction Co.
Pittston & Scranton Street Railway Co.
Carbondale Railway Co.
Scranton & Pittston Traction Co.

The company owns and operates all the street railways in the City of Scranton, Pa., and operates under lease all the lines around the city, including lines to Pittston, Carbondale and other towns. The aggregate of the systems is 81.55 miles, with a power house and other equipment.

It owns the total issue of bonds of the Carbondale Railway Co., $300,000, and $60,000 bonds of the Scranton & Pittston Traction Co. It also owns all of the stock of the Scranton & Carbondale Traction Co., the Lackawanna Valley Traction Co., the Pittston & Scranton Street Railway Co., the Carbondale Railway Co., and nearly all of the Scranton & Pittston Traction Co.

This company is controlled by The American Railways Co. of Philadelphia, through ownership of a majority of its stock, having purchased the same in December, 1905.

STANDARD CORDAGE CO.

A corporation formed under the laws of New York. April 11, 1906. A successor to the Standard Rope & Twine Co. which was foreclosed and reorganized. The Standard Rope & Twine Co was formed under the laws of New Jersey in 1896, and was a reorganization of the United States Cordage Co., which was a reorganization of the former National Cordage Co. In 1898–99 a company—the Union Selling Co., with a capital of $500,000—was formed to market this company's manufactured product.

For the histories of the National Cordage Co. and United States Cordage Co. see the MANUAL for 1898, and for an account of the reorganization and formation of the Standard Rope & Twine Co. under the plan of 1895, see the MANUAL for 1899.

The old company defaulted February 1, 1904, in meeting its interest charges due that date, and was in default as to two sinking fund payments of $27,500 each, and on January 27, 1905, Receivers were appointed.

The 1st mortgage bondholders were represented by a committee, Alvin W. Krech, Chairman, Equitable Trust Co., New York, depositary. The income bondholders were also represented by a committee. J. S. Bache, New York, Chairman, Equitable Trust Co., New York, depositary.

In December, 1905, the 1st mortgage bondholders' committee issued a plan of reorganization, approved by the income bondholders' committee. It provided for the formation of a new com-

pany, with $2,800,000 stock, $2,806,000 5 per cent. mortgage bonds and $2,500,000 adjustment 5 per cent. income bonds. The terms under which the old 1st mortgage and income bonds were to be exchanged for the new company's securities were as follows:

For each $1,000	Pay in cash	Receives New 1sts	New incomes	New stock
1st 6's	$262.50	$850	$775	$175
Incomes	52.60	70	36	335

No provision was made in the reorganization for the stock of the old company. A syndicate underwrote $740,000 of the new 1st mortgage bonds. In January, 1906, the plan was declared operative.

TENNESSEE COAL, IRON & RAILROAD CO.

(Controlled by United States Steel Corporation)

A corporation created in 1860 by the Legislature of Tennessee as the Tennessee Coal & Railroad Co. In 1881, name was changed to the present style. The property of the company consists of 450,000 acres of coal, ore, timber and limestone lands; 20 blast furnaces, with a capacity of 750,000 tons per annum, and coal mines with a developed capacity of 20,000 tons daily. In September, 1892, consolidated with the De Bardeleben Coal & Iron Co., and also acquired the Cahaba Coal Mining and Excelsior Coal Companies. The Alabama Steel & Shipbuilding Co., organized in 1898, is controlled by this company, and has a large steel plant at Ensley, Ala., with a capacity of 1,000 tons of steel per day, which is leased to this company. In 1899 the company sold the Birmingham Southern Railroad, 26 miles, connecting its various plants to the Louisville & Nashville Railroad and the Southern Railway Co's., but in July, 1906, repurchased the same.

The Alabama Steel & Shipbuilding Co. was formed in 1898 to build a large steel manufacturing plant at Ensley, Ala. It has $440,000 6 per cent. preferred stock and $1,100,000 6 per cent. bonds. Its common stock is all owned by the Tennessee Coal & Iron Co., which guarantees the bonds and dividends on the preferred stock. Half-yearly dividends of 3 per cent., January and July, are paid on the preferred stock of the Alabama company. The Tennessee Coal & Iron stockholders were, in October, 1898, offered the right to subscribe for the bonds at par, a bonus of $400 Alabama Steel & Shipbuilding preferred stock being given with each $1,000 bond.

In November, 1907, the United States Steel Corporation acquired control of this company, having offered in exchange for the common stock its own 5 per cent. 2d sinking fund bonds at the rate of $11,994.75 of bonds for each 100 shares of stock. On December 31, 1907, the United States Steel Corporation held $30,374,825 par value of the common stock and subscription receipts, being all but $220,160 of the total amount outstanding at that date. The securities acquired included $632,655 paid for in cash, being the instalment of 20 per cent. payable December 15, 1907, on the common stock subscription receipts.

Stock..Par $100...Authorized { com., $50,000,000 / pref., 1,000,000 } Issued { com., $32,541,000 / pref., 124,500 } $32,665,500

The preferred stock is 8 per cent., cumulative, and the issue of preferred was $1,000,000. In March, 1900, 54 per cent. of dividends were overdue on the preferred. In March, 1900, the total stock was increased from $20,000,000 to $23,000,000, and $1,800,000 of the issue was reserved to retire the preferred stock and accumulated dividends by giving holders 180 in new common. Most of the preferred stockholders accepted the proposal at the time of this offer. In January, 1906, it was renewed as regards the remaining outstanding preferred, but the figure at which the exchange would be made was placed at 126 for the preferred.

On January 31, 1906, the authorized common stock was increased from $23,000,000 to $30,000,000. Stockholders of record March 1, 1906, had the right to subscribe on April 16, 1906, at par to the extent of 15 per cent. of their holdings for $3,417,204 of new stock, payable 25 per cent. on subscription, 25 per cent. July 16, 1906, 25 per cent. October 16, 1906, and 25 per cent. February 1, 1907. In October, 1906, the authorized common was again increased to $50,000,000, and $3,417,200 was sold, payments for the same to be completed by August 1, 1907, making the stock issued $29,453,000. In 1907, stockholders were again offered $3,224,927 stock at par, payable 20 per cent. each October 15 and December 16, 1907, and February 17, April 15 and June 15, 1908, at which last-named date the issued common stock will be $32,541,000.

Transfer Agent, Hanover National Bank, New York. Registrar, Central Trust Co., New York.

Until 1900, no dividend had been paid on the preferred since 1893, or on the common since 1887. Payment of the full 54 per cent. of back dividends on the non-assenting preferred stock was made May 1, 1900, and regular quarterly dividends of 2 per cent. each were paid on the outstanding preferred stock in February (1), May, August and November. A dividend of 2 per cent. on the common was declared payable May 1, 1900, and similar dividends were paid in August and November, 1900. The February, 1901, dividend on the common was passed, and no further dividends were paid on it until the declaration of a quarterly dividend of 1 per cent. payable May 1, 1905, and similar quarterly dividends of 1 per cent. were subsequently paid in February, May, August and November, being at the rate of 4 per cent. per annum up to November 1, 1907, inclusive.

Street, Manhattanville & St. Nicholas Avenue Railway Co., and leased the same. In 1897, acquired control of the Dry Dock, East Broadway & Battery Railroad Co., and in January, 1898, of the Union Railway Co. of New York. The Yonkers Railroad Co. and the Tarrytown, White Plains & Mamaroneck Railway are also controlled. Total controlled, 188 miles; total of system, 215 miles of track.

In March, 1900, control of the company was acquired by the Metropolitan Street Railway Co., and on April 13, 1900, the property was leased to that company for 999 years. For the first four years of lease the rental was to be interest and net revenue above the charges. For the next two years 5 per cent. on the company's stock, 6 per cent. for next four years, and 7 per cent. dividends thereafter. The dividends under the lease were paid quarterly, until the one due October 31, 1907, which was withheld under order of the Court by the Receiver of the Metropolitan Street Railway Co.

On January 6, 1908, the company was placed in the hands of a Receiver on application of the trustee of the consolidated mortgage.

THE UNDERGROUND ELECTRIC RAILWAYS CO. OF LONDON, LIMITED

A corporation formed under the laws of Great Britain, April 9, 1902. The company controls an extensive system of traction lines in London and its vicinity, consisting of both underground and surface roads. It holds a controlling interest in the common stock of the Metropolitan District Railway Co., the original London underground line, having begun the installation of electric power on the same in 1902. Through ownership of their stocks it controls the London United Tramways Co., which has an extensive system of surface lines connecting with the Metropolitan District Railway system at Hammersmith, and the Baker Street & Waterloo Railway Co., the Great Northern, Piccadilly & Brompton Railway Co. and the Charing Cross, Euston & Hampstead Railway Co. The three latter are deep, level underground or tube roads, and are all under construction. The total length of all the lines leased and controlled, including both the completed portion and that under construction, is about 150 miles. The company in 1903-05 erected what was designed to be the largest power house in the world, at cost of about £1,200,000.

A committee to readjust the company's finances was formed in January, 1908, under the auspices of Speyer & Co., New York, and Speyer Brothers, London.

Power House debentures, 4½ per cent., May and Nov.....	775,000
Total.....	£7,775,000

The profit-sharing notes, £7,000,000 authorized, were issued in 1903 to provide capital for the construction of the new lines and the equipment of the District Railway with electric power and the completion of the power station. They are in denominations of £100 to £1,000, or $500 to $5,000 each. The company has the right to redeem the notes in whole or part at par at any time either by drawing the same or purchasing notes in the market. The notes are secured by the deposit with the London & Westminster Bank, Limited, of London, under a deed of trust, of stocks of the constituent companies, valued at over £10,000,000, including £7,750,000 of stocks of the three tube companies referred to above. It is provided that in the event of the sale of any of the latter stocks at over 95, one-half of the net profit of such sale shall be set aside for the benefit of the notes outstanding at the time of such sale. Interest on the notes is free of the British income tax, and is payable either in sterling at London or in dollars at New York. Agents for the payment of interest, the London and Westminster Bank, Limited, London, and Speyer & Co., New York.

In November, 1907, holders of profit-sharing notes were requested to deposit them with the Guaranty Trust Co., New York, under an agreement for the readjustment of the company's affairs. In December, 1907, the coupons of profit-sharing notes were purchased by Speyer & Co., New York, and Speyer Bros., London.

On April 15, 1908, a Receiver was appointed, it being stated that this was a preliminary step to a reorganization.

The company is a consolidation of the Philadelphia Traction, Electric Traction and People's Traction Companies, and in 1898 acquired and leased the Hestonville, Mantua & Fairmount system, which gave it control of the street railways of Philadelphia. Road operated, 514 miles of track.

In March, 1902, a proposition was submitted to lease the properties of this company to the Philadelphia Rapid Transit Co. for 999 years, the lessee to guarantee $1.50 per share or 3 per cent. per annum on the stock for the first two years, 4 per cent. for the third and fourth years, 5 per cent. for the fifth and sixth years, and 6 per cent. for the remainder of the lease. The proposition was ratified, and lease began July 1, 1902. The stockholders of this company also had the right to subscribe for 150,000 shares of the Rapid Transit Co.'s stock. It was also proposed to construct elevated roads on certain main streets in Philadelphia.

The Philadelphia Traction Co. was formed in 1883. It leased the Philadelphia City Passenger Railway, Philadelphia & Gray's Ferry, Union Passenger Railway, West Philadelphia Passenger Railway, Ridge Avenue Passenger Railway, Thirteenth & Fifteenth Streets, Philadelphia & Darby, Schuylkill River and the Continental Passenger Railway; and owned by a stock control the Empire, Seventeenth & Nineteenth Streets and some small connecting lines, comprising a system of about 210 miles.

The People's Traction Co., formed in 1893, leased the Germantown Passenger Railway, including the Fourth & Eighth Streets and Girard Avenue Railway Companies, and the Greene & Coates Streets Railway. It owned or controlled the People's Passenger Railway (Callowhill street line), the Philadelphia, Cheltenham & Jenkintown Passenger Railway, and other lines. Total mileage, 117 miles.

The Electric Traction Co., formed in 1893, leased the Citizens' Passenger Railway, Frankford & Southwark, including Lombard and South, and Second & Third Streets Passenger Railways, and owned controlling interest in the Lehigh Avenue Passenger Railway and in the Omnibus Co. General. Total mileage, 129 miles.

The Union Traction Co. purchased the stock of the People's Traction Co., $10,000,000, par $50, paid in $30, and of the Electric Traction Co., $50 par, full paid, $7,619,000, allotment stock, $30 per share, paid in, $1,131,000, total $8,750,000. It also leased the Philadelphia Traction Co. for 999 years at a net rental of 8 per cent., or $4 per share per annum, payable in gold, half-yearly, free of taxes.

The purchased stock of the People's and Electric Traction Companies was paid for in 4 per cent. collateral trust certificates, not redeemable before October 1, 1945, secured by deposit of purchased stocks with Pennsylvania Company for Insurances on Lives, etc., trustee. The trust certificates are guaranteed, principal and interest, by the Union Traction Co., and are in denominations of $100 and $1,000. The price paid was $76 in said certificates for each share ($30 paid in) of People's Traction stock, $85 per share for each full paid share of Electric Traction, and $76 per share for the shares of the latter company, on which $30 per share had been paid in.

July 1, 1896, the People's Traction and Electric Traction were leased to this company for all charges, including interest on the 4 per cent. stock trust certificates.

Stockholders of the Philadelphia Electric and People's Traction Companies had the privilege of subscribing for the stock of Union Traction Co. to the extent of 77 per cent. of the number of shares held.

The People's Passenger Railway stock trust certificates were issued when practically all the stock of that company was purchased by the People's Traction Co., $75 per share, payable $5 in cash and $70 in trust certificates, being given for the $2,250,000 of People's Passenger Railway stock. The trust certificates are secured by the deposit with the Pennsylvania Company for Insurance on Lives and Granting Annuities, trustee, of 14 2-7 shares of the People's Passenger Railway shares for each $1,000 issued.

Earnings are included in those of the lessee, the Philadelphia Rapid Transit Co.

The 1st preferred stock is 7 per cent., cumulative; the 2d preferred 8 per cent., cumulative. Of the 2d preferred an amount of $2,000,000 remains in the company's treasury.

In 1904, the 2d preferred stock was increased $1,000,000, the additional stock being subscribed at par by all the stockholders on the basis of one new share for each 18 shares held.

Stock is transferred at 280 Broadway, New York. Registrar, New York Trust Co.

The dividends paid have been as follows: On the 1st preferred, in 1893, 3½ per cent., in 1894, and each year since, 7 per cent.; on the 2d preferred, in 1895, 6 per cent., in 1896, 6 per cent., in 1897, 8 per cent., in 1898, 8 per cent., in 1899, 8 per cent., in 1900, 8 per cent. and 8 per cent. extra, the latter being on account of past due dividends, which were thus reduced to 8 per cent. In 1901, 16 per cent. was paid on the 2d preferred, which completed the overdue dividends. The preferred dividends are paid half-yearly, April and October. The first dividend on the common stock was 3 per cent., paid April 1, 1902, and similar dividends have since been paid half yearly in April and October, the common stock being thus placed on a 6 per cent. dividend basis, which has since been maintained.

No reports of the company's earnings are published.

UNITED BANK NOTE CORPORATION

A corporation formed under the laws of New York, February 20, 1906, to acquire the American Bank Note Co. and other properties. Under the plan for the acquisition of the American Bank Note Co., the latter's stockholders received one share of preferred stock and one share of common stock of the new corporation for each share of American Bank Note Co. stock deposited. Any portion of the new stock not taken under this offer might be disposed of at not less than par for the acquisition of stock or property of the American Bank Note Co., and for no other purpose. In addition there was offered to depositing stockholders, at the rate of $75 per share, one share of preferred accompanied by one share of common stock to provide working capital and investment fund, $400,000. This provides for an issue of $4,000,000 preferred and $4,000,000 common stock, leaving for other purposes $1,000,000 for each class of stock.

The American Bank Note Co. was a New York corporation, originally chartered in 1858 and reorganized in 1879. Its stock consisted of 72,000 shares which had no par value, though it was customary to consider them as being the equivalent of $50 each. In recent years the old company paid dividends of $3 per share per annum on its stock, the payments being 50 cents per share each in March and September and $1 per share each in June and December.

The property of the American Bank Note Co. consists of a large plant at New York for the engraving and printing of bank notes, bonds, stock certificates, etc. It also has branch establishments in Philadelphia, Boston and Ottawa, Canada. It was stated in the plan for the formation of the new company that one of its principal objects was to provide additional capital for the enlargement of the plants and also to extend the operations of the company in the United States and other countries. In 1907, a large building was erected by the American Bank Note Co., at Broad and Beaver streets, New York.

					$8,000,000

The preferred stock is 6 per cent., cumulative. Stock is transferred at the office of the company, New York. Registrar, Bankers Trust Co., New York.

The first dividend on the preferred stock of the United Bank Note Corporation was 1½ per cent., quarterly paid July, 1906, and similar dividends have since been paid, the dividend periods being January (1) April, July and October. On the common stock, quarterly dividends of 1 per cent. are paid in February (15), May, August and November.

There was to be issued under the above plan, $3,600,000 each of the preferred and common stocks in exchange for the shares of the old company and under the offer of subscription at $75 cash for a preferred and common share, $400,000 of each class, leaving $500,000 of each to be held for the acquisition of additional property and $500,000 reserved to be sold at not less than par.

UNITED COPPER CO.

A corporation formed under the laws of New Jersey, April 28, 1902. The company acquired nearly all the stock of the following companies:

Montana Ore Purchasing Co.
Nipper Consolidated Copper Co.
Cora-Rock Island Mining Co.
Minnie Healey Mining Co.
Belmont Mining Co.

In February, 1906, those copper properties of the company at and near Butte, Mont., which were in litigation, including the Minnie Healey, Michael Davitt, Guardian, Nipper, Rarus and other mines, and its interests in the Tramway and Snohomish mines and in the Montana Ore Purchasing Co., were sold and transferred to Thomas F. Cole and associates. The new owners organized a company under the title of the Butte Coalition Mining Co. to hold the control of said properties. The United Copper Co. retained, however, its interest in the Lexington group of mines and has other mining properties. See statement of the Butte Coalition Mining Co.

UNITED RAILROADS OF SAN FRANCISCO

A corporation formed under the laws of California, March 4, 1902. The company was organized to consolidate certain street railways of San Francisco. The following companies were included in the combination:

Market Street Railway Co.
Sutter Street Railway Co.
San Francisco & San Mateo Railway Co.
Sutro Railroad Co.

This company controls and operates an aggregate mileage of 248.72 miles. Prior to the earthquake in 1906, 54 miles of the lines were operated by cable, but these have been changed to electric trolley.

The stocks of the above companies were acquired by the United Railways Investment Co. a New Jersey corporation. See statement of that company.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE

A corporation formed in 1899 to consolidate all the street railways of Baltimore, Md. The company acquired the entire capital stock of the Baltimore City Passenger Railway Co. and of the Baltimore Consolidated Railway Co. It also controls the Baltimore, Sparrow's Point & Chesapeake Railway Co.

The United Electric Light & Power Co., comprising all the electric light and power plants of Baltimore, was also acquired by the interests which organized this company, and in November, 1899, this company gave $2,000,000 of its common stock for $2,000,000 of the stock of the United Electric Light & Power Co., but these lighting interests were sold in January, 1903. Total mileage of railway lines, 396 miles.

The Maryland Electric Railways Co., is controlled in the interest of this company. That organization acquired the Baltimore & Annapolis Short Line (steam) Railroad, which is to be equipped with electric power. The United Railways & Electric Co. is to purchase the property of the Maryland Electric Railways Co. at the maturity of the latter's bonds for sufficient to retire the latter.

Stock..Par $50..Authorized { com., $24,000,000 ; pref., 14,000,000 } Issued { com., $15,000,000 ; pref., 55,000 } $15,055,000

The preferred stock is 4 per cent., cumulative. Transfer Agents, for both common and preferred, Alexander Brown & Sons, Baltimore.

Dividends on the preferred stock were ½ per cent. in June, 1899; 2½ per cent. in December, 1899, and 2 per cent. semi-annually since that time, payments being made in June and December. The June, 1904, dividend was, however, passed on account of the Baltimore fire. The dividends on the preferred, but not the interest on the income bonds, are subject to a deduction of ¼ of 1 per cent. for taxes.

In March, 1905, a majority of the stock was deposited in a voting trust for three years, from February 25, 1905. On its expiration in February, 1908, a new voting trust was formed to continue until May 25, 1911. Voting trustees, Alexander Brown, H. Crawford Black and F. A. Furst, Baltimore.

UNITED RAILWAYS CO. OF ST. LOUIS

A corporation formed under the laws of Missouri, March 11, 1898. The company succeeded the Central Traction Co. and in 1899 acquired control of the street railway organizations in St. Louis, except the St. Louis & Suburban, and changed its name to the above style.

The companies acquired were the Lindell Railway Co., Missouri Railroad Co., National Railway Co., Union Depot Railroad Co., People's Railway Co. and Southern Electric Railway Co., with their auxiliaries. In October, 1906, control of the St. Louis Suburban Railway Co. was acquired. The total mileage is 456 miles.

In 1899, a lease of the property was made to another organization, the St. Louis Transit Co., but in 1904 the lease was canceled and the roads were returned to this company.

The company is controlled by the North American Co. through ownership of a majority of its common stock.

Stock..Par $100...Authorized { com., $25,000,000 / pref., 20,000,000 } Issued { com., $24,913,800 / pref., 19,983,200 } $44,897,000

The preferred stock is 5 per cent., cumulative. Stock is transferred at the office of the company, St. Louis, and by the United States Mortgage & Trust Co., New York. Registrars, St. Louis Union Trust Co., St. Louis; United States Trust Co., New York.

The St. Louis Transit Co. had $20,000,000 of authorized stock, of which amount $17,264,300 was outstanding. In the readjustment of the two companies, which was proposed in October, 1904, the stock was exchanged for $6,905,720 treasury common stock of the United Railways Co.; of the preferred $7,000,000 was placed in trust to be used for improvements.

The absorption of the St. Louis & Suburban Railway Co. in 1906 was effected by an exchange of its $4,000,000 stock for preferred stock of this company share for share. It was provided, however, that no dividend should be paid on this preferred stock until January, 1908.

On the preferred stock of the United Railways, under the lease, the Transit Co. guarantees the payment of the 5 per cent. cumulative dividends. The dividends are quarterly, 1¼ per cent. each, in January (10), April, July and October. The first dividend was paid April 10, 1901, and dividends of the same amount have since been paid regularly.

UNITED RAILWAYS INVESTMENT CO.

A corporation formed under the laws of New Jersey, February 17, 1902, under the title of United Railways Investment Co. of San Francisco, the name being changed to the present style in September, 1906. The company acquired the stocks, common and preferred, of the United Railroads of San Francisco, except eleven shares of common necessary to qualify directors, and thus controls the railway system operated by the latter. See statement of that company.

In February, 1906, the company acquired $21,000,000 of the $30,000,000 common stock of the Philadelphia Co. of Pittsburg in exchange for $6,400,000 of this company's common stock and $12,000,000 of 5 per cent. collateral trust bonds. The stockholders of the Philadelphia Co. were invited to exchange 16-30 of their common stock, receiving for each $50 share $37.50 on the new bonds, and either $20 in stock or $19 in cash. In April, 1907, $3,200,000 additional was acquired by means of a further issue of the bonds in question.

Stock...Par $100... Authorized { com., $25,000,000 / pref., 15,000,000 } Issued { com., $19,400,000 / pref., 15,000,000 } $34,400,000

The preferred stock is 5 per cent., cumulative, and is preferred also as to assets. It can be retired at any time after three years from date of issue at 110 and accrued dividends. Transfer Agent, Mercantile Trust Co., New York. Registrar, United States Mortgage & Trust Co., New York.

In February, 1906, the authorized common stock was increased from $10,000,000 to $25,000,000 to provide for the acquisition of a majority interest in the Philadelphia Co. and other corporate purposes.

The first dividend on the preferred stock was 1½ per cent., paid January 3, 1903, and similar dividends were paid in July, 1903, and January, 1904. In July, 1904, 1¾ per cent. was paid, on January 3, 1905, 2 per cent., July 1, 1905, 2 per cent., January 2, 1906, 2½ per cent., and in March 1906, a dividend of 4¼ per cent. was declared payable May 1, 1906, completing the arrears of cumulative dividends on the preferred. In consequence of the San Francisco earthquake this

dividend was paid in interest bearing scrip instead of in cash, the payments being in April, July, 1906, and January, 1907, scrip dividends of 2½ per cent. were also paid, but the July, 1907 dividend was passed.

The old company had outstanding $10,720,850 of common and $9,937,000 of 6 per cent. cumulative preferred stock. Under the plan of reorganization the old preferred was exchanged at par for new preferred, receiving also 1¾ per cent. cash, and the old common was exchanged for 150 per cent. in new common and 3 per cent. cash. All but a small percentage of the old stock has been exchanged for the new under this arrangement.

In November, 1906, common stockholders were given the right to subscribe at par for $1,628,400 new common with which to provide for improvements. In July, 1907, $4,464,500 additional common stock was issued as a stock dividend of 25 per cent. on the common stock.

The old company began regular dividend payments with ¼ per cent. on the preferred and 2½ per cent. on the common, paid April 15, 1899. It paid regular dividends at the rate of 6 per cent. per annum on the preferred and 8 per cent. on the common; the dividends on both classes of stock are paid quarterly, January (5), April, July and October.

The first dividend on the new preferred was 1½ quarterly, October 15, 1905, and similar dividends have since been paid quarterly in January (15), April, July and October. The first dividend on the new common was 2 per cent. quarterly, paid October 15, 1905, and similar quarterly dividends at 8 per cent. per annum have since been paid, the dividend periods being the same as those for the preferred stock. On July 15, 1907, the common received the above mentioned 25 per cent. stock dividend.

In the year ending March 1, 1906, the net earnings were reported as $3,956,200; in 1906-07, $4,183,000.

Total credit to profit and loss March 1, 1905, $6,710,914. On March 1, 1906, this item was $8,774,605 and on March 1, 1907, $11,126,350.

UNITED STATES CAST IRON PIPE & FOUNDRY CO.

A corporation formed under the laws of New Jersey, March 13, 1899. The purpose of the organization was to unite the concerns which control the larger part of the cast iron pipe production of the United States.

This company owns some ten plants. The concerns included in this company have a capacity of 450,000 tons per annum out of a total estimated yearly production of 600,000 tons of iron pipe in the United States.

Stock..Par $100..Authorized { com., $15,000,000 / pref., 15,000,000 } Issued { com., $12,500,000 / pref., 12,500,000 } $25,000,000

The preferred stock is 7 per cent., non-cumulative. An amount of $2,500,000 each of preferred and common remains in the treasury of the company.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The outstanding bonds of the American Pipe & Foundry Co., one of the constituent concerns are $1,194,000, bearing 6 per cent. They mature in 1928, interest January and July, and are provided for by an annual sinking fund for their retirement.

The company began the payment of regular quarterly dividends on the preferred stock with a payment of 1¾ per cent. December 1, 1899, and paid similar dividends in March and June, 1900, but the September, 1900, dividend was passed and none was paid until March 1, 1902, when 1 per cent. was paid on the preferred stock, the same rate on the preferred being paid quarterly, in March, June, September and December, until June, 1904, inclusive. In September, 1904, and December, 1904 the dividends were 1¾ per cent. each, but the March 1, 1905, dividend was increased to 1¾ per cent., placing the preferred upon a 7 per cent. dividend basis, and the subsequent dividends thereon have been at that rate. The first dividend on the common stock was 1 per cent., paid December 1, 1905, after which time quarterly dividends of 1 per cent. each, or at the rate of 4 per cent. per annum, were in March (1), June, September and December. The March, 1908 dividend was, however, deferred.

UNITED STATES RUBBER CO.

A corporation formed under the laws of New Jersey in April, 1892. Its object is the manufacture of rubber goods, principally boots and shoes. The property of the following concerns was acquired by the company:

American Rubber Co., Boston.
The Joseph Banigan Rubber Co., Providence.
Boston Rubber Co., Boston.
Boston Rubber Shoe Co., Boston.
L. Candee & Co., New Haven, Conn.
Colchester Rubber Co., Colchester, Conn.
Goodyear's Metallic Rubber Shoe Co., Naugatuck, Conn.
Goodyear's India Rubber Glove Manufacturing Co., Naugatuck, Conn.
Lycoming Rubber Co., Williamsport, Pa.
Marvel Rubber Co., Woonsocket, R. I.
Meyer Rubber Co., New Brunswick, N. J.
National India Rubber Co., Bristol, R. I.
New Brunswick Rubber Co., New Brunswick, N. J.
New Jersey Rubber Shoe Co., New Brunswick, N. J.
Para Rubber Shoe Co., Boston.
Woonsocket Rubber Co., Woonsocket, R. I.

In May, 1905, this company purchased a large majority of the stocks of the Rubber Goods Manufacturing Co. See below, and also statement of the latter company.

The General Rubber Co., formed in 1905, to deal in crude rubbers, and which has a capital of $3,000,000, is jointly controlled by this company and the Rubber Goods Manufacturing Co.

In 1906, this company organized an English corporation, Wm. Symington & Co., Limited, with an authorized capital of $2,500,000, for the purpose of dealing in crude rubber.

Stock..Par $100...Authorized { com., $25,000,000; 1st pref., 40,000,000; 2d pref. 10,000,000 } Issued { com., $25,000,000; pref., 36,263,000; 2d pref., 9,965,000 } $71,228,000

The 1st preferred stock is 8 per cent., non-cumulative. The authorized amount was originally $25,000,000, but it was increased in May, 1905, to $40,000,000. The second preferred stock is 6 per cent., non-cumulative, and was created in 1905, in connection with the plan to acquire control of the Rubber Goods Manufacturing Co. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The company from 1893 to 1900, inclusive, paid 8 per cent. per annum on its preferred (now first preferred) stock, except in 1897, when 6 per cent. was paid. In January, 1901, the quarterly dividend on the preferred was reduced from 2 to 1 per cent., and no further dividends were paid from that date until June, 1904, when dividends on the preferred were resumed with a payment of 1½ per cent., further dividends of 1½ per cent. each being paid on September 15, 1904, December 15, 1904, and March 15, 1905. In May, 1905, 2 per cent. and 1½ per cent. extra were paid, and in August and October, 1905, and January, 1906, 2 per cent. was paid, which has since been the regular quarterly rate, paid in January (31), April, July and October on the 1st preferred.

The first dividend on the second preferred stock was 1½ per cent. quarterly, paid October 31, 1905, and similar quarterly dividends being 6 per cent. per annum have since been paid in January (31), April, July and October.

In March, 1895, 2½ per cent. was paid on the common stock, being the first dividend on the common. In December, 1896, 2 per cent. was declared on the common, payable February 15, 1897. In July, 1899, 1 per cent. was paid on the common. Dividends of 1 per cent. each were also paid on the common October, 1899, January, 1900, and April 30, 1900, but the July, 1900, dividend was passed and no dividends on the common stock have since been paid.

The arrangement under which this company acquired the greater part of the common and preferred stock of the Rubber Goods Manufacturing Co., as per plan of May 27, 1905, included the acceptance by the common stockholders of that company of 50 per cent. of the par value of their stock in second preferred stock of this company, and by the Rubber Goods preferred shareholders of an equal amount of the first preferred stock of this company. For this purpose there has been issued $7,937,500 of this company's 1st preferred and $9,965,000 of its 2d preferred stock.

In March, 1902, the company issued $12,000,000 of 5 per cent. gold notes, maturing March (15), 1905, their purpose being to fund the floating indebtedness of the United States Rubber Co. and of its constituent companies, and in March, 1905, this amount was reduced to $8,000,000, and a new issue was made to take up the balance of the first issue. The second series matured March (15), 1908, and were replaced by the present notes due September (15), 1909. The notes may be redeemed at the company's office on any interest date.

This company and the Rubber Goods Manufacturing Co. jointly guarantee the General Rubber Co. debentures. The authorized issue of the same is $9,000,000.

UNITED STATES SMELTING, REFINING & MINING CO.

A corporation formed under the laws of Maine, March 10, 1906. The company was organized in pursuance of a plan for the financial reorganization of the United States Mining Co. The latter company was formed under the laws of Maine in 1899 and acquired the Jordan and Telegraph mines at Bingham, Utah, which had been operated for over thirty years, together with an interest in other properties adjoining them, the whole tract being traversed by the Jordan, also known as the Highland Boy, and other veins, and contains gold, silver, copper and lead values. A 1,000-ton smelter was completed in November, 1902, and a lead smelter was constructed in 1904 at West Jordan, near Salt Lake City, Utah. The smelters were owned by the United States Smelting Co., all the stock of which is held by the United States Mining Co. In 1901, the company acquired substantially all the capital stock of the Centennial-Eureka Mining Co., operating mines at Tintic, Utah. In September, 1904, the company purchased the stock of the Mammoth Copper Mining Co., owning mines in Shasta County, California.

In February, 1906, the company acquired the Real Del Monte mine at Pachuca, Mexico. The company controls the American Exploration Co., and has an interest in the Richmond Eureka Mining Co.

The United States Mining Co. has an authorized capital of $14,000,000, the par value of its shares being $25, while the outstanding stock was $13,989,000. The plan of reorganization submitted in January, 1906, provided for the formation of the new company with $37,500,000 common and $37,500,000 preferred stock of a par value of $25, the holders of the old stock being invited to deposit the same with the City Trust Co., Boston, by January 23, 1906, and exchange it for $37.50 of new preferred, $12.50 of new common and $1 in cash for each $25 share of the old company. It was arranged that $6,000,000 of the new common stock should be underwritten at par ($50) for a commission of $4 per share and $5,595,700 of this stock was offered for subscription at par by the stockholders of the United States Mining Co. in the proportion of one share of the new for five shares of the old stock exchanged, payment on such subscriptions to be made in four instalments of 25 per cent. each on February 6, March 6, April 6 and May 6, 1906. The underwriting syndicate was formed by Lee, Higginson & Co. and Hayden, Stone & Co., Boston. Under this agreement nearly all the stock of the United States Mining Co. was deposited and exchanged.

Stock..Par $50...Authorized { com., $37,500,000 / pref., 37,500,000 } Issued { com., $17,536,850 / pref., 24,284,012 } $41,820,862

The preferred stock is 7 per cent. cumulative, It was provided that the cumulative dividends on this issue should begin to run from April 15, 1906.

In October, 1906, stockholders were given the right to subscribe at par for $2,503,400 each of new common and preferred stock. In 1907, $799,200 additional preferred was issued to pay for property acquired.

Net earnings for 1906 were estimated at about $3,500,000.

The 1st dividend on the preferred was 87½ cents per share or 1¾ per cent. paid in April, 1906, which has since been the regular quarterly rate in January (15), April, July and October.

In January, 1907, it was decided to place the common stock on a 7 per cent. basis and a dividend of 1¾ per cent. was declared payable April 15, 1907, and similar dividends were paid in July and October, 1907. The January, 1908, dividend was, however, reduced to 1 per cent.

There are $500,000 6 per cent. debenture bonds of the United States Mining Co. due in 1909.

UNITED STATES STEEL CORPORATION

A corporation formed under the laws of New Jersey, February 25, 1901, the articles of incorporation having been amended April 1, 1901. The corporation was organized to acquire the stocks of companies engaged in the steel and allied industries. The organizations which it acquired were as follows:

The Carnegie Co.	American Tin Plate Co.	Lake Superior Consolidated Iron Mines.
Federal Steel Co.	American Bridge Co.	Union Steel Co.
American Steel & Wire Co.	American Steel Hoop Co.	Troy Steel Products Co.
National Tube Co.	American Sheet Steel Co.	Clairton Steel Co.
National Steel Co.	Shelby Steel Tube Co.	

Several of the original constituent companies were consolidated in 1903, in order to economize and concentrate the operations of the corporation. At the end of 1906 the operating companies comprised the following:

Carnegie Steel Co.	Illinois Steel Co.
Lorain Steel Co.	American Steel & Wire Co.
National Tube Cos.	Shelby Steel Tube Co.
American Sheet & Tin Plate Co.	American Bridge Co.
Union Steel Co.	Clairton Steel Co.
Universal Portland Cement Co.	

In addition to this the corporation controls the Indiana Steel Co. and the Great Western Mining Co. In November, 1907, it acquired nearly all the stock of the Tennessee Coal, Iron & Railroad Co. See below.

Details as to the operating companies were given in connection with the statement of the United States Steel Corporation in the MANUAL for 1903.

The Union Steel Co. and its controlled property the Sharon Steel Co. were acquired in 1902, and the Troy Steel Products Co. was also acquired in the same year.

In May, 1904, the Clairton Steel Co. was acquired from the Crucible Steel Co. of America, this corporation guaranteeing the bonds of the Clairton Steel Co.

In 1906, a subsidiary company, the Universal Portland Cement Co., was formed, which took over the cement plants near Chicago which had been operated by the Illinois Steel Co. The new company constructed two additional plants at Buffington, Ind., and Universal, Pa., near Pittsburg, the aggregate output of cement in 1907 having been 2,129,700 barrels.

The Elgin, Joliet & Eastern Railway, the Pittsburg, Bessemer & Lake Erie Railroad, the Duluth & Iron Range Railroad and the Duluth, Missabe & Northern Railway, with some short railroad lines, are owned or controlled by various constituent companies acquired by this company, the mileage of all such lines January 1, 1908, being 863.56 miles and the equipment of the same comprised 908 locomotives and 42,745 cars.

The united plants of the organizations owned and controlled comprised in January, 1908, 116 blast furnaces, 15 Bessemer steel works, 19 open-hearth steel works, 8 rail mills, 37 sheet and tin plate mills, 14 bridge and structural plants, 16 tube mills and a large number of other establishments, including bar mills, plate mills, wire rod and nail mills, and Portland cement works.

In addition to the manufacturing plants are Lake Superior iron mines, the production of which in 1905 was 18,486,556 tons; in 1906, 20,645,148 tons and in 1907, 22,403,801 tons of ore, and the marine equipment on the lakes operated in conjunction with the ore properties consisting of 76 steamers and 29 barges. The coking interests comprise 72 coking plants, which in 1906 produced 13,295,075 tons of coke and in 1907, 12,373,938 tons. The subsidiary companies own 62,253 acres of coking coal land in Pennsylvania and lease 65,497 acres in the Pocahontas district, W. Va., in addition to which 31,928 acres of steam coal lands are owned. The corporation

also owns water supply plants, natural gas properties, and ore docks at various points on the lakes.

In October, 1906, arrangements were made to lease a large acreage of iron ore lands belonging to the Great Northern Railway Co., title to which was held by the Lake Superior Co., Limited, a subsidiary organization of the Railway Co. The properties were to be leased to the Great Western Mining Co., a corporation organized for the purpose and controlled by the United States Steel Corporation, which it was provided should guarantee the lease. Under the lease the lessee shall mine from the properties a minimum of 750,000 tons of ore in the year 1907 and the amount to be mined shall be increased by 750,000 tons each year until it reaches 8,250,000 tons. The annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. The royalty to be paid is $1.65 per ton for ore containing 59 per cent. of metallic iron in the ore mined and shipped in 1907, but this base price shall increase by 3 4-10 cents per ton each succeeding year, the royalty, however, to be increased or diminished on a fixed scale as the ore may prove to be higher or lower in grade than the above 59 per cent. of metallic iron.

In 1905 it was decided to erect a new large modern steel plant in the Chicago district. To this end The Indiana Steel Co. was incorporated, which is constructing the plant; also The Gary Land Co., which owns and is improving the site of the City of Gary, Ind., where the plant is to be located, a tract of about 9,000 acres having been acquired with a large frontage on the shore of Lake Michigan. During 1906-07 substantial progress was made in construction work both on the city and the steel plant. The latter will include 8 blast furnaces, 56 open-hearth steel furnaces, blooming and rail mills, finishing mills and accessory works. Up to the end of 1907, $24,063,388 have been expended for these purposes, including payments for real estate, and there was held in a special fund available for the work $26,051,242. The estimated further outlay on the plans for the city and plant during 1908 was $18,000,000.

In November, 1907, the corporation acquired $30,374,825 par value of the common stock and subscriptions receipts of the Tennessee Coal, Iron & Railroad Co., being all but $220,160 of the amount thereof outstanding on January 1, 1908. In payment therefor the corporation delivered its 10-60 year sinking fund 5 per cent. gold at the rate of $11,904.76 of said bonds for each $10,000 par value of the stock, the total par value of the bonds issued or purchased in connection with this transaction being $35,317,632. See statement of the Tennessee Coal, Iron & Railroad Co.

In 1907 it was decided to erect an iron and steel plant of moderate size near Duluth, Minn. for which purpose a tract of about 1,580 acres was purchased.

The principal output of the several operated properties in 1905, 1906 and 1907 was as follows:

	1905 Tons	1906 Tons	1907 Tons
Iron ore mined	18,486,556	20,645,148	22,403,801
Coke manufactured	12,242,909	13,295,075	12,373,936

The preferred stock is 7 per cent., cumulative, with a preference for principal and unpaid dividends in case of a dissolution of the corporation. The charter provides that if in any year dividends amounting to 7 per cent. shall not have been paid on the preferred, the deficiency shall be payable before any dividends shall be payable on the common stock. Whenever all cumulative dividends on the preferred stock for previous years shall have been declared and become payable, and the accrued quarterly instalments for the current year shall have been set aside from surplus or net profits, the Board of Directors may declare dividends on the common stock out of any remaining surplus or profits. See below in regard to the retirement of a portion of the stock. The stock may be increased from time to time at the discretion of the directors.

Stock is transferred at the offices of the corporation, 71 Broadway, New York, and 51 Newark street, Hoboken, N. J. Registrar of common stock, Guaranty Trust Co., New York. Registrar of preferred stock, New York Trust Co., New York.

Regular quarterly dividends on the preferred stock at the full rate of 7 per cent. per annum, or 1¾ per cent. quarterly, have been paid, in February (28), May, August and November, from August, 1901, inclusive.

The first dividend on the common stock was 1 per cent. quarterly, paid September 14, 1901, and regular quarterly dividends at the same rate, or 4 per cent. per annum, were paid in March, June, September and December until September, 1903, inclusive, the December, 1903, dividend being reduced to ½ per cent., and the March, 1904, dividend was passed and no dividends were paid on the common stock until 1906, when 1 per cent. was paid on October 1, ½ per cent. being

for the quarter ending March 31, 1906, and ½ per cent. for the quarter ending June 30, 1906. On December 31, 1906, a quarterly dividend of ½ per cent. was paid and the same has since continued to be the regular quarterly rate.

See also separate statement of the Tennessee Coal, Iron & RailroadCo. for its funded debt.

The total funded debt December 31, 1907 (including the bonds of the controlled railroads and those of the Tennessee Coal, Iron & Railroad Co.) held by the public was $600,185,270. At that date there were also real estate mortgages and purchase money obligations amounting to $5,393,941.

On December 31, 1907, there were in the company's treasury, subject to sale, bonds and other securities aggregating a par value of $10,222,000. The company had $30,000,000 of the 10-60 5 per cent. sinking fund bonds in its treasury, but these were used in November, 1907, to pay for the purchase of the Tennessee Coal, Iron & Railroad stock. The total amount of the bonds used in that transaction was $35,317,632, the balance in excess of the $30,000,000 held by the company being bought in the market.

The collateral trust 5 per cent. bonds, due 1951, are $304,000,000, authorized, secured by the deposit with the United States Trust Co., New York, of all the securities of the constituent companies acquired by this corporation. Series A, C and E of the bonds, aggregating $154,000,000, can be called at 115 in whole or part after April 1, 1911. A sinking fund of $3,040,000 per annum began June 1, 1902, to purchase bonds at not above 115 and interest, and after April 1, 1911, bonds of the series mentioned above may be drawn for the sinking fund. The purpose of the bond issue was to acquire and retire the $159,450,000 5 per cent. bonds of the Carnegie Co. and to purchase the stock of that company. Coupons of the collateral trust 5 per cent. bonds, due 1951, are payable at the office of J. P. Morgan & Co., New York.

In March, 1902, it was announced that the corporation would issue $250,000,000 of 5 per cent. bonds with which to retire 40 per cent., or $200,000,000, of its preferred stock and to provide

$50,000,000 of additional working capital. Suits were, however, brought to enjoin this plan, and it was not until February, 1903, that the Court of Errors and Appeals of New Jersey finally decided in favor of the corporation.

On March 3, 1903, J. P. Morgan & Co., New York, acting on behalf of the corporation, submitted the following offer to every holder of preferred stock of record at the close of business March 16, 1903, and during sixty days from and after that date:

(1) The preferential opportunity to subscribe, at par, for ten sixty-year 5 per cent. sinking fund gold bonds of the United States Steel Corporation, in such even amounts (*i. e.*, $500 or multiples thereof) as such holder of preferred stock may desire, in the aggregate not exceeding $200,000,000, nor in any instance exceeding 40 per cent. of the par amount of the preferred stock standing in the name of such holder of preferred stock at the closing of the books on March 16, 1903. Such subscription to be payable in preferred stock of United States Steel Corporation at par: that is to say, five shares of such preferred stock for each $500 of such bonds; and also.

(2) The like opportunity to make an additional subscription, payable in cash, for bonds of such issue, at par and accrued interest, to an even amount approximately equal to 10 per cent. of the par amount of the preferred stock standing in the name of such preferred stockholder on March 16, 1903.

Under the terms of this plan $150,000,000 of the preferred stock was retired. See below in regard to the bond issue and the arrangements between the corporation and the syndicate which was formed to facilitate the conversion.

The 2d mortgage 10-60 year 5 per cent. bonds, due 1963, are subject to call at 110 after 1913, the total authorized issue being $250,000,000. Trustee of the mortgage, United States Trust Co., New York. Coupons are paid at the office of J. P. Morgan & Co., New York. The original plan included the issue of $200,000,000 of the bonds against the conversion of that amount of preferred stock, as stated above, and the sale of $50,000,000 at par for cash to provide for improvements and additional working capital. A syndicate managed by J. P. Morgan & Co., New York, was formed to underwrite the preferred stock conversion up to $80,000,000 as a minimum, and also to guarantee the subscription for $20,000,000 of the bonds to be sold for cash. The compensation to the syndicate was to be 4 per cent. on all bonds issued. In November, 1903, it was announced that the contract between the corporation and the syndicate had been canceled beyond the amount of $150,000,000. Under this arrangement the bonds sold for cash at par aggregated $20,000,000, and bonds issued against stock converted $150,000,000. There were $30,000,000 bonds (the balance of the $50,000,000 which were to be sold for cash) left available for future sale, and which remain in the treasury. Also $50,000,000 (the balance of the $200,000,000 which were to be exchanged for preferred stock) left available for such exchange, and to be dealt with in the future as the directors determine. It was, however, stated that it was not the intention of the corporation to make immediate conversions of the preferred stock.

Under these arrangements the amount of the 5 per cent. sinking fund and 2d mortgage bonds issued was $170,000,000, and the preferred stock outstanding was reduced from $510,314,100 to $360,281,100.

On December 31, 1905, the sinking fund trustees held $19,902,000 of the bonds of this company and its subsidiary organizations. On December 31, 1906, the amount so held was $24,767,500, the trustees at that date also holding $397,287 cash in the sinking fund. On December 31, 1907, bonds held, $31,559,000, cash $444,200.

The Union Steel Co. 1st mortgage was created in 1902 and is $45,000,000 authorized. Trustee of the mortgage, New York Trust Co. Principal and interest is guaranteed by the United States Steel Corporation. There is a sinking fund of 2 per cent. of the amount of the bonds each year, bonds to be purchased at not above 110 after 1907, the bonds to be redeemable at 110 and interest.

Under the arrangement for the acquisition of the Clairton Steel Co. in 1904, the United States Steel Corporation guaranteed the Clairton Steel Co. 5s, the St. Clair Steel Co. 1st 5s and the St. Clair Furnace Co. 1st 5s. It also assumed $1,666,715 of real estate mortgages on the above properties.

See statements of the Elgin, Joliet & Eastern Railway; the Pittsburg, Bessemer & Lake Erie Railroad; the Duluth & Iron Range Railroad, and the Duluth, Missabe & Northern Railroad, under their respective titles in the Railroad Section of the MANUAL, for their funded debts.

The operations of the company began April 1, 1901, but it was determined later that the corporation's fiscal year, instead of terminating April 1, should correspond with the calendar year.

By its articles of incorporation the corporation is empowered to manufacture iron, steel, manganese, coke, copper, lumber and other materials, and all articles consisting or partly consisting of iron, steel, copper, wood or other materials, and all or any products thereof.

To acquire, lease, or occupy, use or develop any lands containing coal, iron, manganese, stone, or other ores, oil or wood lands, to mine and buy and sell these or other materials, and to construct bridges, buildings, machinery, ships, boats, engines, cars and other equipment, railroads, docks, slips, elevators, water, gas and electric works, viaducts, canals and other waterways. It is stipulated, however, that the corporation shall not maintain or operate any railroad or canal in New Jersey. The corporation is also empowered to acquire and deal in trade marks, trade names, patents, inventions, improvements, processes, etc., and to acquire and deal in stocks, bonds and other securities of other corporations engaged in the acquisition, manufacture and sale of the products mentioned.

The corporation is also empowered to engage in other manufacturing, mining, construction or transportation business of any kind or character whatsoever, and to that end to acquire, deal in and dispose of all property, assets, stocks and bonds, and rights of any and every kind, but not to engage in any business hereunder which shall require the exercise of the right of eminent domain within the State of New Jersey.

The corporation also may acquire by purchase, subscription or otherwise, and hold or dispose of, stocks, bonds or other obligations of any corporation formed or engaged in the objects or operations indicated. The corporation may hold for investment the securities or obligations of any such other corporation and also aid in any manner any corporation whose obligations are held or guaranteed by this company.

The corporation may conduct its business in any other States or Territories or foreign countries, may have more than one office, and keep the books of the corporation outside of New Jersey, except as otherwise may be provided by law, and it also may have real estate transactions either in or out of the State.

Without in any particular limiting any of the objects and powers of the corporation, it is provided that the corporation shall have power to issue bonds and other obligations in payment for property purchased or acquired, or for any other object in or about its business; to mortgage or pledge stocks, bonds or other obligations of any property which may be acquired by it to secure obligations issued or incurred, to guarantee dividends, bonds or contracts, and to make or perform contracts of any description.

It is provided that the number of directors may be increased from time to time as fixed, but if fixed at more than three, by some multiple of three. Directors are to fill one, two and three-year terms.

The directors are authorized to delegate their powers to an executive committee. The board has the power to fix and determine the amount of working capital and to direct and determine the use and disposition of any surplus and net profits over and above the capital stock paid, and to follow out other transactions provided and allowed by law.

By an amendment to the articles of incorporation the corporation accepted the benefit of the New Jersey statute providing that two-thirds of the stock represented at an annual or special meeting may authorize the directors to create mortgages or pledge the assets of the company.

UNITED TRACTION & ELECTRIC CO.

A corporation formed under the laws of New Jersey in 1893.

The company controls 270 miles of electric railway, including all street railways in the cities of Providence and Pawtucket, R. I., and surrounding towns. It owns all the stock of the Rhode Island Suburban Railway Co. and owns practically all the stock and bonds of the Union Railroad Co. and Pawtucket Street Railway Co., and the stock of the Providence Cable Tramway Co.

In 1902, the properties controlled by this company were leased for 999 years to the Rhode Island Co., which is owned by the Rhode Island Securities Co. The rental is a sum sufficient to pay fixed charges and 5 per cent. on the stock of the United Traction & Electric Co. The rental was guaranteed by The United Gas Improvement Co. until such time as $4,000,000 should have been spent on the properties for improvements.

In December, 1906, control of the Rhode Island Securities Co. was acquired by the New York, New Haven & Hartford Railroad Co. and transferred to the Providence Securities Co. See statements of the latter.

VIRGINIA-CAROLINA CHEMICAL CO.

A corporation formed under the laws of New Jersey, September 12, 1895. The company was formed to consolidate Southern manufactories of fertilizers, sulphuric acid and kindred articles. It has acquired various establishments of this description from Baltimore, Md., to Florida, together with a large amount of phosphate lands in South Carolina, Tennessee, Florida and Arkansas being the largest owner of phosphate in the world. In February, 1901, it acquired control of the Charleston Mining & Manufacturing Co. It also acquired a number of cotton oil plants, and in 1901 bought a controlling interest in the Southern Cotton Oil Co., owning $9,995,000 of the latter's $10,000,000 of stock. The Texas properties of the Southern Cotton Oil Co. were sold in 1905 to the Fidelity Cotton Oil & Fertilizer Co. The company has an interest in the Einigkeit (Potash) Co.

This company also owns and operates large pyrites mines, producing a large portion of the pyrites used by it in manufacturing sulphuric acid, and in addition it has various foreign properties and interests.

In August, 1903, dividends on the common stock were suspended on account of the increase in the volume of its business, amounting to about 26 per cent., and the necessity of providing additional working capital.

In connection with the above action, it was announced that the company had made arrangements with a syndicate formed by J. P. Morgan & Co., New York, by which the latter would furnish $7,000,000, or such part thereof as should be needed for one year, at 6 per cent., with a commission, the loan to be made on the company's notes without security or collateral, all of which were paid in August, 1904.

Stock..Par $100..Authorized { com., $38,000,000 / pref., 20,000,000 } Issued { com., $27,984,400 / pref., 18,000,000 } $45,984,400

The preferred stock is 8 per cent., cumulative, and has a preference in any distribution of assets. The amount of the authorized share capital was in July, 1899, increased to $12,000,000 of each class, and in 1901 the common was increased to $38,000,000 in order to provide for the acquisition of the Southern Cotton Oil Co. and other properties. In May, 1904, the authorized preferred stock was increased from $12,000,000 to $20,000,000, and $6,000,000 of the increase was allotted to and subscribed for by the stockholders of both classes at par to pay off floating debt and provide additional working capital. The remaining $2,000,000 of unissued preferred can be issued only at the rate of $400,000 per annum, unless otherwise ordered by a vote of the stockholders.

Transfer Agent, New York Trust Co., New York. Registrar, Morton Trust Co., New York.

The payment of the regular quarterly dividends of 2 per cent. on the preferred stock of this company began January 15, 1896, and have since been paid each quarter, in January (15), April

July and October to March, 1908, inclusive, which was the fiftieth consecutive dividend paid on the stock.

The payment of 4 per cent. dividends on the common stock began December 1, 1896, and 1 per cent. was paid each quarter since, in March (1), June, September and December. The June, 1902, dividend was increased to 1¼ per cent., which was the regular rate until it was decided to suspend the September, 1903, dividend, and no dividends on the common have since been paid.

FUNDED DEBT

Collateral trust, 5 per cent., due Oct., 1912, April and Oct..... $5,000,000

The collateral trust bonds were issued in 1902 to provide working capital and pay for acquisitions. They are secured by $9,881,300 of Southern Cotton Oil stock and $2,219,200 stock of the Charleston Mining & Manufacturing Co. They are subject to call at 105 on any interest date, and beginning in 1904 have a sinking fund of $500,000 per annum at 102½ and interest.

VIRGINIA IRON, COAL & COKE CO.

A company formed under the laws of Virginia in February, 1899. The company is a consolidation under one ownership and management of the iron industries of Southwest Virginia. The properties included in the organization comprised ten modern blast furnaces having an aggregate productive capacity of 500,000 tons of pig iron per annum, and the lands and property of ten different coal and coke companies which include 130,000 acres of coal lands and five coal mines in active operation, with coking and mining plants and the complete equipment and accessories of such enterprises. The company also acquired about 60,000 acres of iron ore lands and mines with large deposits of limestone, being practically all the available and most valuable ore properties in the entire district.

In addition to the iron and coal properties the company controlled the Virginia & Southwestern Railway, which line connects its various properties owning $1,004,500 of the railway company's stock out of a total of $2,000,000, but in 1906 sold this stock to the Southern Railway Co., at $200 per share payable 25 per cent. June 15, 1906, and the balance in instalments of 12½ per cent. each in January and July until the whole is paid. See statement of the Virginia & Southwestern Railway Co., in the Railroad Section of the MANUAL.

The coal, ore and timber properties of the companies are in Washington, Smythe, Wythe, Pulaski, Wise, Dickinson, Russell, Carroll, Montgomery, Roanoke, Bedford and Augusta Counties, Va., and Johnson, Carter, Unicoi and Sullivan Counties, Tenn. In September, 1899, the company acquired additional coal and ore properties in Wise County, Va., and Allegheny and Craig Counties, Tenn. Its total lands comprise upwards of 75,000 acres.

FUNDED DEBT

1st mort., 5 per cent. gold, due March, 1949, March and Sept. (see below)..... $4,887,000

The 1st mortgage, Manhattan Trust Co., New York, trustee, is for $10,000,000.

There are outstanding $490,000 Carter Coal & Iron Co. 5 per cent. mortgage bonds., due 1938, subject to call at 105.

The March, 1901, coupons on the bonds were not paid, and in advance of the default Receivers were appointed for the company in February, 1901, by the United States Circuit Court in Virginia.

In September, 1902, a plan of readjustment was formulated by a committee which included Levi P. Morton, Edward J. Berwind, Grant B. Schley and Henry K. McHarg. It provided that the bondholders should deposit their bonds with the Morton Trust Co. and would receive amount of the March, 1901, and March, 1902, coupons in cash, but should accept 5 per cent. scrip payable before September, 1907, for the coupons due September, 1901, September, 1902, and September, 1903, which have since been paid off. The stockholders of the company were also given rights to subscribe for $2,000,000 5 per cent. bonds of the Virginia & Southwestern Railway Co., guaranteed by the Virginia Iron, Coal & Coke Co., with a bonus of $500 in stock for the railway with each $1,000 bond. The proceeds were to pay off loans and various indebtedness. The security holders generally co-operated in the plan, which was carried out, and the Receivers were discharged.

The report for the year ending June 30, 1904, stated that after payment of interest charges accrued during the year there was a deficit of about $30,000. In 1904-05, gross, $3,317,563; net, $516,512; charges, $426,838; surplus, $89,679. In 1905-06, gross, $5,088,293; net, $580,836; charges, $420,392; surplus, $160,444. A corporation formed under the laws of New Jersey, April 26, 1902. The company acquired the plant and property of the Vulcan Metal Refining Co. of Sewaren, N. J., and of the Vulcan Western Co. of Streator, Ill. The business of the company is the refining of metals and the reclamation of merchantable tin bars and steel from the scrap tin left from the manufacture of cans and tinware. It has plants at Sewaren, N. J., and Streator, Ill. In 1906, the Sewaren plant was enlarged.

Stock.....Par $100.....Authorized { com., $2,000,000 / pref., 1,500,000 } Issued { com., $2,000,000 / pref., 1,500,000 } $3,500,000

The preferred stock is 7 per cent., cumulative. Stock is transferred at the office of the company, New York. Registrar, Lawyers Title Insurance & Trust Co., New York.

The company began the payment of quarterly dividends on both the preferred and common stocks at the rate of 1¾ per cent. on the preferred and 1 per cent. on the common on July 20, 1902, and paid quarterly dividends of the same amounts until the dividend on the preferred stock, payable November 20, 1903, was reduced to 1 per cent. After that time there were no further dividends on the preferred until 1¼ per cent. was paid January 20, 1905, since which time they were paid at the same rate, or 5 per cent. per annum. On January 20, 1906, 1¾ per cent. regular and 1 per cent. extra were paid on the preferred, and similar amounts were paid in April, 1906. In July, 1906, paid 1¾ per cent. regular and ½ per cent. extra. The October, 1906, dividend was, however, 1¼ per cent. regular without an extra division, which was also the case with the dividend paid January 19, 1907, which was also the rate paid in April, July and October, 1907. The January, 1908, dividend was deferred making the accumulated unpaid dividend on the preferred 12½ per cent. Dividends on the common were suspended after the one paid in July, 1903.

WESTERN TELEPHONE & TELEGRAPH CO.

A corporation formed under the laws of New Jersey, January 22, 1902. The company was organized in pursuance of the reorganization of the Erie Telegraph & Telephone Co., which was a New York corporation formed in 1883, and which controlled an extensive system of exchanges and long-distance telephones under license from the American Bell Telephone Co. All the property and franchises of the Erie Telegraph & Telephone Co. were, in January, 1902, acquired by the present company. At the end of 1907, the company had in operation 401 exchanges with 254,318 stations, and 137,671 miles of toll wire. There were also 81,914 stations of sub-licensee companies connected with the system.

The American Telephone & Telegraph Co. owns a controlling interest in the stock of this company.

The principal assets of the present company consist of a controlling interest of the stocks and other securities of The Cleveland Telephone Co. of Ohio, The Northwestern Telephone Exchange Co. of Minnesota, The Southwestern Telegraph & Telephone Co. and the Wisconsin Telephone Co. of Wisconsin, operating in the States of Ohio, Minnesota, North Dakota, South Dakota, Arkansas, Texas and Wisconsin.

Details regarding the old company and a synopsis of the reorganization are given in the MANUAL for 1903.

WESTERN UNION TELEGRAPH CO.

A corporation chartered by the State of New York. The company, in 1856, succeeded another organization entitled the New York & Mississippi Valley Printing Telegraph Co., chartered in 1851.

Stock.....Par $100.....Authorized, $125,000,000.....Issued, $98,557,731

In October, 1892, the authorized share capital was increased from $86,199,852 to $100,000,000, and a stock dividend of 10 per cent. upon the former amount (the capital then outstanding) was authorized to represent net earnings invested in plant. The stock dividend was made payable December 3, 1892. In July, 1894, $550,000 new stock was issued to pay for the stock of the American Rapid Telegraph Co., theretofore operated under lease, and in June, 1897, $2,000,000 stock was sold for improvements. In 1906, the authorized stock was increased from $100,000,000 to $125,000,000 to provide for the conversion of the convertible bonds.

In January, 1908, the outstanding stock was increased from $97,340,606 to $98,557,731 on account of the stock dividend. See below.

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

From 1887 the company has paid dividends of 5 per cent. per annum in quarterly payments of 1¼ per cent. each, in January (15), April, July and October. The January, 1908, dividend was however made payable in stock and the same course was adopted regarding the April, 1908, dividend.

The company guarantees also 5 per cent. on the $14,000,000 of stock of the American Telegraph & Cable Co., 6 per cent. upon the $5,000,000 of the Gold & Stock Telegraph Co., 6 per cent. on the $3,000,000 stock of the International Ocean Telegraph Co., 6 per cent. on the stock ($2,500,000) and 4½ per cent. on the bonds of the Northwestern Telegraph Co. and 5 per cent. on the stock of the Southern & Atlantic Telegraph Co. The company owns $8,615,000 of stocks and bonds of leased companies, which are held in its collateral trust, and $14,138,480 of stocks of other companies not leased. It has an interest of $9,733,100 in the stock of the New York Telephone Co.

In October, 1887, this company purchased the entire capital stock of the Baltimore & Ohio Telegraph Co. (38,750 shares) for 50,000 shares of Western Union stock, and a rental of $60,000 per year to be paid to the Baltimore & Ohio Railroad Co. for fifty years for the use of the railroad wires. In 1888 the issue of collateral trust bonds was created, to be used in retiring an equal amount of securities of leased companies on which Western Union Co. paid rental.

The 4½ per cent. funding and real estate bonds were authorized and issued in 1900. The total authorized issue is $20,000,000, of which $5,681,000 were to retire the 7 per cent. and 6 per cent. debentures maturing 1900, $2,076,501 to pay for new property and construction, and $2,242,499 to be issued for like purposes in the future. The remaining $10,000,000 was reserved to take up the $1,158,000 building bonds and for extensions and improvements. In 1904, the final $4,000,000 of the latter amount was sold.

In 1906, an issue of redeemable bonds was authorized for $25,000,000, the same to be subject to call at 105 on May 1, 1912, or any subsequent interest date, to be issued in series which may be made convertible. The series A of these bonds for $10,000,000 is secured by the company's interest in the stock of the New York Telephone Co. and are convertible in Western Union stock at par between January 2, 1909, and January 2, 1919, and within that time up to 30 days prior to the date of redemption if called.

THE WESTINGHOUSE AIR BRAKE CO.

A corporation formed under the laws of Pennsylvania, September, 28, 1869. The object of the company is the manufacture of air brakes for railroad locomotives and cars and similar appliances. The company owns the patents of George Westinghouse and others for that class of mechanisms. It has a large plant at Wilmerding, near Pittsburg.

Stock.....Par $50..... ...Authorized, $14,000,000 .....Issued, $13,750,000

In November, 1898, acquired the stock of the American Brake Co. which had been leased to this company. The stock of the American company was $2,000,000. To acquire it the Westinghouse gave two of its own shares for each three shares, par value $100, of the American Brake Co. This required about $666,000 of Westinghouse stock. In the autumn of 1898 this company also acquired the property and works of the Boyden Air Brake Co. of Baltimore. These acquisitions increased the stock outstanding to the amount given above.

Transfer Agent, Union Trust Co., Pittsburg. Registrar, Fidelity Title & Trust Co., Pittsburg.

Dividends are paid quarterly, in January (10), April, July and October. On the old stock 20 per cent. per annum was paid. In 1899, paid 25 per cent., 5 per cent. quarterly and 5 per cent. extra on increased capital. In 1900, paid 30 per cent., 2½ per cent. quarterly and 5 per cent. extra. The January, 1901, dividend, however, was 2½ per cent. and 3½ per cent. extra, and the quarterly dividends continued to be on that basis until April, 1904, when the extra dividend was reduced from 3½ per cent. to 2½ per cent. The subsequent quarterly dividends have been 5 per cent. each, but in October, 1906, 2½ per cent. extra was paid in addition. In January, 1908, a stock dividend of 25 per cent. was paid.

WESTINGHOUSE ELECTRIC & MANUFACTURING CO.

A corporation formed under the laws of Pennsylvania in 1872. The company manufactures electric apparatus and appliances for lighting and power plants, electric locomotives, motors for industrial uses, etc. It has a plant at Pittsburg, and branches at Cleveland, Newark, N. J., and Allegheny, Pa.

In 1899, the British Westinghouse Electric & Manufacturing Co. was incorporated with £1,000,000 preference 6 per cent. stock and £750,000 ordinary stock. The American company acquired all the common stock as a consideration for the right to use its patents in Great Britain and its dependencies, except in North America. The British company has a large plant at Trafford Park, Manchester, England.

The company, in addition to its other foreign interests, has a large interest in the Societe Anonyme Westinghouse, a French corporation having a share capital of 20,000,000 francs, and which was organized jointly by this company and the Westinghouse Air-Brake Co. to manufacture electrical and air-brake apparatus for France and other Continental European countries.

In October, 1903, the Canadian Westinghouse Co., Limited, was organized. See statement of that company.

On October 23, 1907, Receivers were appointed for this company. It was stated that the embarassment of the Security Investment Co., with which the company had close relations, necessitated this step.

In December, 1907, a reorganization committee was formed; James N. Jarvie, New York, Chairman; A. Stickney, Jr., Secretary, 54 Wall Street, New York. The committee on January 20, 1908, submitted a plan to fund the 5 per cent. debentures and convertible 5 per cent. bonds, together with the floating debt (about $14,531,000), through an issue of $35,000,000, 1st mortgage and collateral trust, 5 per cent., 25-year bonds, and to exchange the debt secured by collateral, consisting of $6,000,000, three-year 6 per cent. notes and $2,750,000, ten-year 5 per cent. collateral notes (French loans), for new secured obligations, and to issue $7,000,000 new stock to be subscribed for by the stockholders to the extent of 25 per cent. of their holdings. Deposits of the securities affected were called for to be made with the Bankers Trust Co., New York, the First Trust & Savings Bank, Chicago, or the First National Bank, Pittsburg. In April, 1908, a committee of mercantile creditors of the company, Joseph W. Marsh, Pittsburg, Chairman, proposed a modified plan under which there would be no new bond issue. It provided that the creditors should accept full paid assenting stock for their claims, that the other claims should be provided for by the issue of additional convertible 5 per cent. bonds and that the stocks holders should subscribe for $6,000,000 new stock for working capital.

The preferred stock is 7 per cent., cumulative, and participates with the common in further division of profits when the latter has received 7 per cent.

In May, 1903, $4,500,000 additional common stock was issued, the stockholders having the right to subscribe for the same at $80 per share to the extent of 25 per cent. of their original holdings. In August, 1904, the remaining $2,469,550 of common was issued and sold on the same terms. In March, 1906, the authorized common stock was increased from $21,000,000 to $46,000,000 to provide for the conversion of the convertible bonds and future capital requirements.

Transfer Agents, Union Trust Co., Pittsburg; New England Trust Co., Boston, and office of the company, New York. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Boston Safe Deposit & Trust Co., Boston.

The company has paid 7 per cent. on its preferred stock since 1892, the dividends being 1¾ per cent. quarterly, in January, April, July and October. In May, 1903, the preferred dividend was increased to 2½ per cent., or 10 per cent. per annum, and subsequent dividends have been on that basis. On the common stock the first dividend was 1¾ per cent. quarterly, February 20, 1900. The May 1, 1900, quarterly dividend on common was increased to 1¾ per cent., and similar dividends were paid on the common to May, 1901, inclusive. The August, 1901, quarterly dividend on the common was increased to 1¾ per cent., which was the rate of the subsequent dividends until July, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum, the dividend periods on the common being also changed to January, April, July and October. Subsequent dividends were at the same rate up to October, 1907, inclusive.

FUNDED DEBT

Debentures, 5 per cent., due 1913, Jan. and July	$1,969,000
Convertible sinking fund mort., 5 per cent., due Jan., 1931, Jan. and July	18,500,000

Ten year col. notes, 5 per cent. (French loan), due Oct., 1917, April and Oct	2,750,000
Total	$29,219,000

In August, 1898, the 5 per cent. debentures were authorized and issued. Part of the issue was used to retire old bonds and part to acquire the Walker Co., of Cleveland. Beginning in 1900, $150,000 of the debentures are retired each year.

The convertible 5 per cent. bonds are $20,000,000 authorized and are exchangeable for "assenting" common stock at 200 for the latter after January 1, 1910, at the holders' option and may be redeemed by the company on any interest date after January 1, 1912, at 105 and interest. A sinking fund of $500,000 yearly begins December 31, 1907, bonds to be purchased at 105 and interest. Stockholders of record February 5, 1906, had the right to subscribe for the bonds at 98 and interest to the extent of 60 per cent. of their holdings.

The three-year 6 per cent. notes issued in 1907, could be called as par on any interest date with an allowance of interest at 2 per cent., for the unexpired portion of their term.

The ten-year 5 per cent. notes are payable in sterling and francs, and are secured by debentures of the Russian, French and Canadian Westinghouse Cos. They could be called at 105 on any interest date, from October 1, 1908, to October 1, 1912, and after that at 102½.

GOVERNMENT SECURITIES

Details of the National Debts and Funded Obligations of the United States and of the Principal Foreign Countries whose Bonds are Known in the American Markets

Covering Aggregate Debts and the Separate Bond Issues of the Several Countries

THE UNITED STATES OF AMERICA

The figures given below as the amount of each class of United States bonds outstanding are taken from the Debt Statement issued by the Treasury Department as of February 29, 1908.

NATIONAL DEBT

Consols of 1930, 2 per cent., due April 1, 1930, quarterly, Jan.	$646,250,150
War Loan of 1908–1918, 3 per cent., due Aug. 1, 1918, quarterly, Feb.	63,945,460
Loan of 1925, 4 per cent., due Feb. 1, 1925, quarterly, Feb.	118,489,900
Panama Canal Loan, 2 per cent., due Nov. 1, 1916, quarterly, Feb.	54,631,980
Ctfs. of indebtedness, 3 per cent., due Nov. 20, 1909, interest paid at redemption.	15,436,500
Total	$898,753,990

In addition to the above there was outstanding February 29, 1908, of the old debt, which matured prior to January 1, 1861, $931,225, interest on which has ceased; $24,500 of the funded loan, which matured September 2, 1891; $32,000 of the funded loan of 1891, continued at 2 per cent. and called for redemption May 18, 1900, interest having ceased August 18, 1900; $74,900 of the 5 per cent. loan, which matured February 2, 1904, and on which interest has ceased, and $3,805,850 of the 4 per cent. funded loan, which matured July 2, 1907, at which date interest ceased.

The 2 per cent. consols of 1930 were authorized by the Act of March 3, 1900, known as the Currency and Refunding Act. Of the bonds of this issue $646,250,150 are registered and $5,376,400 coupon. The bonds outstanding were issued in exchange for 3s of 1908, 4s of 1907 and 5s of 1904, under the provisions of the Act named above and the terms designated by the Treasury Department in a circular dated March 14, 1900. The Act provided that the old bonds named above should be exchangeable for new 2s, provision being made for the payment in cash to holders of the old bonds, making the exchange of the difference between their par value and their value computed on a basis to yield 2¼ per cent. per annum. The right to exchange the old bonds was suspended by the Treasury Department, under Section 11 of the Act, on December 31, 1900, but has been resumed from time to time, the latest occasion being under a circular of the Secretary of the Treasury issued April 2, 1907, whereby holders of the 4 per cents of 1907, up to $50,000,000 thereof, were given the privilege on and after April 5, 1907, of exchanging the same for 2 per cents on a basis to yield 2¼ per cent. with a premium of 3 per cent. for the 2 per cent. bonds. Under the terms of the Act of March 14, 1900, the Secretary of the Treasury may change the terms of exchange by requiring a premium upon the 2 per cents, or requiring

holders of old bonds to surrender the same in exchange for the new issue at a value to yield more than 2¼ per cent. These bonds are in denominations as follows: Coupon, $50, $100, $500 and $1,000; registered $50, $100, $500, $1,000, $5,000, $10,000 and $50,000.

The 3 per cent. War Loan of 1908–1918 was authorized by the Act of June 13, 1898. The bonds were created and issued to provide for the expenditure caused by the Spanish War. Of the bonds of this issue $39,919,500 are registered and $24,025,960 coupon. They are redeemable after August 1, 1908, at the Government's option. The bonds were placed by a public subscription under a Treasury circular dated June 13, 1898, the subscription, which closed July 14, 1900, aggregating $1,325,000,000. Preference in the allotment was given to the small individual subscriptions. These bonds, both coupon and registered, were issued in denominations of $20, $100, $500 and $1,000, and also in registered denominations of $5,000 and $10,000.

The 4 per cent. Loan of 1925 was authorized by the Act of January 14, 1875, Resumption Act, and Section 3,700 of the Revised Statutes of the United States, Act of March 17, 1862, the latter empowering the Secretary of the Treasury to purchase coin with bonds or notes of the United States. These bonds were issued to replenish the Treasury's gold reserve. Of the bonds outstanding, $96,951,100 are registered and $21,538,800 coupons. These bonds are issued in denominations of $50, $100, $500, $1,000, $5,000 and $10,000 registered and $50, $100, $500 and $1,000 coupon.

The Panama Canal 2 per cent. loan was authorized by the Acts of June 28, 1905, and December 21, 1905, the amount authorized being $130,000,000, and the bonds are redeemable at the pleasure of the United States after ten years from date of issue. Bonds can be coupon or registered and may be issued in denominations of $20 or multiples thereof. On July 20, 1906, $30,000,000 thereof were issued. Under date of November 18, 1907, the Secretary of the Treasury offered for subscription $50,000,000 additional bonds of this issue as a measure of relief to the Treasury and the money market. Under the offer $24,631,980 of the bonds were subscribed for.

The one year 3 per cent. certificates of indebtedness were authorized by Section 32 of the Act of June 13, 1898. They were offered for subscription at par by a circular of the Secretary of the Treasury dated November 18, 1907, their purpose being to meet public expenditures without a withdrawal of Government deposits from the national banks. The total amount offered was $100,000,000, but only $15,436,500 were subscribed for. The certificates are dated November 20, 1907, and are due November 20, 1908, and are in denominations of $50 each, payable to bearer. The interest is payable with the principal on presentation of certificates for redemption at maturity.

UNITED STATES OF MEXICO

A Federal Republic consisting of 27 States, 2 Territories and a Federal District. Currency standard, silver. The Mexican peso or dollar is 417.79 grains of silver of the fineness of .902.7. Nominal equivalent in United States currency, 98 cents.

External Debt

Consolidated external gold loan, 5 per cent., quarterly, Jan., April, July and Oct...	$103,846,745
4 per cent. gold bonds of 1904 due Dec., 1954, June and Dec.....	39,180,000
Total.....	$143,026,745

There are also various internal loans payable, interest and principal, in silver, amounting to a par value of upwards of $150,000,000.

The Mexican consolidated external 5 per cent. gold loan of 1899 was created to refund and retire outstanding 6 per cent. and 5 per cent. gold bonds aggregating £16,283,000. A majority of the old bonds were exchanged for the new 5s, the balance being called and paid off.

The principal of the 5 per cent. gold loan was £22,700,000, agreed equivalent in United States currency at $4.85 to the £, or $110,095,000; in German marks, 463,000,000. The bonds are coupon, to bearer, and are without provision for registration. The amount outstanding in March, 1906, was £21,805,460, equivalent to $105,756,481. The amount outstanding in April, 1908, was £21,411,700, equivalent to $103,846,745. They are issued in fixed denominations of £20, £100, £200, £500 and £1,000, or $97, $485, $970, $2,425 and $4,850, respectively, in United States gold coin of the present standard, also in German marks. Coupons are payable quarterly on January (1) April, July and October. Each quarterly coupon of the £200 bonds calls for £2 10s., $12.12½, or 51 marks. Coupons on bonds of the other denominations are in proportion to these amounts. Coupons are payable at holder's option either in London by J. S. Morgan & Co.; in New York by J. P. Morgan & Co.; in Berlin by S. Bleichroder or the Deutsche Bank, and in Amsterdam. The first coupon matured April 1, 1900.

No period is fixed for the maturity of these bonds. The Mexican Government, however, obligates itself to pay from January 1, 1900, a semi-annual sinking fund of 0.31 per cent. of the original amount of the loan. By the operation of the sinking fund it is calculated that the entire

issue will be retired within forty-five years. Bonds may be purchased for the sinking fund at below par or drawn and retired at par. After July, 1909, the Mexican Government has the right to increase the sinking fund payments or to pay off the loan at par on three months' notice. The bonds and coupons are free from any existing or future Mexican tax. Bonds drawn for the sinking fund are payable at holder's option by any of the firms named above as agents for the payment of coupons at the fixed equivalent amounts in the currencies of the respective countries. As security for the interest and sinking fund the Mexican Government pledged 62 per cent. of its combined import and export duties.

Fiscal Agents of Mexico in the United States for the 5 per cent. consolidated external gold loan, J. P. Morgan & Co., New York.

The 4 per cent. gold bonds of 1904 were $40,000,000 in amount, divided into two series A and B respectively. The issue was created to pay off $18,500,000 of 4½ gold treasury notes due June 1, 1905, and June 1, 1906, which were called for redemption Feb. 1, 1905; $15,123,000 6 per cent. silver subvention bonds for the Vera Cruz & Pacific Railway and the Mexican Southern Railway and certain amounts of special silver obligations issued for the construction of various railways and harbors. Principal and interest are payable in New York in United States gold coin at the office of Speyer & Co., or, at the holder's option, in London, at the rate of $4.86 per pound sterling, or in Frankfort or Berlin at the rate of 4.20 marks per dollar, or in Paris at the rate of 5.18 francs per dollar. The bonds are in the denominations of $1,000 and $500 United States gold coin or the equivalents in foreign currencies. They are dated December 1, 1904, mature December 1, 1954, and have coupons attached payable June 1st and December 1st. The bonds are to be always exempt, both as to principal and interest, from all Mexican taxes already established, or that may in future be established by any authority. A semi-annual sinking fund provides for the gradual retirement of the bonds in fifty years. During the first five years bonds are to be drawn for redemption at par; after that time bonds will be purchased in the market, if the market price be below par; otherwise they will be drawn at par. Except by the operation of this sinking fund the bonds are not subject to compulsory retirement.

The Mexican Government has guaranteed by indorsement an issue of $7,000,000 1st mortgage 4½ per cent. bonds, due July, 1934, interest January and July, of the Vera Cruz and Pacific Railway Co. See statement of that company in the Railroad Section of the MANUAL

On April 6, 1908, it was announced that the Mexican Government would guarantee by indorsement both interest and principal of an issue of $160,000,000 in United States gold 4½ per cent. general mortgage sinking fund redeemable bonds of the Ferrocarriles Nacionales de Mexico (National Railways of Mexico), the company organized to consolidate the Mexican Central Railway Co., Limited, and the National Railroad Co. of Mexico. The plan for this merger provides that the Government shall control the new company by ownership of its common stock. The general mortgage bonds are due October 1, 1977, interest payable April 1 and October 1. They are redeemable at par and interest on any interest date after April 1, 1927. The plan for the above consolidation was issued too late for inclusion of details in the statements of the Mexican Central Railway Co. or the National Railroad Co. of Mexico in the Railroad Section of this edition of the MANUAL.

REPUBLIC OF CUBA

EXTERNAL DEBT

External debt, 5 per cent. gold bonds, due March, 1944, March and Sept.....$35,000,000

The 5 per cent. gold bonds of 1904–1944 were issued in conformity of a law passed by the Congress of Cuba, February 22, 1903, as amended January 25, 1904. By this law the President of the Republic was authorized to issue a 5 per cent. loan in gold, in money of the United States or in sterling, at the rate of $4.86 for each £. The coupons and bonds are payable at the option of the holder in New York in United States gold coin; in London in pounds sterling; in Frankfort and Berlin in reichsmarks, and in Paris in francs. The Republic of Cuba pledges its good faith for the payment of the bonds and the principal thereof, the law authorizing the loan having created special taxes upon wines, liquors, tobacco and other articles, which taxes shall remain in force during the life of the loan or any part of it. Under the contract between the Government of Cuba and Speyer & Co., New York, for the sale of the bonds to that house, dated May 11, 1904, the Government furthermore, as special security for the loan, pledged, with preference over any future pledges or hypothecations, 15 per cent. of the customs receipts of the Republic, a sum equal to which is to be paid weekly to Speyer & Co. in New York, or their agents in Havana, until the amounts received by them are equal to the amount required for the annual charges for the year then current for interest and sinking fund payments. If the 15 per cent. of the customs receipts shall prove insufficient, the Cuban Government agrees to set aside and pledge such an additional amount of the customs receipts as will in eleven months produce the requisite amount.

There is to be a sinking fund for the redemption of the bonds, which shall begin March 1, 1910, and shall consist of $1,020,000 per annum, to be paid to Speyer & Co. in monthly instal-

ments of $85,000 each. These amounts shall be applied to the purchase of bonds if obtainable at or below par and accrued interest; otherwise bonds will be drawn by lot for redemption at par and interest.

Coupon bonds may be exchanged at the office of Speyer & Co., New York, for registered bonds. Principal and interest of the registered bonds are payable only in United States money at New York, and such registered bonds may be re-exchanged for coupon bonds.

The Republic of Cuba also has various internal loans incurred since the formation of the present government of the island.

THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND

The figures given below as the amount of each class of British public funds outstanding, except the terminable annuities, were as of April 1, 1908. The British pound sterling consists of 123.27 grains of gold .916⅔ fine, the equivalent of £1 in United States currency being $4.86⅔.

NATIONAL DEBT

Consols, 2½ per cent., due April, 1923, quarterly, Jan. (5), April, July and Oct....	£584,274,357

" " 2¾ p. c., redeemable 1908-15, quar., Jan. (18), April, July and Oct.	8,000,000
Total	£711,435,192

There are, in addition to the above, local loan stocks created under authority of Act of Parliament and administered by the Commissioners of the National Debt which amount to £71,058,813.

The 2½ per cent. consols were created in 1888 to refund previous issues. They bore 2¾ per cent. until April, 1903, and 2½ per cent. thereafter, but after 1923 may be redeemed at any time at par, as Parliament may decide. Interest is payable quarterly, January (5) April, July and October at the Bank of England. The consols are "inscribed stock," that is, registered, or bonds to bearer.

In April, 1901, £60,000,000 of consols were issued to provide for the cost of the South African war. The issue price was 94½, and subscriptions were invited in the United States through J. P. Morgan & Co., New York; Baring, Magoun & Co., New York; Drexel & Co., Philadelphia, and Kidder, Peabody & Co., Boston. The American subscriptions aggregated about half the amount of the loan, and allotments of 35 per cent. were made thereon.

The 2¾ per cent. annuity stock was issued in 1884 to refund 3 per cent. consols. After January, 1905, it may be redeemed as Parliament shall decide. Interest is payable quarterly, January (5), April, July and October, at the Bank of England. The stock is either "inscribed" or in the form of coupon bonds to bearer.

The 2½ per cent. annuity stock was created in 1853, and various amounts have been issued to refund old obligations. The stock matured in 1895, but was extended to January, 1905, after which it may be redeemed on one month's notice, as Parliament decides. Interest is payable quarterly, January (5), April, July and October, at the Bank of England.

The 2¾ per cent. national war loan ("Kakhi loan") of £30,000,000 was created in 1900 to provide for the expense of the war in South Africa. The stock matures April 5, 1910. Interest is payable January (5), April, July and October, at the Bank of England. The stock is "inscribed" or in the form of coupon bonds to bearer. It was issued in denominations of £100, £200, £500 and £1,000. The loan was offered for subscription in March, 1900, at 98½, and considerable allotments were made to American subscribers for the same.

The terminable annuities given in above table represent a description of sinking fund by which a considerable portion of the British national debt is paid off, and, after a certain time, the capitalized sum entirely extinguished. Under various Acts of Parliament, the treasury is empowered to grant annuities for a term of years in exchange for permanent stock. A holder of £1,000 of 2½ per cent. consols, for example, can surrender them to the Treasury in return for a fixed payment for a term of twenty years, the consols being canceled by the operation.

Interest upon the various classes of British funded obligations is subject to the regular income tax of 5 per cent., which is deducted from the coupons at the time of payment thereof.

The British Imperial Government guarantees a Transvaal Government 3 per cent. loan of £35,000,000, redeemable 1923-1953, interest May (1) and November, which was created in 1903 to provide the funds required for the carrying out of the pacification of the Transvaal. The loan is redeemable after 1923, and becomes due in 1953.

IMPERIAL JAPANESE GOVERNMENT

The currency of Japan is gold standard, the yen of that country consisting of 100 sen, and weighing 25.72 grains of gold, 900-1,000 fine. Its value is 99.7 cents.

NATIONAL DEBT	Yen

Sterling loan of 1907, 5 per cent. due March 12, 1947, March (12) and Sept	23,000,000

The Imperial sterling 4 per cent. loan was created in 1900 and is for £10,000,000. It was issued for railways and public works. Interest and principal are payable in London.

The 4½ per cent. sterling bonds were created in March, 1905, and were offered for subscription in London and New York, one-half of the amount being allotted to each city. The bonds are in coupon form in denominations of £100, £200 and £500. Interest and principal are payable in sterling at London at the office of the Yokohama Specie Bank, Limited, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. This loan is repayable at par, February 15, 1925, but the Japanese Government reserves the right to redeem at par all or any of the bonds on or at any time after February 15, 1910, on giving six months' previous notice, partial redemption to be effected by drawings at the office of the Yokohama Specie Bank, Limited, London, and the New York agency of the same bank, in the usual manner. The loan is secured both as to principal and interest by a first charge upon the annual net revenues of the Imperial Japanese Government Tobacco Monopoly. The Imperial Japanese Government has the exclusive right to control the cultivation and production of the leaf, and to purchase, import, manufacture and sell tobacco. It thus possesses the entire monopoly of the tobacco trade within the limits of the Japanese Empire. The estimated net revenue for the fiscal year 1905-06 from this source was 32,011,072 yen, which, at the exchange of two shillings and halfpenny per yen, is equal to £3,267,796 18s. 8d.

The 4 per cent. sterling loan of 1905 was offered in November, 1905, for subscription in London, New York, Paris and Berlin, £3,250,000 being allotted to New York; Kuhn, Loeb & Co., New York; the National City Bank, New York, and the National Bank of Commerce, New York, offering the same for subscription in November, 1906, at 87 and interest. The authorized amount of the loan is £50,000,000, the unissued balance of £25,000,000 being reserved to convert or redeem the two series of 6 per cent. sterling bonds. The bonds are in coupon form, in denominations of £10, £20, £100, and £200. Interest is payable in sterling at the office of the Yokohama Specie Bank, Limited, London, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. Interest is also payable at Paris, through De Rothschild Freres, and at Berlin, through the Deutsch-Asiatische Bank. The loan is divided into series of £1,000,000 each and is redeemable at par on January 1, 1931, but the Japanese Government reserves the right to redeem at par all or any of the series of bonds on or at any time after January 1, 1921, on giving six months' previous notice; partial redemption to be effected by drawings of complete series in the usual manner at the office of the Yokohama Specie Bank, Limited, London, and notice of the distinctive number or numbers of series drawn will be given by advertisement in two newspapers in each place where the coupons are payable.

The 5 per cent. sterling loan was created in March, 1907, to retire the two series of Imperial Japanese 6 per cent. bonds which under the terms of their issue could be redeemed after April 5, 1907, and were called for redemption Sept. 10, 1907. The new 5 per cents were offered for subscription under date of March 9, 1907, £11,500,000 being offered in Paris, and £11,500,000 in London and in New York and other American cities at 99½, payable £8 per cent. on application, £15 per cent. on allotment, £20 per cent. on April 29, 1907, £20 per cent. on May 28, 1907, £20 per cent. on June 20, 1907, and £19 10s. per cent. on July 20, 1907. Subscriptions in full in cash were offered a discount at 3 per cent. per annum. It was announced that holders of the Imperial Japanese 6 per cent. sterling loans who desired to pay in full in such bonds would receive favorable consideration. All subscribers of that class were to receive for each £100 of the 6 per cent. bonds £100 in full paid scrip for the new 5's with a cash payment of £1 10s.

The 5 per cent. bonds are repayable at par March 12, 1947, but the Japanese Government reserved the right to redeem them at par in whole or in part after March 12, 1922, on six months notice. Bonds are in denominations of £20, £100 and £200, divided into 46 series of £500,000 each. Bonds and coupons are payable at the Yokohama Specie Bank, Limited, London, or at its agency in New York. In the latter case such payments are to be in American money at the current rate of exchange in London on the due dates. A full half yearly coupon for £2 10s. was to be attached to the Scrip certificates issued in the first instance.

The 6 per cent. sterling loan, first and second series, each for £10,000,000, which were issued in 1904 and 1905, respectively, and subscribed for at London and New York, were called and retired on September 10, 1907.
